# The O. A. C. Barometer

VOL. XXVI.

OREGON STATE AGRICULTURAL COLLEGE, CORVALLIS, OREGON, FRIDAY, MARCH 12, 1920.

NO. 44.

## SLEUTHS UNEARTH YEAR'S BIG SCOOP

### Deepest Secrets of Beaver Popularity Contest Are Exposed

## BALLOT BOX STUFFED

### Dark Motive Behind Secrecy is Dis- covered by Dopsters Who Tell Everything

For weeks the public has been fooled, waiting with childlike faith for the returns of the Beaver popularity contest. But with the subtle intrigue of "Dimmie" Mather trying to get a date, with the elusiveness of Major Seibert escaping from drill, and with the smooth language of "Bill" Teutsch presiding over the student body, the Beaver sleuths have determinedly maintained their silence. However, the Beaver "dope fiends" had reckoned without two important factors, the curiosity of the multitude and the determination of the Barometer to keep its word and print the results as promised.

### True Results Discovers

Amazed at the refusal or the failure of the Beaver to live up to its intimated promise and announce the results through these columns, the Barometer's secret service men were instructed to determine the reason for this change of policy in the hitherto publicity loving editors. No matter how dark and low their motives should prove to be, they should be published to the critical world. Through the dark hours of the night they toiled, sleuth against sleuth, until finally the forces of righteousness conquered and the truth was brought to light.

### Modesty Sole Motive

Modesty, and modesty alone, was found to be the driving motive which led to the crime of the Beaver staff. For when the votes were counted and checked, it was found that one of the perpetrators of the contest had himself been elected to high honors. The help of the institution is none other than Leo George Christof Spitzbart!

Considerable division of opinion was manifested by the ballots and in fairness it has been decided to name the leading candidates for the different positions. Those basking in popular favor are:

### Athletes Found Popular

Most popular woman, Irene Brey, Alma Scharp; most popular man, "Spee" Keene, "Butts" Rearden, "Cac" Hubbard; most beautiful girl Alma Scharp, Elynore Sweeney; most handsome man, "Waldemar" Stinson, Ben Schumacher, Ransom Cook; best man dancer, "Bob" Stewart, "Oz" Walker, she vamp, Esther Bush, Grace Crandall; fashion fiend (she) Eleanor Flynn, Esther Bush; fashion fiend (he) Howard Stoddard, "Shorty" Spriggs.

These were the candidates who seemed to lead in the widely scattered voting of the student body as a whole. There has been no particular attempt to conceal the returns as they are not final. The Beaver sleuths have not yet finished counting the votes. It is not believed that Mr. Spitzbart's elevation to office is responsible for this delay, however.

### Frame-up Feature of Contest

The secret "dope" on the contest, and the material that the Barometer men worked hardest to unearth is that of the frameups. Spitzbart's belief in human goodness lead him to make no provision for guarding the ballot box while his contest was in progress and as a result many ill directed minds conceived the idea of stuffing the box.

Many "framed" votes were cast and the tickets were so numerous that it is hard to tell from canvassing the ranks of the student body cut ups just who all did frame special tickets and vote all the tickets they could get hold of.

Perhaps the most shocking of the tickets was that of a well known and respected women's organization which sent in about 30 votes most of which were in the same handwriting. This even puzzled the redoubtable Mr. Spitzbart and just who the offenders are cannot be divulged. Their guilty consciences must for the present be their only accuser.

## JUNIOR-SENIOR GAME OCCUPIES LIMELIGHT

### Upperclass Teams Meet Tonight Stars of Both Primed for Hard Fought Ordeal

The juniors and seniors will meet in basketball at 5 o'clock today in the men's gymnasium.  
The juniors are working out under the leadership of "Ernie" Arthur of the varsity and claim to have a formidable aggregation. Among those who are playing on their squad are "Heinie" Anderson, Rickson, Bryant, Gill, Rose, Keene, Russell, Campbell and Ross. Their definite lineup is not yet known.

The senior team has also been putting in some good work and is just as confident as its opponent. Members of the senior squad from which the lineup will be chosen are Seibert, Mather, Elderton, Conklin, Harner, Murhard, Foreman, Morris, Parsons, and Keller.

The winner of tonight's contest will meet the freshman team for the inter-class championship.

## BEAVER IS LARGEST

### 1921 ANNUAL TO CONTAIN 555 PAGES. ART WORK GOOD

Co-operation of All Students is Required, Due to Delays Caused By Sickness

More than 45 junior staff members of the 1921 Beaver are hard at work trying to get the lion's share of the work done this term. Sickness at Ball's studio has caused a delay in getting pictures, also sickness has been more or less prevalent among the staff members.

This makes it imperative that every student co-operate with the staff in every manner possible. Several write-ups of organizations are yet to be handed in. It is necessary that they come in this term. The size of the Beaver has had to be increased this year. It now contains 555 pages and is the largest annual in the northwest.

### Art Work is Good

The staff has been co-operating with the art department and the art work is considered exceptionally good this year. The classical idea of working up the book is coming on fine, according to the staff.

All women taking physical education are to have their pictures taken at 1 o'clock today, unless rain prevents. All women's classes for this hour will be dismissed. The pictures will be taken on the bleachers on the north side of Science hall. Instead of taking the 700 in one picture as formerly, this year the pictures will be taken in several groups so that the faces will be more distinct.

