

# THE O. A. C. BAROMETER

VOL. XXII.

OREGON AGRICULTURAL COLLEGE, CORVALLIS, OREGON, TUESDAY, NOVEMBER 9, 1915.

No. 14.

## IDAHO ELEVEN EASILY BEATEN

### NORTHERNERS OFFER LITTLE RESISTANCE TO STRONG BEAVER ATTACK.

#### U. of Idaho Team Fell Far Short of Expectations. Old Style Football Used Altogether.

Outplaying the University of Idaho eleven in every department of the game, the Orange and Black team rolled up a total of forty points and held the Gem Staters scoreless.

Dr. Stewart's machine played only line bucks and end runs in their offense and these tactics proved entirely successful as the black-jerseyed backfield men seldom were stopped for less than a three yard gain and repeated runs of fifteen or twenty yards were reeled off.

The only factor that saved Idaho from having several more touchdowns registered against her was the heavy rain falling at the beginning of the second half which caused a slowing up of the Orange and Black and numerous fumbles.

Four times after the sixth touchdown was scored the Beavers worked the pigskin within striking distance of the goal, only to lose it on a fumble or penalty.

The first touchdown came in less than a minute after Referee Boleske blew the opening whistle. Laythe kicked off to Thompson who ran back 15 yards and fumbled, Laythe recovering the ball, Abraham went TEN—BAROMETER

through tackle for 15 yards on the first play. Newman added 10 more. Locey was stopped for no gain, but on the next play Newman carried the ball over the line. Cole kicked goal.

Soon after the next kickoff Cole tried a placement from the 43-yard line which only went wide one yard. Play went up and down the field with the ball mostly in Idaho's territory for the remainder of the period.

It took just two plays in the second quarter to have Allen put over the second touchdown, which Cole augmented by a kicked goal. The Beaver scoring machine kept on the job and scored once more in the first half with Newman carrying the ball over the line.

The second half was a repetition of the first. Billie, who was called back from end, scored twice and Locey took it across the other time. Two of the attempts for goals were successful, bringing the total score to forty points.

All the members of the Beaver eleven seemed to show lots of fight and ability and individual stars would be hard to choose. For Idaho the reverse was true, with the Northerners playing rather dispiritedly. Ross, Morrison and Hayes showing to best advantage.

The lineup:

O. A. C. Idaho.  
Schuster . . . L.E.R. . . . Dewald  
Hofer . . . L.T.R. . . . West  
Anderson . . . L.G.R. . . . Carnahan  
Yeager . . . C. . . . Hayes  
Cole . . . R.G.L. . . . Jackson  
Laythe . . . R.T.L. . . . Brown  
Billie . . . R.E.L. . . . Gerlough  
Abraham . . . L.H.R. . . . Ross  
Allen . . . R.H.L. . . . Thompson  
Locey . . . L.F.Q. . . . Morrison  
Newman . . . R.F.F. . . . Lommison

Referee, Boleske; Umpire, Philbrook; Head Linesman, Walker.  
Substitutions, Bissett for Billie, Billie for Locey, Groniger for Jackson, Smythe for Cole, Thompson for Anderson, Brooke for Hofer, Hoerline for Newman, Evans for Dewald, Moist for Schuster, Dingle for West, A. Anderson for Laythe, King for Brooke.

Touchdowns, Newman 2, Billie 2, Allen, Locey. Goals from touchdowns, Cole 3, Billie 1.

### DR. HINSON TO SPEAK.

Dr. Hinson of Portland, minister of the First Baptist church, will speak today in the lobby of Shepard Hall at 7:15 p. m., to both men and women. His subject, "Be a Man," is one which is of vital interest to all.

All Miners out tonight. Important business. Mines Building, 7:30 p. m.

## OREGON BUTTER MAKERS WILL MEET AT O. A. C.

### O. G. Simpson Planning Good Program for Annual Meeting During Farmers' Week Here.

At its annual meeting held in Salem on October 23, the Oregon Butter and Cheese Makers Association decided to meet at the Oregon Agricultural College during Farmers' Week, January 3-8. Secretary O. G. Simpson who has charge of the arrangements for the meeting promises a strong program, with a notable speaker on butter making and another on cheese making. He is making efforts to secure Professor Storwick, the butter making expert of the city of Chicago. Professor Storwick would be an unusual attraction on the program.

Exhibitions, contests and demonstrations will be features of the meeting. An innovation in judging the butter and cheese making contests will be instituted, in that the methods and skill of the maker, as well as the products, will be scored.

## GLEE CLUB TO TRAVEL

### THE GUESTS OF LAND PRODUCTS SHOW. FEATURE OF COLLEGE DAY PROGRAM.

#### Program Replete With Stunts and Songs. Club Quartet Composed of New Men.

The Glee Club will take the first trip of the season going to Portland, to be guests of the Land Products Show and the Chamber of Commerce. The club will have their expenses paid by the Land Show management and will be quartered at the Imperial hotel. They will leave Wednesday morning, returning Thursday evening. As guests of the Ad Club for luncheon, the boys will show their appreciation of the club's hospitality by a few informal selections.

They will take part in the parade which is to be composed of alumni of all the colleges of the Northwest. The day will be College Day at the Land Products Show and it shows the opinion of our musical organization since they have been requested to sing. Dinner will be at the Commercial Club.

