GOLD STARS ARE HONORED

MEMORIAL SERVICE HELD FOR O. A. C. MEN WHO DIED IN THE SERVICE

Ivan B. Rhodes Tells of Splendid War Record Local Soldiers Made in France—Prof. Reed Pays Tribute to Heroes

Parents and relatives of men of O. A. C. who have given their lives in the great war were the honored guests at the Gold Star memorial service held in the Men's Gymnasium yesterday morning. Of the 1931 O. A. C. men and women, including graduates and faculty, who participated in the war, 51 are represented on the college service flag by gold stars. The service was held as a tribute to the memory of their glorious sacrifice.

Ivan B. Rhodes, who spent some time with the Americans in France, spoke of the wonderful record of O. A. C. men with the colors, tracing the course of American troops in the greatest battles of the war.

Speaking of the graves in the little American cemeteries in France, perhaps on some hillside or by some quiet lake, he told of the women of France whose devotion will never let those graves go unattended. Their tender hands will forever keep the graves green and the flowers blooming above the last resting place of those who gave up their lives that France might live.

Prof. Edwin T. Reed, college editor, speaking of "Our Service Flag," paid fitting tribute to those men who did their bit though never going farther than the training camps, to those who fought in France, and particularly to those who died for the great cause.

"Our service flag represents first of all a plain straightforward sense of duty," he said. "What ever may be said of these men, nothing can give the luster on the flag of the service of those who never got overseas, never got out of the camps. These men to my notion ought not to be forgotten. All honor then I say to that type of star on our service flag."

"Every time the Huns were checked, decisively driven back, and whenever a real advance was made, American troops were in that fight, and our O. A. C. men were with those troops. Colonel MacAlexander, with his gallant 38th division, held the position that proved to be the turning point of the war."

"Over 40 O. A. C. men were in the battle of St. Mihiel, and among those old friends we think of Captain Sereno E. Brett, who, taking the supreme risk of having his company of tanks battered to pieces if their hiding place in a swamp was found out, carried through one of the finest pieces of strategy in the war, and opened the way for a decisive victory."

The O. A. C. Cadet Regiment marched in military formation, paying tribute to the fallen heroes by black arm-bands and crepe on the regimental colors. Special music was provided by the Cadet Band, the bugler playing "taps" at the close of the service.

President Kerr read the Roll of Honor, while the entire assembly stood in silent reverence before the memory of their deeds and sacrifice. N. R. Moore, a regent of the College, rendered a solo "Out of Darkness Into Light," accompanied by Mrs. J. A. Bexell.

MADRIGAL ELECTS OFFICERS

The Madrigal Club recently elected officers for the coming year. Those elected were Eleanor Sweeney, president; Lynette Svenson, secretary; Erina von Lehe, treasurer; Ada Downs, Barometer reporter; Francis Castner, manager. Genevieve Kerr was re-elected first vice-president.

A vote of thanks was sent to Mrs. Childs in appreciation of the help she gave in coaching the play recently given by the Madrigal and Glee clubs.

OREGON COUNTRYMAN WILL BE OUT FRIDAY

C. J. McIntosh to Edit Magazine During Summer—Commission Offered on Subscriptions

The June issue of the Oregon Countryman will be ready for distribution Friday, June 13. Those subscribers who want this copy sent to them, can sign their names and addresses in a list on main agricultural bulletin board. The feature articles in this issue are for the purpose of portraying to the high school graduates what the school of agriculture has to offer. A copy will be sent to practically all of the high school graduates in Oregon, in order to interest them in coming to O. A. C.

The summer issues of the Oregon Countryman are to be edited by Prof. C. J. McIntosh of the Industrial Journalism department. Each issue will be full of articles applicable to the agricultural problems of the different summer months.

A very attractive commission is being offered to students interested in obtaining subscriptions for the Countryman during their spare time this summer. Those interested in making some money in their leisure time and at the same time building up the circulation of the paper, can call at the Countryman office, where the proposition will be explained to them.