Competition between the Ag club and the Commercial club has been keen to see which will have the largest picture in the Beaver.

The freshman and sophomore pictures will be taken immediately after school begins next term.

The Phi Delta Theta fraternity won a fast and furious game from the Sigma Chi club last night, the final score being 21 to 7. The Phi Deltas won the basketball championship of the school as a result of the game.

The star of the Sigma Chi team was "Shrimp" Morris, who made five points.

The Phi Deltas played good ball with Stoddard, at forward, high point man with a total of 14 points. Rose at center and McDonald at forward also helped cinch the victory.

The winners of each league will receive a plaque, while the Phi Deltas will get a plaque and also the silver cup, which has reposed on the Kappa Sig mantle for the last year.

The summary:

Phi Deltas (21)	(7) Sigma Chi
Stoddard (14)	Stoddard (14)
McDonald (5)	F... (5)
Rose (2)	C... (5)
Parsons	Kirk
Kasberger	Rose (2)
Gill	C... (2)
Wayne	Blomgren
West	Boone
Countryman	S... Tyrell
Arbuthnot, referee.	

## VARSAITY STARTS ON LONG TRIP

### Four Conference Games to Be Played by Team in California

## MEN NOT YET PICKED

### Contest With Salem Nine Called Off. Weather Handicaps Training of Squad

"Jimmie" Richardson and his varsity baseball team will leave at 6:18 Saturday evening for a two weeks trip in California. The team will arrive at Santa Clara at 12:50 Monday and unlimber Monday afternoon. Tuesday morning they will have batting practice and in the afternoon will line up against Santa Clara university.

Stanford to be Played Wednesday

From Santa Clara the team will go to Palo Alto where they play Stanford Wednesday and Thursday. Friday and Saturday they play Berkeley. Sunday and Monday will be spent in San Francisco. The team will leave Monday night for Sacramento. Tuesday and Wednesday the "arsity will be guests of the Sacramento club of the Pacific Coast league and a game will be played on the afternoon of each day. Wednesday evening the team will leave Sacramento for Chico where they will play Thursday afternoon. Thursday night they leave Chico for Corvallis.

Emphasis will be placed on the four conference games. These are the only games of the trip being financed by the College and they are the ones that are important from a percentage of wins and losses. The best possible attacking machine will be thrown against Berkeley and Stanford. Considering the fact that these two teams have been practicing since last October and that the Aggies have had but a few weeks of badly interrupted workouts it can easily be seen that the odds are with the two southern teams.

Salem All Star Game is Off

The game with the Salem semi-pro team scheduled to be played here Saturday before the team left was cancelled by Coach Richardson. He found this necessary because of the condition of the diamond and the fact that he has not yet decided on men for some positions. The latter fact makes it necessary to play a game between two teams of varsity players Saturday afternoon and two or three men will not be decided upon until after this game. The game will start at 2:00 in order to give the men time to catch the 6:18 train.

The game with Salem may be played later in the season.

"Jimmie" has not had sufficient opportunity to see some of the men under fire and as a consequence third base and the outfield positions are not cinched by anyone. He has practically decided to take Gill and Baker both along as catchers. He planned to use Kramien as utility catcher but his arm is in poor shape and this is impossible. Captain "Spee" Keene, "Lefty" Miller, Babb and Hughes will be taken as pitchers. All these men are in fair shape.

Palfrey Sure of Place

Palfrey is working in wonderful form at first and his job is assured. Seibert is working good at second and will hold this position on the southern trip. Kasberger is the third infielder sure of going south but it is not certain yet whether he will go as shortstop or third baseman. The infield fight now has narrowed down to three men: Hubbard, Heiss and Humphrys. If Heiss wins out he will play short and Kasberger will be shifted to third. If either Humphrys or Hubbard wins they will go to third and Kasberger will take care of short.

The outfield positions which have worried the coach so far are still unsettled. Kramien who pulled up a high batting average in the ship-yard league in Portland has left field landed because of his hitting. Two more outfielders will be taken and they will be selected just before the team leaves Saturday. The race for these positions has narrowed down to Hartman, Rickson, Long, Summers and Rearden.

Entertainment to all visiting representatives will be provided by the Pacific university which this year entertains the state contest. The place of contest is taken in rotation each year by the institutions represented in the state conference. The meet was held at the College last in 1917.

(Continued on page 4)

## SOPHOMORES BEATEN BY LOWLY FRESHMEN

### First Year Men Triumph 18 to 16 in Hard Fought Contest Played Wednesday Night

The rooks triumphed over the sophs in a fast game Wednesday. Seven rooks on the first team were barred by Coach Billie, but enough stars were left to defeat the members of the soph team.

The game was refereed by Babe McArt, who handled the game in a capable manner.

The sophomores put up a hard scrap and fought the first year men to the final whistle. Hatfield and Herndon showed fine form for the sophs, while Borgeson did some accurate shooting for the rooks.