Two concerts will be given by the club. The one to be given in the afternoon will be at the Armory and for one hour. In the evening the boys will appear at the same place. The boys will endeavor to give a program replete with snappy college songs and stunts. One number to be featured will be the medley on, "I Want to Go Back," in remembrance of the O. A. C. and M. A. C. game. Two vocal solos will be given, one by Jonassen and one by Trillee. Knight will play a piano solo.

The Glee Club quartet has at last been chosen. Those who are the fortunate ones are: First tenor, McCollum; second tenor, Olsen; baritone, Tulley, and bass, Miller.

The personnel of the club is quite different than that of last year. Last year there were a number of seniors in the club and this year a number of freshmen have taken their places. Those in the club this year are: First tenors, Coldwell, McCollum, Brown and Hulbert; second tenors, Firestone, Porter Martin, Wilcox, Olsen and Mensinger. The baritones this year are: Tulley, McMinn, Brandes, Jonassen and Van Couvering. For the basses there are Arens, Harvey, Miller, Wallace, Martin and Dunbar Pinckney.

The officers of the club this year are Martin Van Couvering, president; Dunbar Pinckney, vice-president; Michelbrook, manager and Porter Martin treasurer. The club picture has been taken and will head their display cards as of last year.

Professor William Frederic Gaskins, director of the club, is pleased with the progress to date and the club is working hard in preparation for their long tour in Eastern Oregon which will take place this winter.

Professor Dearborn was a dinner guest of the Osoilto Club Sunday.

## RULINGS TO BE PUT TO VOTE

### LAST READING OF AMENDMENTS WILL COME BEFORE STUDENTS WEDNESDAY.

#### Still Another Important Set of Rulings to Come Up for Their Initial Reading.

A student body meeting will be held at the regular hour, tomorrow noon, in the women's gymnasium. At this meeting the constitutional amendments which were voted upon at their first reading two weeks ago will be re-read and formally voted upon. This will constitute the final reading of these amendments and immediately upon their acceptance they will go into effect.

There are three articles left over from the last meeting which will be read for the first time. They refer to regulations in regard to the management of the lyceum course, the department of oratory and debate, and student discipline. The latter embodies certain regulations for freshmen, as outlined by the student council, rules regarding their enforcement, and other disciplinary measures.

All necessary arrangements have been completed for obtaining a special train to convey the O. A. C. rosters to the big game at Eugene, one week from Saturday, and the plans will be laid before the students at this meeting for their approval or rejection.

Rumor has it that the famous Peerless Quartette, commonly known as the "Hungry Four" will make their second appearance before this assemblage.

## VICTORY IN FOOTBALL BRINGS RECOGNITION

### Congratulations on the Famous East Lansing Game Pour in From Different Sources.

The triumph of O. A. C. in the Michigan game has brought fame to the state and college, and congressmen, student bodies and celebrities express their appreciation.

Telegrams received here during the past week follow:  
Hearty congratulations on splendid victory of your team at Lansing. All Oregon is proud of the men. Please convey the congratulations of the University.

P. L. Campbell,  
President of the University of Oregon.

I congratulate Oregon Agricultural College and state of Oregon on splendid football victory of yesterday.

C. N. McArthur,  
Congressional Representative.

The Oregon student body congratulates O. A. C. on victory.

Lamar Tooze,  
Pres. Student Body.

Accept my congratulations for the wonderful game your football boys played against the Michigan Aggies last Saturday. The thrashing you gave the middle western team was entirely unexpected by football fans in the central west. You have scored a big hit for your institution and for the West. Your success pleases me also very much.

Cordially yours,  
W. M. Jardine,  
Dean and Director, Kansas Agricultural College.

"The student body of the University of Washington extends most hearty congratulations to your team, coach and college, for the splendid showing made in the game today.

Russell S. Callow,  
Pres. Student Body.

## NOTICE TO BAROMETER CONTRIBUTORS.

Several contributions have been received by the Barometer which have not been signed by the author. It is impossible that they be printed unless the name of the contributor appears on them. Please note.

## SECOND LYCEUM NUMBER SOON

### CONCERT TO BE BY KELLOGG-HAINES SINGING PARTY ON FRIDAY NIGHT.

#### Program Is Choice Selection of Opera Numbers by All Star Company of Redpath Bureau.

The second number of the student lyceum course will be given Friday evening, instead of Wednesday evening as was announced last week. It will be held in the women's gymnasium at eight o'clock. The Kellogg-Haines Singing party will give a concert that according to all press reports has been very favorably received. This company is one of the standard attractions of the lyceum world today. At all Chautauquas they are booked for appearance and it was with difficulty that they were secured for the student course.

The members of the company are stars as individuals and as a company make a stellar attraction. They have studied under competent instructors and have sung in many prominent musical organizations. The company, due to previous experience are especially capable and fitted for the presentation of grand opera selections. Some of the favorite musical gems of opera are skillfully presented and with such technique and ability that they have received excellent praise from musical critics.

To aid in the presentation of their different selections and to add a harmonious tone to their productions the company have made special efforts to have beautiful and elaborate costumes. This is a feature that few companies have taken up and the Kellogg-Haines Singing company have made it distinctive.

One claim for recognition is in their mixed quartet work. The claim has been made that a male quartet may by long practice reach a very high standard of ensemble perfection, but it is doubtful if any other mixed quartet in America can approach the Kellogg-Haines Singing party in that singing of individuality and perfect blending of voices which comprises ideal quartet work.