WALDO CLUB MAKES PLANS

BIG SISTER MOVEMENT TO BE STARTED NEXT YEAR FOR NEW GIRLS

Upperclass and Sophomore Women to Pick Freshmen Coeds on First Day of Term and Will Teach them Traditions

The big sister movement to be inaugurated in Waldo Hall was discussed at the last meeting of the Waldo club. President Helen Gardner outlined the plan in which every upperclassman and sophomore would have one or more freshman sisters to be chosen the evening of registration day. On Tuesday morning these freshmen will be guests of the older girls at breakfast and in the evening a general reception will be held for all newcomers. The Big Sister, who is well versed in the traditions of Waldo Hall and the Campus will inform the newcomers of their duties and be a help to them during registration and the crucial period of their first semester in college.

In order that every girl may actively share in the activities of the club, departments of music, dramatics, social, debate, athletics, current events, and house affairs are being arranged. The executive board feels the need of closer organization and cooperation among the girls in the Hall and by organizing these departments each girl will find some particular activity of interest to her. Occasionally each department will stage events during recreation hour and various good times will be planned to bring about a more "homey" and friendly atmosphere.

A committee was appointed to work with Miss Hadwin in making plans for rearranging and redecorating the parlors. Plans for open house were also discussed. A greater Waldo Hall club in cooperation with a Greater O. A. C. is the aim of the Waldo girls.

WIEMAN ACCEPTS FELLOWSHIP

John S. Wieman, senior in the 1919 graduating class of O. A. C. has accepted a fellowship with the horticultural department of the college.

Mr. Wieman will be research fellow in horticultural products. His work will consist of problems in canning, preserving and fruit juice beverage making. Mr. Wieman is well qualified for the position because of his being inspector of dehydrated fruits and vegetables last summer for the quarter-masters department of the U. S. Army.

LAMBDA CHIS WIN DEBATE

INTERFRATERNITY SERIES WON FROM KAPPA THETA RHO IN FINAL CONTEST

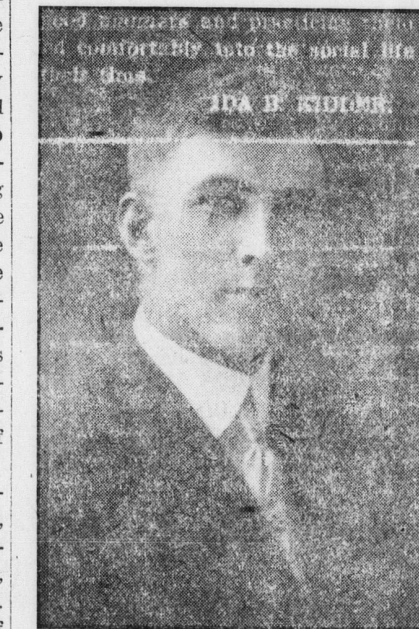

Niles and Readan Speak for Winners, Layton and Bingham for Losers—Government Owned Railways Discussed

The interfraternity debate championship went to Lambda Chi Alpha when it defeated Kappa Theta Rho on the question of government ownership of railways, last Thursday evening. The Konick cup was presented to the winning team by Prof. S. H. Peterson, forensic coach. The Lambda Chi Alpha team was composed of "Doc" Niles and Harold Readan and upheld the affirmative of the question. Readan is a freshman in commerce from Ontario. This is his first year at debating and it is the opinion of many fans that he has developed into Varsity material for next year.

Niles is a sophomore in agriculture whose home is in Grants Pass. Niles was chosen alternate on the sophomore class team this year and has established a reputation as one of the best fraternity debaters.

The Kappa Theta Rho debaters were Clorn Layton and Curtis Bingham. Layton is a sophomore in engineering from Rathbun, Ore. Bingham is a sophomore in agriculture from Alhambra, Cal. Layton debated on the freshman team last year and Bingham has had high school experience in debate. The losing team put up a strong argument but it was considered outclassed by the logic and force of the affirmative case.