The summary:

Freshmen (18)	(16) Sophomores
McKenzie	McKenzie (2)
Larsen	Larsen
G... (2)	G... (2)
Grider	Grider
McCadden (4)	McCadden (6)
Hermann	Hermann
Elderton (4)	Elderton (8)
Hatfield	Hatfield
Borgeson (6)	Borgeson (8)
Stoddard	Stoddard
Domstedt	Domstedt
Presley	Presley
S... (3)	S... (3)
Van Allen	Van Allen
McCart, referee.	

## STUDENTS HOLD LIVELY SESSION

### Vice-President Installed and Matters of Vital Interest Discussed

## YELL TRYOUT IS SOON

### Millage Tax Measure and Importance to College Told by Lloyd Carter and H. M. Tennant

The installation of John C. Gray as third vice president, report by Lloyd Carter, chairman of the Greater O. A. C. committee, on the millage tax campaign, and several musical numbers were features of the last Student Assembly meeting of the term Wednesday.

John Gray installed

To fill the vacancy made by Cecil Dunn's withdrawal from College John C. Gray was installed as third vice-president by President "Bill" Teutsch.

## GYM HIKE IS PLANNED

### Will Have Chance to Make Up Work for a Week

All those who are behind in their gym work will have an opportunity to make up a week's work by hiking to Sulphur Springs tomorrow morning. The springs are about four miles north west of town.

Owing to the fact that there are a number of students who have wanted to see the springs for some time, Jim Arbuthnot planned the hike. All those who want to go will meet at the men's gym at 9 o'clock tomorrow morning.

## CONTEST TONIGHT

### STATE ORATORS TO MEET AT PACIFIC UNIVERSITY

## W. P. Black to Represent O. A. C. Party of Seven Will Leave On the 1:35 S. P.

W. P. Black college orator, accompanied by a rosters delegation, leaves at 1:35 today on the Southern Pacific electric for Forest Grove to attend the state oratory contest tonight, in which eight colleges of the state will meet to decide the championship of the state in oratory.

Black is entered with an oration entitled "The Camel's Nose in America's Tent," which deals with the immigration problem and is considered an original and forceful piece of work. Black has been training consistently under the personal supervision of Dr. George R. Varney and is expected to make a good showing.

### Eight Colleges to be Represented

Besides O. A. C., the University of Oregon and six other of the smaller colleges of the state will be represented. Several of these organizations have put out creditable candidates in the past and it is expected that competition will be keen. Orations have been judged by them on the basis of thought and composition. Tonight another set of three judges will award places to contestants on the basis of delivery and presentation. First place will be awarded on points to the candidate placed highest by the six judges.

### Classes Will be Represented

The accompanying party from the College consists of six persons, Bernard Mainwaring, senior representative; "Bob" Warren, junior; Harold Rearden, sophomore; Oliver Hazen, freshman; "Don" Morse, forensic manager; and Dr. George R. Varney, coach. In times past it has been customary to send two delegates from each class, a man and a woman, but this was impossible this year on account of shortage of funds for forensic work. Delegates are chosen by the presidents of the various classes on the basis of prominence in forensic activities, appointment being considered a recognition of service.

### Orange Owl Explained

The nature of the Orange Owl was explained. It was pointed out that this was a student publication and students are expected to contribute, and that the contribution of one story would place the student submitting it on the list of contributing members. It will be from this list that the staff for next year will be chosen.

The first issue will be out the latter part of May and the price of sale will be about 15 cents. The publication will be about the size of "Life" or "Judge."

### Pharmacy Increase Big

The School of Pharmacy claims the record for increase in registration over all the schools and departments in the College. To date there is an increase of over 150 per cent as compared with the total attendance during the last normal school year, 1916-1917.

## PROF. CORCORAN RESIGNS POSITION

### Instructor in School of Commerce Leaves to Join Forces of Goodyear Tire Co.

John J. Corcoran, assistant professor of accounting and business administration of the School of Commerce has resigned to take charge of the statistical research division of the Goodyear Tire and Rubber company of Akron, Ohio. This position is said to offer a real opportunity both as to salary and future. It is one of responsibility, having a future limited only by a man's individual possibilities. The Goodyear company is an immense organization, employing approximately 30,000 persons and its policies are progressive and expansive.

Professor Corcoran is a graduate of the University of Minnesota and the Walton School of Commerce and Finance of Chicago. Before coming to the College last fall he did post-graduate work at the Universities of Wisconsin, Chicago and California, and at the Columbia University graduate school of business administration in New York City. A successor has not yet been appointed.

## CANVAAS IS PLANNED

### STUDENT ASSEMBLY MOVES TO INSURE REGISTRATION

### Committee Will See That All Voters Are Signed Up for Millage Tax Vote in May

In order that no votes for the millage tax may be lost through neglect of the students to register, arrangements have been made for student registration on the campus. Students may register in the regular manner at Mr. Clifford's office, room 112 Agricultural building, between April 5 and 10.

### Committee to Work

A committee consisting of Robert Watt, John Gray, Ruth Stewart, Lynn Sabin, Dierdre Carnes, Merle Briggs and Elise Price has been appointed by the Executive Committee to take charge of the registration. This committee will check up on every student who is eligible to vote, and will get in personal touch with everyone who has not registered.