A glimpse at the programs, several selections like "The Bohemian Girl," "The Singing Master," "The Chinese Honeymoon" and "Dolly Varden," and many others of equal merit are heartily enjoyed.

## CO-EDS HEARTILY ENJOY "MANLESS" CO-ED BALL

The social interest of the entire week was centered almost wholly upon the very successful co-ed ball given Friday evening in the men's gymnasium by the co-eds to their new sisters just entering into their college life. The grand march, which was led by Miss Edna Bannister and Miss Jessie Weatherly was so well arranged and proved so spectacular that it was declared the prettiest of any of the grand marches given in connection with the co-ed parties.

A very enjoyable evening of informal dancing followed which was thoroughly appreciated not by the fair co-eds alone but by the faculty and patronesses present. The success of the dancing party was largely due to the interest taken by the girls, there being about 125 couples present. Special mention should also be extended to the junior girls who worked so faithfully in the planning and presentation of the party.

The music was furnished by a five-piece college orchestra and light refreshments were served during the evening. Patronesses included Dean Fawcett, Miss Hadwin, Mrs. Haight, Miss Knight, Mrs. Smith, Mrs. Emmons and Mrs. MacDonald.

Photo subscription books in which subscriptions for individual pictures for the 1917 Junior Annual have been taken must be turned in at Ball's Studio at once.

Cecile Bragden was the week-end guest of Barbara Moore of Corvallis.

## BONFIRE WORKERS ARE ENTERTAINED BY ROOKESSES

### Have Dance and Feed at Woman's Gymnasium Saturday Afternoon Before the Game.

The freshman class made merry at a jolly-up held in the woman's gymnasium Saturday in honor of the rookess who have toiled faithfully on the bonfire during the past few weeks.

Festivities began at 11:30, when the boys left their work and went to the women's gym where the freshmen girls served a bountiful feed. The time remaining before the football game was spent in dancing, the music being furnished by the freshmen orchestra. Dean Fawcett acted as patroness.

## JUNIORS WIN CHAMPIONSHIP

### IRRESISTIBLE, CRUSHING ATTACK OF UPPERCLASSMEN SMOTHERS SOPHS.

#### Line Plunging of Moose Johnson and Punting of Bicky Williams Feature Contest.

The juniors, outclassing and outplaying their opponents in every department of the game, triumphantly claimed the class football championship last night when they trampled the sophomores in the slimy mud for the short end of a 16 to 0 score.

The game was delayed by an argument over the eligibility of Pierce, but he was allowed to play. Despite their varsity material, however, the juniors rode roughshod over them and in the first half gained nearly at will.

From the very outset Captain Blackwell's aggregation had it on the second year men, and at no time during the game did the sophomores have the ball inside their opponents' 30 yard line.

Captain DeLosh of the sophs won the toss and chose to receive the ball. The two year men carried it nearly to midfield where it was lost on a fumble. From here the juniors started their triumphant march down the field. "Moose," "Bicky" and "Blinky" hitting the line for repeated yardage, placing the ball on the sophomore 6-yard line just as the first quarter ended.

Thirty seconds after the beginning of the next quarter Johnson plunged through the line for a touchdown and registered a moment later via the aerial route, score 7 to 0.

About six minutes later the juniors taking up the march from the kick off, had made their way through the sophomore defense down to the latter's 6-yard line. Here the lower classmen braced and held the smashing attacks of the junior backfield for three downs, when "Moose" dropped back to the 15-yard line and booted the pigskin between the posts for another three points.

Only two minutes was taken between halves on account of the fast settling darkness, and the last half was a 12-minute period.

The sophomores came back strong, presenting a nearly impenetrable defense to the junior attack, and the contest settled into a punting duel between "Bicky" Williams and Pierce, with the varsity pitcher having the better of it. The seventeenths would not be denied and near the end of the half, "Blinky" Morgan shot around left end, and went over 40 yards, through the whole secondary defense, for a touchdown. "Moose" failed to kick goal.

From this point on the game resembled "blind man's bluff," due to settling darkness. The game ended, however, before either side had pulled any hidden ball tricks, with the ball in the juniors' possession on their own 40-yard line.

The whole junior team played a wonderful game, but the work of its entire backfield, "Moose" Johnson, "Bicky" Williams, "Blinky" Morgan

## VAUDEVILLE IS GREAT SUCCESS

### SIDESPLITTING STUNTS AND ROARING COMEDIES FEATURE THE PROGRAM.

#### Count Rollingstone No Moss and His Chorus of American Beauties Are the Headliners.

The vaudeville rally, staged Friday night before the biggest crowd of local enthusiasts ever assembled at an indoor "pep" meeting, outdid all advance notices as to its success. The "gym" was filled to overflowing and the dazzling color schemes of white and red, with here and there a sprinkling of blue and green showed that the girls were out in force, and that they were as much interested in the success of the team as the most rabid football fans.

The program, consisting of stunts and acts by the various fraternities and clubs was "pulled off" in regular vaudevilian style, with "Count Rollingstone No Moss, and his chorus of world-famous American Beauties" as headliners. This act performed by the members of the Phi Delta Sigma fraternity was easily the feature act of the program, and "Count Rollingstone No Moss" assisted by his pretty cohorts would make a hit under any circumstances.

The program started with some snappy yells, and then a clever little musical program by members of the Sigma Alpha Epsilon fraternity.