Team Has Fine Record In order to win the championship the Lambda Chi Alpha team defeated Alpha Tau Omega, Theta Chi, Sigma Alpha Epsilon, and Kappa Theta Rho. Of the total votes cast at these de-

NILES AND READAN FRATERNITY DEBATE CHAMPIONS

bates 10 went to Lambda Chi Alpha and two to her opponents.

At the close of the final debate Prof. Peterson gave a short talk in which he commended the debaters for their excellent showing and urged them to continue the work next year.

The judges Thursday evening were Prof. E. B. Lemon, Eric Englund, and Dean G. W. Peavy. The decision was unanimous for the affirmative.

"DUG" MCKAY ON FURLOUGH

First Lieutenant Douglas McKay has been a visitor on the Campus for the past few days. He is on sick leave from Camp Lewis and will return later in the summer to have a piece of high explosive shell removed from his chest. He was severely wounded in the battle of the Argonne Forest, a high explosive shell striking the ground a few feet in front of him. He will be remembered as president of the Student Assembly during the year of 1916-17. He will make his home in Portland during the summer and may return to school in the Fall under the Rehabilitation Act. He is a member of the Phi Delta Theta fraternity.

MANY STUDENTS GIVEN DEGREES

BENJAMIN IDE WHEELER GIVES COMMENCEMENT ADDRESS TO LARGE CLASS

President Kerr Delivers Degrees or Diplomas to More Than 130. Students Winning Senior Honors are Announced

Over 130 men and women received degrees or diplomas at the Commencement exercises held in the Men's Gymnasium this morning. The address of the day was given by Benjamin Ide Wheeler, of the University of California.

The exercises were started by two musical numbers by the O. A. C. Orchestra, under the direction of Carl Grissen, of the School of Music.

Dr. J. R. N. Bell offered the invocation which was followed by two baritone solos by Mr. Stuart McGuire, a noted vocalist from Portland.

Dr. Wheeler, who, as president of the University of California, has won the reputation of being one of the greatest college presidents in America, next delivered his address. Dr. Wheeler held his large audience perfectly, and those who heard him felt that they had received one of the greatest treats of the year.

Prize Confers Degrees Following a violin solo by Mr. Grissen, President Kerr conferred degrees on the members of the graduating class.

The presentation of the Clara H. Waldo prizes was the next feature of the program. President Kerr awarded prizes to Marilla Dunning, senior; Helen Gardner, junior; Dorothea Abraham, sophomore; and Alma Scharpf, freshman.

A musical number by the College Orchestra concluded a very successful program.

Honor Students Announced An announcement of especial interest was that of the senior honors.

NILES AND READAN FRATERNITY DEBATE CHAMPIONS

The College Council each year elects not more than 10 percent of the graduating class in each department. No student is eligible unless his general average is at least 85 percent.

Those upon whom senior honors were conferred are Leslie C. Whitaker, and Arthur L. Fuharty, in agriculture; Mrs. Eleanor B. Nichols, in commerce; Raymond Archibald, and Benjamin H. Nichols, Jr., in engineering; Marilla Dunning, Katherine M. Strome, Zelta F. Feike, Hazel Garber, Ruth E. Voruz, and Christine G. Abbott, in home economics; Elmer Fisher, in mining, and Katherine D. Waite in pharmacy.

Ernst Tennis Champ

Daisy Ernst won the women's tennis championship when she defeated Florence Holmes Thursday by a score of 6-1, 6-3. During the series Miss Ernst defeated Elizabeth Richardson, Ruth Chambers and Helen Bobzein. Daisy Ernst is a prominent member of the Sophomore class and a member of Pi Beta Phi sorority.

SOCIAL CONDITIONS ARE TO BE INVESTIGATED

A questionnaire dealing with sociological conditions in various communities is being distributed to the students going into industrial pursuits this summer.