### Men's Union Helping

A committee appointed by the Men's Union has charge of the publicity for the campaign. Members of the committee, who are: "Jack" Cowley, "Mike" Moore, Arthur Tilton and David Rackleiff, are getting out placards reminding the students to register.

## WASHINGTON CLUB TO SEND DELEGATES

### Committee Will Go to High School Meeting During Vacation to Explain Millage Tax

The Washington high school club is planning to give the millage tax measure its whole-hearted support. At its meeting yesterday plans were completed to send a delegation of three speakers to appear before a special assembly at the high school during vacation week. Other schemes including matinee dance were discussed and a committee on the dance was appointed. Mimeographed sheets giving pertinent facts on the needs of the College were given to each member for use during vacation.

## HOOD CLUB IS ACTIVE

### Hood River students Will Meet Tues- day at 7:00 in Y Hut

The Hood River county club is out to do its share in the millage tax campaign. It will hold a meeting next Tuesday evening at 7 o'clock in the Y hut for the purpose of forming final plans for boosting the measure during vacation week. Everyone from the Hood River district is urged to be present and give the club their support.

## PLANS LAID FOR BIG TOURNAMENT

### Military Department to Put on Exhibition at 7:30 Tomorrow

## GOVERNOR TO ATTEND

President Kerr will present commissions to the officers of the Cadet Regiment

With pomp, splendor and the roar of guns, the greatest military tournament in the history of O. A. C. will be held tomorrow evening at 7:30 in the Armory.

Everything is set for the big show. The teams for the various contests have been practicing hard and keen rivalry has developed. The non-competitive exhibitions have also been carefully planned and some thrillers are expected. The floor of the Armory has been covered with sawdust to keep down the dust and to insure better footing for the horses in the mounted contests.

### Formal Guard to be Given

First on the program will be an exhibition of formal guard mounting given by one company of the R. O. T. C. to be chosen today. This is one of the most interesting formalities of the army and is thought to be quite fitting for an opening event.

Next comes the part of the program given over to the co-eds, who under the direction of Miss Edna Cocks will present a novel drill with wands, Indian clubs, and marching. From observations made at practice the girls are said to have it all over the men when it comes to drilling.

### Competitive Drill Feature

The fourth event will be the most spectacular of the evening, it being a competitive drill, including firing by a gun squad from each of the field artillery batteries, working on the big three inch guns. The squads have been practicing for more than a week and are preparing the guns for action and firing shells in record time.

The exhibition bayonet exercise directed by Cadet Captain Earl Hutchings is expected to provide thrills aplenty. An equipment race is to be another feature on the program.

### Machine Guns to Demonstrate

Another event of interest will be the exhibition drill and firing of the Browning machine guns. Attachments which have recently been invented for firing blank ammunition in the guns will receive their first public tryout. This is considered an honor to the school to be the first to demonstrate the invention.

President Kerr will present the commissions to the cadet officers. He has made a special effort to be present in recognition of the men most active in the R. O. T. C. work.

Two comical events will follow this, the mounted wrestling contest and the musical chair ride participated in by the men in the artillery unit. The trusty steeds will play an important part in the performance.

### Field Artillery to Exhibit

An exhibition of driving and firing by a section of field artillery men will wind up the program. This is said to be a spectacular event.

Governor Olcott and several other prominent persons will be present and will be received and accompanied by Captain Sharp, head of the field artillery unit. Cadet Captain George A. Powell is to be master of ceremonies. Admission for faculty and townspeople will be 25 cents and students 15 cents. Tickets are on sale at the Co-op and Allen's drug store. The affair starts at 7:30 and will continue for about two hours.

### The annual Miners-Foresters basket- ball game will be held Monday evening between 5 and 6 o'clock.

### KEEPING OUR PACT WITH THE U. OF O.

Eugene awoke Sunday morning with the Oregon O on Skinner's Butte brilliantly painted in orange and black, the colors of the Aggies. The presence of a number of O. A. C. men in Eugene Saturday night is not believed to be connected with the affair because of the pact made with the Aggies last term which prohibits the painting of the O and the stealing of O. A. C.'s iron woman.

Things of this nature which have happened on the campus before have been found to be the work of outsiders. When the iron woman was taken from Corvallis last term the blame was first laid upon the university but investigation proved that its students were not responsible for the breaking of the pact.

In all probability persons not connected with either the university or Agricultural college were responsible for the painting. It is unfortunate that the traditions regarding the O should be violated by those who have no connection with the university and who have developed such a marked ability to "monkey with the band wagon."—Oregon Emerald.

We believe the Emerald is right in its belief that the painting of the O was not done by O. A. C. men, and it is certainly taking the right position. The sentiment in both institutions is to keep the pact which was made. In case of violations, the first impulse is to blame the other school, but investigation usually proves the damage to have been done by outsiders who possess a misdirected sense of humor and want to "start something." Who painted the O is not known but the O. A. C. student body does not countenance the action. Nobody here wants this college to break its pledge, and the same feeling prevails at the university.

### COLLEGE WOMEN TO DINE IN PORTLAND

Big Get Together Affair Scheduled For Friday, March 19 at One of City's Hotels

Vacation time will be inaugurated for O. A. C. girls with a big get-together dinner at one of the Portland hotels on Friday evening, March 19, at 6 o'clock.