The "Hungry Four," the sleekest looking bunch of starving men we've ever had the pleasure to see, then gave several instrumental and vocal selections, that tickled the musical palate of every one in the audience.

Following them came the unheralded feature of the evening in the person of Count Rollingstone. Afterwards a little drama was staged by the Tye Club, and true to the unsympathetic Doctor's prediction, the poor cow, Ma'scow, died the following day with untold agonies.

A clever blackface stunt was given by Kappa Sigma Nu men, and after the beaten Idaho contingent had paid for the drinks, they gave several entertaining instrumental and vocal selections. Their little parody on Michigan, and of what happened to a certain "colored gen'man" there, brought down the house.

A classical minstrel show was then put on by a sextette of Kappa Sigmas. Frank Sutherland singing "The Boss of My Trousers" was the feature of the act.

Victor J. Garvin then attempted to demonstrate the scientific manner of playing the humanitone, and no matter what that worthy's opinion is of the inspiring music that flows from this little nasal instrument, the stage manager very thoughtfully gave the aforesaid worthy the "hook" before the audience cast him out in indignant wrath.

The final outburst of enthusiasm came when "Kewp" announced at the end that a keg of elder would be opened at the Beaver Inn. And needless to say, many a cup of cheer was poured down a dry throat, but everybody was happy and when everything was over, according to the idea of the rooters all Idaho could do was to see how small a score she could hold the Beavers to. That the team proved their convictions, is now a matter of history.

The sale of reserved seats for the lyceum course still continues at the Bookstore. There are 250 seats left, both in the right and left sections. There are still five numbers on the lyceum course.

Bill Ball stood out prominently, with "Moose" scintillating slightly more than his teammates. The work of Fertig, Blackwell and Bill Johnson in the line, was also an important factor. For the sophomores, DeLosh, Bixby, Pierce and Miller were the individual stars.

**CLASS ACTIVITIES.**

The interclass series concluded last night was the most spirited of recent seasons and served well as a stimulant to keen interclass rivalry. No single factor can add more to the general college spirit than a highly developed pride and loyalty to one's class which demonstrated in regulated competition cements the bonds of friendship and brings about a love for real sportsmanship.

In many institutions only interclass athletics are allowed. In others the schedule of varsity sports completely overshadows the interclass games and little or no interest is taken in the intra-collegiate events. At O. A. C. we take pride in the fact that we are sufficiently broad to wholeheartedly support a heavy conference and intersectional varsity schedule and at the same time maintain so strong an interest in the interclass events, which although less productive of glory and far reaching renown for the individual, are so replete with genuine worth.

But it is yet early in the year. Let us foster the spirit which has been displayed and bring it to the surface often during the coming months. Let us have equal enthusiasm over the interclass basketball series, the baseball series, oratory, debate and every line of activity conducive to loyalty, friendly rivalry and the broadest personal interests.

**GRANTLAND RICE SPREADS VERSE ON WESTERN SLUMP**

Grantland Rice, the well known sporting writer, writing in the Boston Globe for Nov. 2, breaks forth with the following cantos:

**The Pacific Slump.**

How sad to think about the slump  
That's soaked the distant West;  
To think how far their teams have  
dropped

Below the laureled crest;  
To think that in that land along  
The old Pacific's rim  
They haven't any stalwarts left  
To play the game with vim;  
They haven't any team at all  
From all their rugged hosts—  
Except a team that crushed a team  
That smashed a team of Yost's.

Ah, yes, it's sad to think about  
The old Pacific slump.  
The way the West has hit the chute,  
And hit it with a bump;  
But when you speak of things like  
this

In manner somewhat free,  
Don't mention it at Michigan  
Or up at M. A. C.;  
They haven't any stuff at all  
To call for Autumn boasts,  
Except a team that smeared a team  
That smashed a team of Yost's.

**ESSAYIST MAY GIVE LECTURE**

**DR. SAMUEL McCHORD CROTHERS WILL SPEAK IF PRESENT PLANS MATURE.**

Is Called "the Most Delightful of Living English Essayists" By College President.

Dr. Samuel McChord Crothers, one of the greatest of the present day writers, and a clergyman, will be a speaker at the Oregon Agricultural College in February, if present plans can be arranged satisfactorily.

Dr. Crothers is a graduate of Princeton University, Union Theological Seminary, Harvard Divinity College, St. Lawrence.

His activities in ministerial work cover a broad range, he having served in Nevada, California, Vermont, Minnesota and Cambridge, Massachusetts, at which latter place he has served since 1894, in the university.

Dr. Crothers has been highly recommended to the college by William Trufant Foster, president of Reed College, Portland. In writing of him Mr. Foster says: "I regard him as the most delightful of living English essayists."

Dr. Crothers' reputation as an author is well-known throughout the country. Such books as "Members of One Body," "Miss Muffet's Christmas Party," "The Gentle Reader," "The Understanding Heart," "The Pardoner's Wallet," "The Endless Life," "By the Christmas Fire," "Oliver Wendell Holmes and His Fellow Boarders," "Among Friends," "Humanly Speaking," "Three Lords of Destiny," and others, may be accredited to his pen.

As an essayist comparison is often drawn between Dr. Crothers and Oliver Wendell Holmes, although Holmes was not so steadily soothing as Dr. Crothers. Holmes' books all through are comparatively tumultuous, while nobody reviews a book of Dr. Crothers' without saying something about his gentle irony and kindly wit.