It was prepared by the department of Sociology and Economics as part of the "Make the Summer Count" campaign by J. Stitt Wilson. It deals with physical, economic, industrial, social, cultural, religious, and health conditions of the communities.

It is hoped that this work may result in valuable suggestions for the improvement of the economic, political, social, educational, and religious life of the state. And it may serve to arouse a practical interest in these problems for each investigator.

Students are urged to secure one of these questionnaires if they are expecting to go into industrial work this summer. Copies may be secured at the "Y" hut or at the department of Sociology and Economics.

DR. YOUNGSON GIVES SERMON

PORTLAND MAN PREACHES AT BACCALAUREATE SERVICE LAST SUNDAY

Challenge of Wealth to Much Wider Usefulness is Brought out by Speaker—Much Good is Expected from War

Wealth will be a challenge to wider usefulness rather than a badge of selfish privilege in the United States as a result of the world war, in the opinion of Dr. William Wallace Youngson, of the First Methodist church of Portland, who delivered the Baccalaureate sermon in the Men's Gymnasium Sunday.

"War is a stern disciplinarian," said Dr. Youngson. "In its lurid fury it calls nations and men to face realities. Out of the mighty crucible of war, around which have been playing all the fierce flames of sacrifice, agony, privation and searing sorrow, there shall come a new alloy of patriotism, a new nationalism, a new democracy, a new ethics, a new faith and a new brotherhood. America has been cleansed and made forever free by the sacrifice laid upon the altar of humanity."

The graduating class occupied the position of honor at the service, being seated on a special platform to the right of the main platform. They entered in double file and took their places after the majority of the audience had assembled, everybody standing until they were ready to be seated.

The march "Triumphal," from Aida, played by the O. A. C. Cadet Band, opened the service, and "Mignolia," a cornet solo played by Josiah B. Pardee, accompanied by the band, won the silent praise of a music-loving audience. The scripture reading was by the Rev. J. E. Snyder, invocation by the Rev. Edwin George Decker, and the benediction by the Rev. Edmund T. Simpson.

Rooks Win 12 to 3

Scott, of Washington High, was knocked out of the box by the Beaver first year men in the first inning of the ball game last Saturday. The relief pitcher, although hit hard in the pinches, pitched fair ball, allowing only 9 hits. Snook for the Rooks, not only pitched steady ball, allowing only 6 hits and fanning 17 men, but also got 3 hits out of five times at bat. Two of Snook's bingles were two baggers. The freshmen gave their pitcher errorless support while Washington made two bobbles. The game was umpired by Spec Keene, of the Varsity. The rooks lineup:

Baker, c; Snook, p; Broadway, 1st; Powell, 2nd; James, ss; Humphrey, 3b; Goetz, rf; Van Hoesen, cf; Frink, and Cannon, lf.

MANY ALUMNI VISIT CAMPUS

COMMENCEMENT CALLS BACK GRADUATES TO SENES OF COLLEGE DAYS

S. B. Hall, '09, and S. A. Wilson, '10, Elected to Board of Directors—Social Functions Given are Banquet and Dance

The "old grads" were on the Campus in force yesterday renewing old acquaintances and visiting the scenes made dear by memories of days spent at the Alma Mater.

Upon arriving on the Campus the Alumni registered in the library lobby and visited in the library the alumni registered in the library lobby and visited with friends. Mother Kidder held an informal reception for the old timers in the reading room during the afternoon.

The exhibit of the Arts department in room 101 was inspected and admired, the variety and the perfection of detail of the work receiving much favorable comment.

At four o'clock the annual meeting of the alumni association was held in 100 Library, E. B. Beaty '03 presiding. S. B. Hall '09 of Gresham was elected to the board of directors for a five years term, succeeding Professor Beaty. S. A. Wilson '10 of Portland was elected to the three years term on the board to fill the vacancy left by the resignation of Neil Sykes '12 who is running a canteen at the Bremerton Navy Yard.