Senior girls who are going to Portland on the annual field trip will not leave. Women graduates who live in and near Portland will be there. Girls who reach Portland by Friday for their between-term vacation will be there, he they freshman, sophomore, junior or senior.

In fact, all women in Portland on that date who have any leaning toward the O. A. C. and have had some definite connection with it will dine together. President Keri may be the only one of the sterner sex privileged to be present.

A good dinner will be served for only \$1 or \$1.50. Arrangements for the dinner are in the hands of Miss Edna Groves, '98, who is in Portland. In order to get in on this get-together dinner the girls must sign their names to the list posted on the "special" bulletin board in the Home Economics building before tomorrow night.

### SOPHOMORE GIRLS DEFEAT ROOKESSES

Good Playing of Second Year Women Decides Basketball Game; Score is 13 to 3

The sophomore co-eds won from the freshmen in basketball Tuesday 13 to 3.

Stellar playing of Gladys Murray for the sophomores contributed to the victory of the second year women. Ha

Spaulding substituted for Miss Murray, and did good work. Ruth Flint made three points for the freshmen. The teamwork on both sides was good but the freshmen were not a match for the sophomores.

Freshmen (3) (13) Sophomores Flint (3) (9) Murray Mills (2) (1) Goldstaub Proctor (2) (1) Michel Duncan (1) (1) Moore Tudisell (1) (1) Van Hollebeck Anderson (1) (1) Gillette Sears (1) (1) Spaulding (1) (1)

### GILFALLAN AT YALE

1916 Graduate Saves Associate's Life by Quick Action

F. A. Gilfallan, a 1916 graduate in pharmacy, is now at Yale university where he is studying for his doctorate degree. Recently he had the opportunity to save the life of one of his associates who had been poisoned. The poisoning was due to oxalic acid which was dispensed instead of epsom salts. A tablespoonful of the acid had been taken, an amount sufficient to kill but proper antidotes were administered and the patient saved.

### Foresters Climb Peak

A car load of forestry students motored to within a short distance of Mary's peak recently where they parked the car and walked the rest of the way. They climbed to the top of the peak. There was little wind to speak of and the boys found it very warm even though standing in a foot of snow.

### Holt Leaves for New Job

Willard C. Holt of Seio, and a sophomore in commerce, has accepted a position at the Boys State Training school and left Wednesday to take up his new duties.

## NOTICES

The state aid checks are not ready and as soon as they come the business office will call all the houses and the dormitory.

All those wishing to order Beaver annual pins, leave order with one dollar deposit at Wm. Konick's Jewelry store. Orders must be in before end of semester.

Senior pins with following initials are still uncolored for at Wm. Konick's jewelry store: MJL, QJC, EWD, CPC, GTH, PGL, AED, MBW, GLH, WT, SSG, OEW, WTE, IAM.

All cadets are requested to pay their first sergeants 15 cents each today for the military section of the Beaver.

The March meeting of the woman's college club, scheduled for March 13, has been postponed until Saturday, March 27. The chairman for March, Mrs. J. M. Clifford, and her committee are rehearsing a play to be given on that date in Shepard hall at 3 o'clock.

There will be a business meeting of the Cosmopolitan club at the Y hut, Friday night, March 12, at 7:30 o'clock. This will be the last meeting before the vacation and there are many important matters to be considered.

Freshmen will be required to resume sewing their green caps at once.—22 Vigilance Committee, Heyden, chairman.

The Mask and Dagger club will hold an important meeting tonight at 7:30 in room 22 Administration building. All members are requested to be present.

Group pictures will be taken on the north side of Science hall as follows: Ag club, Tuesday, 8th hour; Commercial club, Wednesday after convol; Waldo hall, Saturday, at 12:45; Salem club, Wednesday at 12:45.

Attention is called to the college ruling regarding closed week-end. Women's dormitories and sorority houses will be closed to callers Friday night and Sunday.

Clackamas county students meet in room 22 Administration building Monday at 5.

### JEFFERSON H. S. TO HAVE ALUMNI DAY

O. A. C. Students from the Portland School Will Tell About the College's Needs

At a meeting of the Jefferson high school club held Tuesday night, important action was taken to aid in the passage of the millage tax law.

It was decided that a day during spring vacation should be set aside as O. A. C. alumni day at Jefferson high school. On this day speeches will be made by former Jefferson students attending O. A. C. with a view to aiding the passage of the millage tax law. In the afternoon a dance will be given in order that the alumni may be able to become better acquainted with the present students and also to stimulate interest in the millage tax.

Another meeting is scheduled for Tuesday night at 7:30, room 104 Library, and all former Jefferson high school students are expected to be present.

### SCHEDULE OF TERM'S EXAMS ANNOUNCED

Classes to Continue All Week and Students Are Required to Attend Them

The time for final examinations was announced by the president's office yesterday through W. A. Jensen, executive secretary.

The examinations will be given during regular class periods. If only one period is required it will come during the last class meeting of the term. If two periods are required it will come during the last two meetings.

Classes which are scheduled for Saturday morning will have their examinations before Saturday if practical. No classes will be adjourned during examination week.

Variations from the above plan will be made only upon the written recommendation of the department head, with the approval of the dean. Departments which are not in a school organization are to submit recommendations directly to the president's office.