But wit and irony are by no means the chief characteristics of his admirable little essays. What impresses the reader first and last is the quality of moral helpfulness. Disagreeable doubts as to the ultimate triumph of the good in human nature are not left dangling at the end of any paper. "Success," says Dr. Crothers, "consists not in doing what you want to do and doing it well; but in doing what you have to do and being quick about it. It is to 'get there.' Where 'there' is is another matter that does not concern a practical man."

**ELECTRIC FILMS TO BE SHOWN HERE**

Four Reels Showing Various Phases of Electrical Business and Uses of Electricity.

The local branch of the A. I. E. E. announce that they have obtained the use of four reels of motion pictures and will exhibit them free to the school, in room 329 Hort. building, Saturday night at 7:30 p. m.

These films are secured through co-operation of the Institute with the General Electric Co. and the Oregon Power Co. They are in no way advertisements but show how electricity is coming to be the modern servant. These pictures carry a story and will be interesting to every one.

Two reels are on the big factory of the General Electric Co. at Schenectady, N. Y., showing the manufacturing of various articles and scenes in and around the plant. This factory is one of the largest of any kind in the world, employing about 25,000 people, and manufacturing a large variety of articles. The picture will also show a fire drill, hospital work, base ball and bathing and canoeing in the Mohawk.

The other two reels are on electricity as applied to the farm. It is entitled "Back to the Farm," and shows how electricity can lighten the labors and increase pleasures at farm work. In the story the farmer's son gets tired of working and goes to the city for "easy work and big pay." As is frequently the case, his ambitions were not quite realized and he has to go to work shoveling coal in a coal yard in order to satisfy that infallible "hungry feeling." He has a vision of the old home and returns to find that a new "hired man" is on the job 24 hours a day and never sleeps or eats. Electricity has solved the work problem and the family are happily united.

**FOR RENT**—Nicely furnished room. Good location. 227 South 7th. 14-1f

**ENGINEERS TO HOLD SMOKER**

**O. N. G. ARMORY TO BE SCENE OF THE ANNUAL AFFAIR TOMORROW NIGHT.**

Staff of "Student Engineer" Will Be Chosen. Athletic Contests To Be Staged.

Once again the old, famous day has rolled around, and tomorrow night, November 10, at the O. N. G. hall the Associated Engineers will congregate, swap stories, watch the sports, listen to snappy speeches, smoke up lots of good tobacco, do some eating and elect staff officers for the "Student Engineer."

The mere mention of smoker to the old men is "nuff sed," but to the rooks who "know not" the pleasure that ensues when the Engineers combine for their annual event, a few words are needed.

There'll be muckers, chain draggers juice harnessers, Ford makers, tree growers, and loggers in the bunch. And when that combination unites the reaction that takes place defies even Professor Brodie to classify. The faculty (and the engineering faculty are "there" a million) will be out in force with snappy speeches and "stag stories." And because the builders and hewers have red blood in their veins, several gory combats have been billed. In the faculty class the benedictus have selected Professors Blair and Knoff to go 30 rounds. The bachelors not to be outdone are putting up Professor Bevins who gets his during the holidays against "Rhodie" Maddison, who beat him to it by a few months. And because engineering is a universal profession the supremacy of the orient must be upheld, and Yamamoto, the famous welterweight from the valley of Hong Kong will meet Doc Laskar, erstwhile from the Ganges and at present from Mary's River. The winner has been challenged by "Ignatz" Stoppenbach, the pride of Jerusalem. As a climax "Conny" Meyers, the mucker, will clash with "Chuck" Dewitt. These bouts will all be seen through the soothing and veiled glasses of the fumes of King Nick-o-teen. And the stomachs of the engineers will not be overlooked, for there will be dogs, sinkers, cider (soft), cigars, cigarettes and makings.

So seniors, juniors, sophomores, rooks, be there and let's make it the best smoker staged yet, and the "Associated Engineers" the biggest and most progressive association in the college.