The banquet held in the Waldo dining room afforded the seniors a chance to enlighten the alumni as to their past work, the growth of O. A. C. during their regime, and their ambitions for the future. With L. L. Swan, '93, presiding as toastmaster several prominent members of the alumni and members of the graduating class responded to well chosen toasts. Dr. W. T. Johnson of Corvallis gave an interesting address picturing the college as it will be 100 years hence.

Following the dinner the alumni dance was held in the Men's Gymnasium with the Revelation Jazz Orchestra furnishing the music.

Airplanes Visit City

The big DeHavilland plane piloted by Lieutenant W. A. Bevan formerly of the O. A. C. faculty and with Lieutenant Beck as passenger arrived at the landing field north of the city at 12:30 yesterday. This machine was the first of four flyers to arrive to stop here on their trip from Mather field, Sacramento, to Portland, where they will afford an attraction at the Rose Festival.

A number of students hiked out to the landing field and inspected the big machine and waited for the coming of the remainder of the air fleet which was scheduled to arrive at 3:00. Lieutenant Bevan was greeted by many old friends of both faculty and students.

The only other plane to arrive last night came in at about 7 o'clock and landed safely.

FORMER STUDENTS MARRY

Lieutenant Fred K. Du Puy, ex-'20, formerly of Portland, Oregon, and Kathryn Genn, of Berkeley, California, were married at the home of the bride's parents in Berkeley on Saturday afternoon, May 31. Lieutenant Du Puy is in the Aviation service and is located at Mather's Aviation Field, California. While in College Du Puy was registered in Mechanical Engineering and Home Economics STAOINthe ET Mrs. Du Puy was registered in Home Economics. Du Puy was a member of the Kappa Sigma fraternity.

Director (in gymnasium): "Now girls, when I say 'halt,' place the foot that is on the floor by the one that is in the air, and remain motionless."

CREDIT WHERE CREDIT IS DUE

This is the last issue of the Barometer this year and the editor feels it opportune to give a few words of appreciation to the members of the staff for their faithful work during the year. In many ways this year has been the hardest one the Barometer has ever had. S. A. T. C. conditions made it well nigh impossible to get men who could do the work required to put out the paper, and the women, therefore, had a great deal of work and responsibility.

Many have been the trials and tribulations of the Barometer, of which the public has been ignorant—from its having to be published during the flu ban when there was little or no news to write, to the near court-martial of the editor for offending S. A. T. C. officers.

The credit for the success (even the existence) of the paper during the first quarter is due to the work of the small corps of assistants, most of them girls. Particular mention is due to Zelta Feike and to W. B. Hayes, both of whom sacrificed much for the paper.

During the last two terms a larger regular staff has been possible and the Barometer has appeared semi-weekly instead of weekly. The results of the efforts of these staff members have been very gratifying and a high standard of journalistic work has been maintained. While considerable difficulty has been encountered in finding capable people qualified to write various kinds of news, particularly sports, in the main a very good quality of copy has been turned in.

The editor feels that too much credit cannot be given to the staff members. They have been faithful, industrious, and unselfish in their service to O. A. C. The glory of combat or spectacular service on Varsity teams has not been theirs. Yet the actual time which they have devoted in this service to the Institution is more than that required to win an official emblem in two sports. Considering the recognition they have received their service has been even greater.

Special recognition should be given to W. B. Hayes, news editor, who has done more than any other man on the staff to make the Barometer a success. Although only a sophomore he has held a responsible position, and has stayed with the editor until 3 and sometimes 5 o'clock in the morning to get out the paper.

Next to Mr. Hayes, Zelta Feike has been most faithful and untiring in her administration of the women's departments. A. D. Hobart deserves much credit for a large share of the news writing, head-writing, and proof reading, often working until the wee sma' hours. Isabelle Steele, society editor, has been loyal and worthy of special credit for her work throughout the year. Many others are deserving of special credit, and to the co-operation and faithfulness of them all is due whatever success the Barometer has been this year.