### CO-EDS HAVE PICTURE

Group Photograph to be Used in Beaver and School Bulletins

The co-eds are excused from sixth hour classes today in order to have a group picture taken. This picture will be taken of the girls dressed in their gymnasium suits, and attendance is compulsory. The photograph will be used in the Beaver and summer school bulletins. This picture was to have been taken Tuesday but was postponed because of the rain.

## THE O. A. C. BAROMETER

### Mallory Spring Hats

You won't have to "duck" every shower to save your hat if you wear one of our—

### Mallory Hats

### "Cavenette" Finish

They shed water just as readily without one bit of sacrifice of style or quality.

The new Spring Styles are here— \$7.50 and \$8.00

### Silk Shirts

Judges of Silk Shirts and their values will recognize some excellent shirts. They are very reasonably priced and of quality for they cannot be beaten in town. Look them over and see for yourself.

### Brogue Oxfords

Extremely new these Brogue Oxfords; they are everything that a well dressed man wants in a low shoe. They are well made, mahogany color, square heels, cool and comfortable, and will not turn the feet. They should give excellent service. Come in and try them on.

## J. M. Nolan & Son

THE HOME OF HART SCHAFFNER & MARX CLOTHES

## THAT MILITARY OVERCOAT

Made over right. Drop in and see the many we are making over. We dye them any color to suit.

Have those Military Breeches cut to fit and in a military manner. Look like a soldier. Ye Students.—Know your old friend

## Chellis, The Tailor

He spent over a year in the Regular army as Battalion Tailor and knows the game.

## RACES WILL START

RELAYS WILL BEGIN MONDAY AND LAST TO WEDNESDAY

Relay Hall Clubs to Run in First Series; Nationals Second and Locals Third

The relay races will start off with a bang Monday night when the Poling hall men will run off the 220 yard relay to decide which club has the fastest team. The races will continue until Wednesday night. The national fraternities will run Tuesday night and the locals Wednesday night.

The schedule for this week's runs is as follows:

March 15 at 7 o'clock  
1st heat—Westerners club, Deschutes club, Wastina club.

2nd heat—Willamette club, Consolidation club, Del Ray club.

March 16 at 7 p. m.

1st heat—Theta Chi, S. A. E., Lambda Chi Alpha.

2nd heat—Sigma Phi Epsilon, Kappa Psi, Sigma Nu.

3rd heat—Kappa Sigma, Alpha Tau Omega, Phi Delta Theta.

March 17 at 7 p. m.

1st heat—Gamma Tau Beta, Omega Upsilon, Beavers.

2nd heat—Artec, Kappa Theta Rho, Kappa Delta Sigma.

3rd heat—Zeta Epsilon, Theta Delta Nu, Alpha Pan Delphi.

4th heat—Oregon club, Kappa Phi Delta, Orange club.

The winners of each heat will enter the finals. The winners of second place will run in semi-finals to determine who will run in the finals. The winners of the finals will receive plaques and the school champion will receive a suitable trophy. The teams on the campus will be divided in a way similar to the basketball league.

Washington State college athletic authorities have decided to erect a \$10,000 stadium to be ready by next football season. The Pullman people realize that they have lost money due to lack of seats at the big games, and have decided to remedy the deficiency.

Frank Coughlin, tackle on the 1919 varsity, has been elected football captain for 1920 at Notre Dame university. The giant tackle was the sensation of the year in eastern circles and bids fair to make a better record next season.

It was just recognition of class, that earned "Ernie" Arthur the basketball captaincy for next season. The scrappy forward was all over the floor all the time, and more than one guard felt the effects of his hard work.

The loss of "Ernie" and Eikelman was noticeable to followers of the varsity this season. After these two veterans took the bench the opponents of the Beavers seemed to have it just a little easier.

"Babe" and Gurley took the brunt of the hard work after "Eik" and "Ernie" were hurt, and both deserve much credit for their showing. Both got their eyes going and scored several field baskets in every game.

Durno has been elected basketball captain for next year at Oregon. He deserved the honor, being the only man on the coast to place on both Pacific and Northwest conference all-star teams.

Stanford has classified golf as a minor sport. The Stanford golf club will handle all tournaments. Matches are being scheduled with southern clubs and universities.

The freshman track coach, Coleman, wishes to announce that track practice will occur every evening from 4 to 6. The track will be used except in case of damp weather.

Gym classes for this semester will stop with this week. Next week will be devoted to making up of back gym numbers. All men delinquent should attend to this.

The varsity track men are making good use of the fine weather. The regular rains will soon be with us and the Army will be in great demand by the athletes.

The 220 men should get the kinks out of their legs in the near future, as the relay races for the campus groups start next Monday night at 7 o'clock. They will continue until every team has had a chance to run. The finals will be between the fastest teams in every league and the winner of each league will receive a plaque. The team winning the school championship will receive some suitable trophy.

The sopho went down to defeat be

## H. E. MEETING SOON

HOME ECONOMICS STUDENTS TO ATTEND GATHERING

Convention of Oregon Home Economics Association to be in Portland March 20

The Oregon State Home Economics association convention to be held in Portland March 20, offers what is considered a rare opportunity for women to get in closer touch with all phases of home economics work. Miss A. Grace Johnson, professor of household administration and president of the state association, has obtained prominent speakers for the meeting, all of whom are considered specialists in their line.