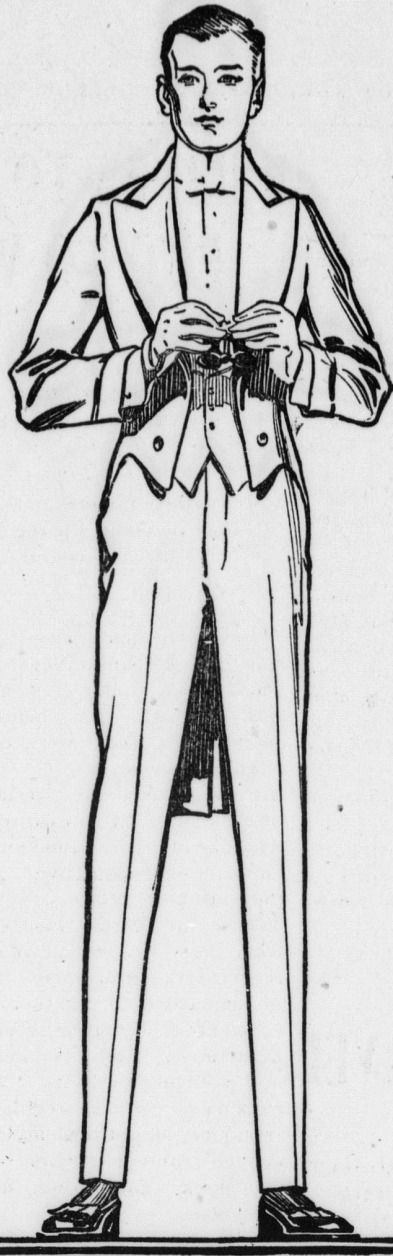

**NOTED HOLSTEIN BREEDER VISITS ON O. A. C. CAMPUS**

E. C. Schroeder, of Moorhead, Minnesota, a breeder of prize-winning Holsteins, many of them with world's records, was a visitor at the college on Thursday, having run up from Portland on his way back from San Francisco to see his old friends from Minnesota. Mr. and Mrs. Edwin T. Reed. Mr. Schroeder, who conducts an extensive modern farm in addition to his breeding and dairy work, employs four Agricultural College graduates to supervise his dairy enterprises and the work of his forty-two employees. In the dairy and stock-show circuits of the Middle West last year, including the National Dairy Show, Mr. Schroeder's Holsteins carried off the majority of the most coveted prizes for the breed. On October first one of his sixteen-year-old cows, Aggie Wayne Peep, 131420, made another world's record, producing 7.77 pounds of butter in 24 hours, or 113 pounds of milk.

Mr. Schroeder, however, is not an advocate of short tests, and has all his cows on long-time official tests. He is touring the West with a view to getting in touch with the owners of all the principal Holstein herds, and urging upon them the need for making felt in national dairy circles the progressive and constructive ideas of this section of the country. Professor Graves of the Dairy Department has invited Mr. Schroeder to address the combined dairy organizations of Farmers' Week, January 3 to 8, 1916, when it is expected that over two thousand people from the Pacific Coast states will be in attendance at the college.

Meeting Legion of Honor, Tuesday at 7 p. m., at Armory.

LOST—An oval pin, with initials W. H. S. 1914, on campus or at Jr.-Soph game. Please return to desk at Shepard Hall.

HAIL, BEAVERS! Ice cream, soda water, Ginger ale and pop, Oregon Aggies

PERSONAL OPINIONS. By Our Great Men. H. Macklin—Michigan Aggie Coach.

With twelve eleventh of our team on the operating table and the other half suffering with whooping cough, the Oregon Farm High School organization beat us in a practice scrimmage Saturday on our home grounds.

All of the Michiganders understood that it was to be a practice game, but the cowboys from the wild West, armed with six-shooters and shod in spiked boots and equipped with chlorine gas tanks in their pants pockets took us unawares and spoiled our delightful home coming party.

Abraham didn't play fair at all, for he insisted on breaking the Lansing speed limit of 5 miles per hour. If we had been able to stop their offense and break through their defense Michigan would have won, at least that's what we all say—if we say anything at all.

A Tip to Eastern College Prospectus Eds. Call your institution of learning: "The O. A. C. of the East—and if the scholastic stars read this they may enter your college—that is, providing of course they can't afford to come to Corvallis or their papas and mamas won't let them ride the rods.

SOCIETY NOTICE. Waldo Hall was the scene of a most delightful post-wedding shower. The bride—Mrs. So and So—formerly Miss Oh You Knok—who was caught in the shower, had just returned from her honeymoon with the groom—Mr. So and So of "Here." The bride's home was formerly "There."

Would it be impossible for some of our Orange "O" men to learn to bend down on first one knee and then the other in time with the music—so that when a serpentine, with Orange O men leading, is called for—Orange "O" men could lead?

It might be added that if the classes were to follow in order, and it was not necessary for a senior to fight with a rook for a place, some of the "peppless" rooters might serpentine.

Corvallis, Nov. 5, 1915. Editor Campus Gum Shoe:—Rumor has reached us to the effect that while our Beavers were bucking the Michigan Aggies at Lansing, H. A. Smythe started chasing a "coon" and got so "hungry" that he almost masticated a whole "black-smith" alive: Yours, X. Y. Z.

If you should happen upon the American Magazine in the Library—take a glance over the little line of bunk written by "Dobie"—and about Dobie's team—and see for yourselves just how much you read in print that you can "swallow." Of course "Robert W. Boyce" signed it but that doesn't go down any easier than the rest.

Found. These here words in the Box:—"Here is a nickel Hyams. Cough."

Evidently another deserter from the ranks of amateur indoor sports. A passion for the filthy lucre must have lured this lad into the ranks of the professional "Possessors and Demonstrators of the Tickling Larynx."

Most of this dope should be "rusty" for it has been lying in the office all set up for over a week and it has been pretty damp these last few days. Why? Oh just waiting for a time when there wasn't enough sporting news to fill the paper.

ON OUR FRONT PAGE. "Conquerers Was."—To think that somebody contemplating taking an English course might get hold of the last issue. Heaven forbid!

If there is any doubt in your mind, Kind Reader, as to whether or no a college president can really be hu-

morous, you should visit the Official Bulletin Board and read thereon. "Our hat is off," to a man who can hold so eminent a position and still be so cleverly humorous as Pres' Snyder has shown himself to be.

With a prayer attached, the Gumshoe sends this stuff to press—hoping to see it again in the morning. Kind Editor permitting.

"Oh, I've had a lovely time!" "Good Bye."

It is reported that "Eddie" Allworth, far-famed footballer, was attending classes in the Domestic Science building until notified by Prof. Brooks the men, as a general rule, were not allowed to register there. However in "Ed's" case, there may be an excuse!