Worthy of mention are the editors and staffs of special editions of the Barometer. Christine Abbott, who put out the Senior Barometer, deserves the honor of having the best edition edited by any of the special staffs, both in appearance and quality of material.

NEXT YEAR'S OUTLOOK

We have come to the end of another year. We started out the year with our Country at war, and were expecting something entirely different from the peaceful, quiet, year which this has turned out to be. Not the least of our failure to accomplish our ideals has been due to the reaction naturally coming after the strenuous excitement of war. But, whatever the reasons, we have not come up to the standards which we have all felt we should. We have "marked time" in large measure, waiting for the year to end.

With the experience of the past year or two years of war behind us we should not be satisfied with anything short of remarkable improvement next year. Student politics, student interest in the affairs of the College, athletics, forensics, studies, and all other activities should be taken up with definite aim and outlook and be made much more successful than they have been before.

The leaders and officers of the Student Assembly and other organizations have been selected for next year, and during the summer it should be their covenant with themselves to study carefully all the duties, responsibilities, and possibilities of their respective offices, that great improvement may be effected right from the start next Fall.

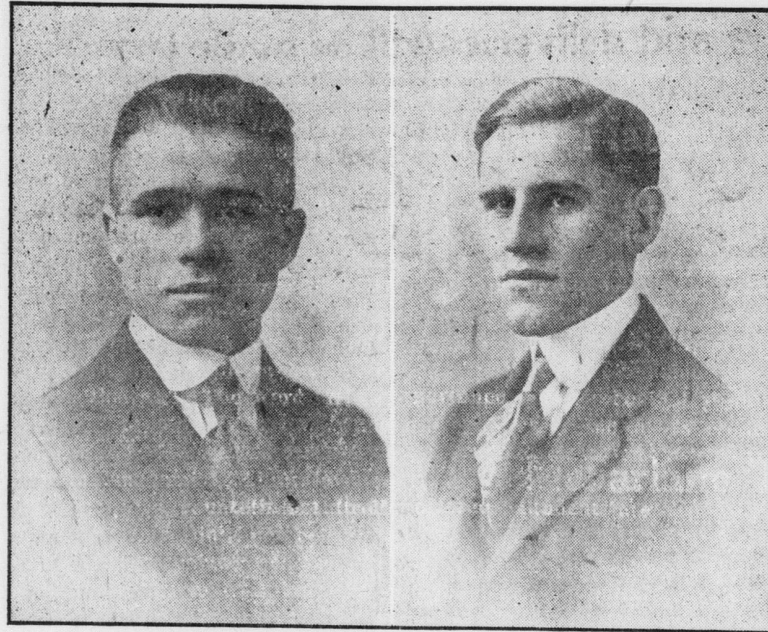

All the students should think seriously about the problems of the Institution, as well as the great problems facing the Country, and be prepared to co-operate with, and furnish aid to, the officers in their attempts to build for a greater O. A. C.

WHY NOT MAKE A SOCIOLOGICAL SURVEY?

The students will remember the movement which was mentioned by J. Stitt Wilson, recently, regarding a summer survey of industrial conditions by college students with a view to getting some valuable data for use in remedying wrong conditions. It was stated that some local committee would draw up a questionnaire to place in the hands of students who would be going out into rural and industrial communities for their summer's work. This questionnaire would be flexible enough to fit a variety of conditions and would be useful in making the simple investigations.

Such a questionnaire has been prepared by the department of Economics and Sociology here and is available for distribution to any students who would like to perform this service to the Country. The questions include a study of Physical Environment, Industrial Conditions, Population, Economic Conditions, Social Conditions, Cultural Conditions, Religious Conditions, Health Conditions, and Means to Progress. Each of these subjects is carried into more or less detail in order to become easily understood.

The plan is indeed a worthy one, and deserves the co-operation and support of every student who will be thrown into relationship with any of these conditions. And practically every student will be, in greater or less degree. It is not only a work of service to the Country, but gives valuable experience to the men and women who learn to make these simple surveys and look at conditions, in a broader way. The questionnaire is obtainable at the "Y" hut.