**CO-ED TEAM CHOSEN**  
Eight Debaters Are Assigned Place For Coming Contests

The question for the two co-ed debates has been selected and the eight girls divided into teams. The question for both debates is "Resolved that unjust labor conditions are the principal cause of the present state of unrest existing in this country."

The debate with Willamette is scheduled for May 14 and the women who will meet Willamette are: Affirmative—Florence Laird and Martha Overstreet, negative—Erna Von Lehe and Doris Jenkins. The women who will meet Oregon are: Affirmative—Lois Payne and Jeanette Cramer, and negative—Marguerite Gleason and Laura Garnjost.

**PROMINENT WOMEN TO SPEAK**  
Miss Cornelia Marvin, of the state library at Salem, has just returned from an extended visit in Japan and will discuss the opportunities of the home economics women of the Pacific coast to serve the women and hence the children of Japan.

Mrs. C. W. Hayhurst, of the Oregon State Parent Teachers' association will be another speaker. Dr. C. W. Moore, child specialist of Portland, will tell of ten years progress in children's diets. Dr. Moore is known for his work among European children during the war.

The convention will be held in the Girls' Polytechnic school, the morning session opening at 9 o'clock. All senior women making the field trip will attend and every home economics woman living in Portland or passing through there when leaving for the spring vacation, is invited to attend the meetings of the association.

The membership fee is 50 cents and may be paid at Miss Johnson's office. This meeting and the alumni-student banquet the night of March 19 are expected to create a spirit of fellowship and enthusiasm which will aid the college in the millage campaign.

**FLU BAN IS RAISED**  
FRESHMEN REQUIRED TO WEAR GREEN CAPS AGAIN

Vigilance Committee Takes Steps to See That Regulation Will be Enforced

Freshman green cap regulations, which were allowed to go unenforced during the period of the flu quarantine, went back into effect automatically with the removal of the ban, and the Vigilance committee is taking steps to see that proper enforcement of the regulation is secured during the remainder of the term.

The ruling was not at any time repealed but was temporarily unenforced through action of the committee in order to prevent needless exposure to rains at a time when conditions were critical in Corvallis.

Conditions Normal Again

Conditions are once more approaching normal since the removal of the flu ban by action of the city council of Corvallis on noon Wednesday.

Shows, churches, schools and other places closed during the quarantine are once more running and public gatherings of all kinds are now permissible.

Health conditions at the College were never critical nor of such a nature as to justify quarantine, but the ruling forbidding public meetings was made in order to co-operate with the city authorities in meeting a condition which was serious among the town's people.

The early removal of the quarantine is attributed in part to the sincere and timely co-operation of all people in Corvallis.

That the College played no small part in this is generally admitted.

Miss McCullough Here

Miss Addie McCullough, a graduate of '19, will spend this week end on the campus. Miss McCullough has accepted a position as teacher in the Philomath high school.

## PERT PATTERN

Of Sportdom By Sam Stroecker

The members of the Pert Patter of Sportdom are busy preparing for the upcoming season. The members of the club are working hard to improve their technique and to win the championship. The club has a long history and has many successful members.

**SOPH. GIRLS WIN**

**JUNIORS BEATEN IN FINAL GAME WITH 35-15 SCORE**

**Gladys Murray of Sophomore Team is Individual Star with 24 Points to Credit**

The sophomore co-eds won the class basketball championship last night, defeating the juniors 35 to 15.

With four of the team members of the varsity squad, the sophomores outplayed the juniors from start to finish. Gladys Murray was the star of the game, making 24 points of the sophomores' 35 points. Ella Spaulding also did good work, annexing 11 points. Anabel Chandler and Mary Hall for the juniors, got 12 and three points respectively. Miss Hall was handicapped by the size of the guard opposing her.

**Bookesses Meet Juniors**

The freshmen will play a challenge game with the juniors today the sixth hour, for second place, the juniors having won in their contest with the seniors. This will close the basketball season unless a post-season game is scheduled by the varsity team with Oregon for next quarter. It is hoped that this can be done, but no definite action has been taken.

**Sophomores (35) (15) Juniors**

Spaulding (11) F. . . . . (3) Hall Murray (24) . . . . . (12) Chandler Michel . . . . . J.C. . . . . Strain Moore . . . . . H.C. . . . . Lagus Gillette . . . . . G. . . . . Holmes Van Hollebecke . . . . . Reichart

**SLEUTHS GET SCOOP**

(Continued from page 1)

**Guess Whose Ticket It Is**

The ticket which this organization put up is as follows: Most popular co-ed, Hazel Strief; most popular man, "Spec" Keene; prettiest co-ed, Elynore Sweeney; most handsome man, "Clem" Sharkey; best man dancer, "Bob" Stewart; she vamp, Grace Crandall; he vamp, Flavins West; fashion fiend (he) Howard Stoddard; fashion fiend (she) Eleanor Flynn; college goat, Allan McComb.

The above is not printed as representing more than usual culpability. In fact it was but one of many. Frameups were so numerous that it would be useless to try to disclose them all. Many of the sororities are said to have tried to "railroad" the sisters into office. Verily all is vanity.