Contributed by "I. Seentit."

Heard in the "Realm of the Molecular Hypothesis and the Mystic Ion Product Constant":

Lab. Inst.: Clean off your desks and don't be afraid to apply elbow grease.

Rookers:—(who failed to get an answer from her, after asking the whereabouts of said "grease.") Why, girlie, how can I apply it if you won't tell me where to find it?

While meandering across the lawn between the Ad. building and the Hort. building when we had plenty of time to keep to the walks—the brilliant idea of a "roast" for those poor, feeble weaklings who are unable to must always take to the short cuts, came to our mind. Some proposition as "Don't swear, it sounds like etc"—Thus are all great reforms begun.

DEAN CORDLEY TO SPEAK AT NEXT AG. CLUB MEETING

At the regular meeting of the Agricultural Club to be held Wednesday of this week, Dean Cordley will speak on the subject of "Organization." This subject should be of great interest to all agricultural students, since a new plan of organization for the club is being considered.

Besides the experience of caring for pigs and the profit made from them, pig club members will be taught proper methods of selection, feed, managing, combating diseases, marketing, judging, home butchering curing of meats, and a study of the different breeds of hog," said L. J. Allen, leader of girls' and boys' pig clubs in Oregon. "Experience will also be gained in keeping exact records, balancing receipts and expenditures, and making final reports. Local county and state club contests will be held and suitable prizes offered.

There are two divisions of the pig club work. Division 1 is feeding and care of a brood sow and a litter of pigs from weaning time till they reach marketable weight. Club members entering Division 1 require brood sows, bred to farrow as near the first of March as possible. We are in receipt of a number of inquiries from boys and girls from several different counties asking for assistance in finding a suitable gilt or brood sow. We have also asked the newspapers to co-operate with us by announcing that swine breeders having pure bred or good grade brood sows to sell may send lists to the pig club leader, O. A. C., Corvallis, who will send the lists to purchasers.

COLLEGE CALENDAR. Tuesday, November 9. Meeting of "Legion of Honor", 7:15 p. m., at Armory. Miners' Club meeting 7:30 p. m. Important business. Dr. Hinson speaks at Shepard Hall 7:15 p. m. to men and women. Wednesday, November 10. Agricultural Club meeting, 7:15 p. m., Room 300 Dairy building.

"Ted" Chambers, athletic "dopester" for the Barometer, will leave Tuesday for the San Francisco Exposition where he will act as guide in the Oregon Building for a period of four weeks. During his absence the sporting department will be in charge of his assistants.

Week-end visitors on the local campus were Raymond Chapler, who graduated last year in the School of Forestry, and wife. Mr. Chapler is a forest ranger in the Breitenbush district.

THE DIFFERENCE- There is a difference in tailor-made clothes. That is the reason the other fellows always look good to you. Try having them made and you'll appreciate THAT DIFFERENCE

# SOCIETY

## SENIOR JOLLY-UP HELD LAST SATURDAY EVENING

A most enjoyable jolly-up was held by the seniors in the women's gymnasium last Saturday evening. Two hours were spent in informal dancing which was greatly enjoyed by all the young people who were present. Mr. and Mrs. Ruzek and Mr. and Mrs. Kennedy chaperoned.

One of the prettiest affairs of the season was a dance given by a group of Waldo Co-eds last Saturday evening. The parlors were attractively decorated with autumn leaves. One of the main features of the evening was the favor dance, when clever favors anticipating the result of the football game were distributed among the guests.

Those partaking of the evening's enjoyment were: The Misses Gertrude Hollingsworth, Hallie Carter, Eva Keatley, Fanny Campbell, Florence Kohlhaugen, Inez Noles, Margaret Carley, Druella Casteel, Marjorie Miller, Jennie Johnson, Barbara Barber, Mildred Black Ursula Herman, Mary Jane Bowes, Salome Bernstein, Tressa Churchill, Arlene Stark, Charlotte Moody, Katherine Strome, Eda Crawford, Martha Hart and the Messrs. Smith, Weaver, Hamilton, Houlliston, Rogers, Strome, Babbit, Halferty, Johnson, Hulbert, Clancy, McMaster Woodburn, Kurtz, Maloney, Stewart, Sprague, Nichols, Taylor, Mason and Anderson.

Last Tuesday evening was the occasion of a very pleasant dinner party at Waldo. The occasion was the birthday of Miss Fannie Vergil and the special feature of the evening was a large birthday cake covered with tiny pink candles. The following were present: Fannie Vergil, Ruth Avery, Charlotte Moody, May-sel Sanderson, Edna Bannister, Eva Keatley, Margaret Patterson, Lucile Barbar, Gertrude Thompson, Mildred Black, Inez Knowles, Florence Cooley, Inez Cooley, Jessie Weatherby, Jane Wharton, Helen Mercer, Salome Benstein, Jennie Johnson, Freida Steiger, Harriet Rigdon.

The Oxford Club was the scene of a very delightful house warming Saturday evening. The patrons and patronesses were Dr. and Mrs. Dubach and Professor and Mrs. Dutcher. The following guests were present: Dean Fawcett Mrs. Kidder, the Misses Flo Patterson, Winnie Patterson, Inez Bozarth, Marjorie Jaynes, Zoe Gold-ne, Mary Williamson, Ruby Ann Larence, Louise White, Mabel Davis, Esther Husbands, Harriet Rigdon, Lilian Johnson, Laneta Denniston, Ruth Burnell, Florence Knight, Ruth Bernard, Etta Stimpson, Gladys Rogers, Irene Maxwell, Agnes Beals, Hazel Bartholomew, and Ella Bechen.