LAYTON AND BINGHAM RUNNERS-UP IN FRATERNITY DEBATE

CAFETERIA TO OPERATE DURING SUMMER SCHOOL

A cafeteria will be installed in Waldo Hall for the summer school session, which is an innovation on the Campus. This, it is hoped will meet the needs of the college people better than the straight dining room service as formerly used. The cafeteria will be open to men and women students, faculty, and any others who wish to take advantage of the service.

A tentative schedule for meals has been made and if necessary the time will be extended. The doors will be open from 7 to 8:15 for breakfast, 12 to 1:15 for luncheon, 5:45 to 7 for dinner. The wide range of hours will give more opportunity for choice of time. A variety of food will be served at reasonable prices. Cauthorn Hall will be open to women students Sunday, June 22.

CO-OP BOARD ELECTS OFFICERS

Emil Siebert was re-elected president of the Co-Op Board of Directors at a recent meeting at which officers were chosen, and plans laid for the coming year.

The other officers elected were Helen Elkins, vice-president; Lynn Sabbin, secretary; W. B. Hayes, treasurer; E. B. Lemon and C. J. Layton, members of executive committee.

LUEBKE GETS POSITION

James Leubke, a member of the graduating class of the College in Mechanical Engineering, has accepted a position with a logging company at Toutle, Wash., at a salary of \$150 per month and expenses. Within a few months he expects to attend the U. S. Government marine school at Seattle and then enter the U. S. mercantile marine service.

J. J. CORCORAN TO DEVELOP COMMERCIAL EDUCATION

John J. Corcoran of Kimberly, Idaho, has accepted a position in the O. A. C. School of Commerce to develop the courses in Commercial Education. This subject is one of the most important in the School of Commerce, since O. A. C. is the only state institution offering normal courses in business training.

Professor Corcoran comes to the College very highly recommended, having taught commercial subjects in several leading institutions in the East and Middle West. He is a graduate of Milwaukee State Normal, University of Minnesota School of Commerce, and the Nichols Secretarial School, St. Paul. He has done graduate work in the University of Chicago, University of Minnesota and Columbia University.

Trunks and HandBags

Vacation days are near at hand and many of you students will want new luggage. You will find it notably worth while to see our complete lines of Trunks, Suit Cases and Hand Bags. There is variety enough to please the most discriminating, at prices with reach of all.

Trunks from \$10 up.
Suit Cases \$2.50 up.
Hand Bags \$2.50 up

TRUNKS. Our line of Trunks are of most dependable makes—there are regulation styles, Steamer Trunks, Wardrobe Trunks and extra size Trunks.

Nowhere will you find a large variety of Bags to choose from than here. There are all qualities, Fiber, Matting, Willow, Sole Leather, Walrus, Morocco, etc. All styles, shapes, colors and sizes.

PHONE 3212

We Have
Observed That

"Mary" received a warm reception
at the Alpha Chi house after a recent
announcement.

"Hod" Mason also came in for his
share, and reports many thrills.

Such added inducements to pin-
planting should produce good results.

Geo. Weller made a quick trip to
Eugene Sunday night.

And a fair Tri Delt is now wearing
his pen.

Many Chi O's enjoyed the hospita-
lity of Meyer's Hall last Wednesday
night.

Informal chapter meetings were
held by the Sigma Nus, Kappa Sigs,
and Beavers at the above-mentioned
hall last Friday.

Many are wondering if "Tubby"
Waterman is now the proprietor of
Alpha Hall billiard parlors.

The old grads mingled with the
upperclassmen last night.

The seniors all appear perfectly at
home in their caps and gowns.

The office is not the same without
the radiance of "Mac's" sunny smile.

The Staff is thankful for the plenti-
ful supply of editorial left behind when
he left.

Eric is no longer the most recent
of the ex-eds.

Many co-eds with enviable reputa-
tions were seen on the river recently.

Some camouflaged as men, while
others merely took to the bottom of
the canoe when strangers hove in
sight.

Rumors of a spy system rivaling
the German, are afloat.

The girls' tennis series resulted in a
David and Goliath affair.

This might well have been called a
Sophomore Edition.

Many are suffering from stiff necks
as a result of the aerial visitation.

The ex-president of the Student
Assembly and a fair Pi Phi visited
A's and K's rather early this
morning.

NOTICES

1921 V. C. meeting "Y" hut 7:30
tonight. All present.

Lost—Notebooks with informa-
tion valuable to V. C. only. Finder
please return to Lloyd Raab at the
G. T. B. house.

1922 V. C. committee men give
home addresses to Raab before
Thursday noon.

House managers will meet at 7:15
tomorrow evening at the "Y" hut.
Very important—E. E. Siebert.

MCCOMB LEAVES FOR SUMMER

Allan W. McComb, editor of the
Barometer, left last Friday for Klam-
ath Falls, where he will spend a few
days before going to the Presidio of
San Francisco, to attend the R. O. T.
C. camp. Mr. McComb expects to re-
turn next fall to conclude his college
course.

POWELL HEADS COMMERCIALS

The election of officers for the Com-
mercial club next year was featured
by six close races for the six offices.
No candidate won his office by more
than 12 votes. Those elected were
George Powell, president; Marguerite
Turner, Corvallis, vice-president;
Francis Maginnis, Corvallis, secretary;
Ernest Abbott, Ashland, treasurer;
and B. F. Schumacher, Portland, ser-
geant-at-arms. The editor of the Com-
mercial Print was also chosen at this
election, Carl Long being elected.

New Song Given

DEAR OLD O. A. C.
Words by Edwin T. Reed
Music by Arthur A. Penn
I love the land remote and grand
Beside the sunset sea,
Where evening's glow on peaks of
snow
Brings hope and joy to me.
O plains where sleep the canyons deep
To you, dear land, and me
How blest a cup and brimming up
With bliss, is O. A. C.
Chorus—

Oregon, Oregon, dearest land to me,
Throned amid the splendors of your
mountains and your sea,
Lakes that gleam, woods that dream,
Brooks that leap with glee,
And at the heart of all your bloom,
Dear old O. A. C.

Oregon, Oregon, gift of God to me,
All my heart and all my hopes—I dedi-
cate to thee.

When daylight nears or disappears
Across her lawns and farms
From hall to hall the bugle call
Still thrills her men at arms;
As fames the brand from hand to hand
Ah, may we wield the lance,
As brave as they who sleep today
Among the hills of France.

And oh, at last when we have passed
The rainbow tints of youth
We shall recall how one and all
Walked here with joy and truth;
And then as now our lips shall vow
Long life to O. A. C.,
For true to her and Prexy Kerr
Our hearts shall ever be.

November 1, 1918.

MINUTES OF BOARD OF
CONTROL MEETING GIVEN

Board meeting June 2, 1919. Those
present were Dr. Dubach, Prof. John-
son, Dr. Browne, Mr. Teutsch, Mr.
Watt, Mr. Cramer, Miss Holmes and
Miss Dorn. Officers for ensuing year
were elected: President, Dr. Dubach,
secretary, Miss Dorn. Moved bill
should be paid for illness of a stu-
dent during S. A. T. C. It was passed
that sweaters be awarded to baseball
and track men who complied with
regulations and qualifications of Con-
stitution. It was passed to give fresh-
men who complied with rules and
regulations of Constitution their class
numerals. It was decided to arrange
a date for next spring with the Fiske
University Jubilee Singers of Nash-
ville, Tennessee. It was decided that
the President of the Student Body
should attend the conference of Stu-
dent Body Presidents at Y. M. C. A.
conference at Seabeck. It was passed
to pay bill for auditing Student Body
books. Discussion of printing Consti-
tutions with amendments next year.
Meeting adjourned.

LOIS DORN,
Secretary of Board of Control.