A wedding of much interest to the students of O. A. C. was solemnized in Corvallis Saturday morning when Miss Alice Orner became the bride of Mr. Marvin Jordan, a former student. Rev. Von Tobel, pastor of the First Presbyterian church, officiated. The wedding came as a surprise to the immediate families as well as their friends and it is rumored to be the culmination of a six months' acquaintance. Their friends among the students of O. A. C. wish them happiness.

State School Superintendent Churchill, Mrs. Churchill, assistant superintendent, and Mrs. Carlton of Salem, who are enthusiastic O. A. C. football rooters, attended the game here Saturday.

Miss Ann Kuks, a junior at O. A. C., was married to Earl Dodd November third at Milwaukie, Oregon. They will make their home in Portland.

Complimenting Miss Edna Bannister, who leaves soon for San Francisco, Miss Helen McFadden entertained at a charming informal dinner last Wednesday evening. Covers were laid for the Misses Edna Bannister, Helen Miller, Mary Skelton, Manette Hanson, Judge and Mrs. McFadden and Miss Helen McFadden.

G. L. Hurd, who is in charge of the O. A. C. exhibit in the Land Products Show at Portland, was a visitor on the campus the last of the week and he stated that some fine exhibits are being shown there and are creating a good deal of talk.

Floyd South, Chester Miller, Loren Roberts, Bale Butts, of the Phi Delta Theta fraternity in Eugene, and Mr. E. W. Worsham of Portland were the guests at the Kappa Sigma Nu house Sunday.

The week-end guests of Sigma Alpha Epsilon included Mr. J. Platt and Mr. Currin of Portland. Professor and Mrs. Gardner were Sunday dinner guests.

The Gamma Upsilon fraternity entertained Robert Russell, of Cornell, Frank Beach, of Portland, Prentice Brown and Leo Furney, of Eugene, over the week-end.

Miss Alice Cornwall and Miss Margaret Meek spent the week-end in Portland at the home of Miss Cornwall.

The Alpha Chi Omega had as their guests the past week Mr. Atherwood of Dallas and Mrs. Brandes of Portland.

Mr. Wallace Martyn was a week-end visitor in Eugene where he entertained at the Sigma Chi house party.

Mr. George Newton of New York City was the Sunday guest of his sister, Miss Frances Marie Knight, at the Delta Mu house.

After a two weeks visit at the Kappa Psi fraternity, L. E. Prescott, '15, returned to LaGrande and Ben Horning, '15, to Klamath Falls.

Dinner guests at Cauthorn Sunday were Miss Rena Hector, Messrs. Carl Hector, Alfred Abraham of Albany and Earl Blackden of Corvallis.

Mr. and Mrs. Edgecomb were Sunday dinner guests of the Arcadia Club.

Mr. Ben Fisher of Marshfield was a week-end guest at the Phi Delta Sigma house.

C. J. McIntosh attended the state editorial association at Salem, Friday and Saturday.

Miss Grace Rosaaen was a dinner guest of the Kappa Sigma fraternity Sunday noon.

Miss Etta Long and Hazel Farr of Oregon City were weekend guests of Fay Waterman.

Sunday dinner guests at the Phi Delta Sigma house were Mr. and Mrs. W. N. Yates and daughters.

Miss Elva Lucas returned to Corvallis Sunday evening after spending a week at her home in Dallas.

Mr. and Mrs. Dennis H. Stovall and family, of Philomath, were Sunday guests at the Oxford Club.

Miss Evelyn Carlson spent the week-end in Portland as the guest of her parents and friends in the city.

Mr. Herbert Selby returned from San Francisco Sunday evening.

Dean Cordley left Friday for Hood River to inspect the branch station there.

The week-end visitors at Waldo were: Nola Kent of Monmouth, guest of her sister, Elva; Helen Eaton, of Independence, was the guest of Frances Eaton; Mrs. C. A. Littler of Forest Grove was the guest of her daughter, Florence.

Sunday dinner guests of the Ah-neek Club were Dean and Mrs. Cordley, Dean and Mrs. Peavy, Mary Cur-rin, Mildred Black, Eda Crawford, Dorothy Boutyette, Eleanor Hall, Irene Smith, Gertrude Hollingsworth, Ursula Herman and Mary Bowes.

Glen H. Roberts of the class of '15 is on the campus for a few days' visit. Since the first of September Roberts has had charge of the John Jacob Astor Experiment Station near Astoria. He will return to Astoria this week.

Dorothy Evans visited friends at Albany College Sunday.

Miss Hazel Phillips was a dinner guest at Cauthorn Friday evening.

Ida Strong visited at her home in Monmouth over the week-end.

Miss Genevieve Potter spent the week-end at her home in Salem.

"VOLUNTEER BAND" ELECTION. Owing to the resignation of Ted Cramer, Homer G. Aker and Henry C. Gilbert have been nominated for leader of the Volunteer Band of the Y. M. C. A. The election will be held at the regular meeting next Monday evening at 7:30 o'clock.

The Easterners' Club will meet at Stidd's Saturday at 7 p. m. If you are an easterner, be there without fail. Refreshments will be served.