**Fraternities Not Above Suspicion**

Sad to say, it was not only the women who "stuffed" the ballot box and made the Beavers' popularity contest so hard to decide. Some of the fraternities indulged in the latest indoor sport. One group in particular is claimed to have collected all the copies of the paper that came its way and to have lined up several houses to support its nefarious purpose. More than 100 votes were turned in for substantially the same candidates. It is not known when the votes originated but one may be able to guess from the candidates supported where they did not come from.

This precious group of conspirators supported Alma Scharpf and Irene Brye for most popular woman; "Buck" Carlsson, "Ben" Schiewe "Lu" Foote and Willis Lathrop for most popular man. Other winners were, most beautiful girl, Irene Robinson, and Hazel Strief; most handsome man, Kenneth Hall; best man dancer, "Lucky" Bonney; he vamp "Bill" Heiss (we once called "Bill")

a woman hater but we won't again; she vamp, Lois Dorn; king of egotism, "Rook" Cooley; queen of conceit, Florence Holmes; fashion fiend (she) Esther Bush and Grace Crandall; fashion fiend (he) "Shorty" Spriggs; "Buck" Brandes and Dan Patterson; college goat, Arthur Tilton.

**Who Is Guilty?**

It is evident that several houses co-operated in the production of the above ticket. Perhaps a few sororities helped. The facts must remain a deep secret for the time being, but murder will out. Death to the conspirators. We have spoken.

One fact remains and that is to ignore why the Beaver would not divulge such interesting matter as this. Their oft expressed devotion to the cause of publicity is so utterly at variance with their late policy of secretiveness that there must be a deep reason.

**Cigars?**

Here again the Barometer secret service was called upon for its report and the diagnosis may be taken for what it is worth. It is claimed that the failure of the Beaver to tell the results in a straight forward manner is due to the fact that Spitzhardt did not want his election to honors known until the Beaver came out or at least until his engagement had been announced. This story is not checked for.

**PAMPHLET ISSUED**

**GREATER O. A. C. COMMITTEE IS COMPILING INFORMATION**

Booklet Will be Distributed Through State by Members of Organizations

The Greater O. A. C. committee is busy at work preparing information to be used by the students in boosting the millage tax measure in the May election.

**Work for Vacation Planned**

In order that everyone may make the most of the opportunity to work on the measure during the spring vacation, the committee will distribute in a few days to each of the houses and dormitories a pamphlet outlining a plan for the most efficient work.

In this will be given the information already published in addition to some newly outlined facts on the situation at the College. It will give pointers upon how to convince voters that they should vote for the measure. The organizations will be expected to urge their members to work hard in following out these instructions.

**Increase in Taxes Small**

That the taxes of the average taxpayer will be increased only \$2.50 is one of the main features of the bill to be brought out. A false report has been circulated to the effect that taxes will be doubled, should the bill pass.

A circular form letter is also soon to be distributed to the organizations. It will be written in a convincing way and is for students to use as a model in writing to voters throughout the state.

**"Phi Rollers" to Practice**

Arrangements are now being made whereby it will be possible to give senior students in pharmacy experience in taking a state board examination. Several specimen examinations will be given during the third term, and the student making the highest average will be awarded a prize of \$5.

**We Have Observed That**

The censor has been working on the pictures of the swimming team.

Disappointment will be universal.

And it took the photographer such a long time to make the exposures.

Politics (meaning national) is beginning to make an appearance.

"Oz" Walker is distributing Leonard buttons.

We never thought "Oz" was a military man but you never can tell.

All the Kappa Sig's are wearing them.

The big "dope" has been spilled at last.

"Gap" Powell had to take his commission out of the frame.

A new supply of "come see me" cards has been received at the military department.

The college girls didn't know there was a dance at the Woman's club Wednesday night.

The "sleuths" can now take a lay-off if they survive.

All the cadet officers are turning in their commissions to the department.

The artillerymen were out horse-ack riding Tuesday.

All are limping.

Some even suggest shock absorbers on the next ride.

Everybody was at the Armory last night to watch the girls practice for the tournament.

They will be one of the main attractions tomorrow night.

The rooks have blossomed out in green again.

Chronic fussyers are dismayed at the prospect of another closed week-end.

Exams seem to be as confining as the "flu."

**GAMMA TAU BETA LOSES TO PHI DELTAS**

Game to Decide Team Which Plays for School Championship is Won 9 to 6

The Phi Delta Theta basketball team clinched its claim on the finals in the intramural basketball league by defeating the Gamma Tau Beta team 9 to 6. The game was played on the big gym floor and many of the rabid port followers were on hand to see their favorites win.

The Gamma Tau Beta team was light and fast, but the heavy Phi Delta men were too much for the speed of Hatfield and Carr and managed to land the most baskets.

Stoddard, the Phi Delta forward showed the most stuff for the down town team by annexing most of their points. Rose, the husky center, also played his usual fine game, and had a fairly easy time with his opponent.

For the Gamma Tau Betas Ross showed up the best. However, his pure fire basket shooting did not stem the tide of the battle, for the lead run up by the Phi Deltas was too much for any one man to overcome. Hatfield also starred for the G. T. B. team, and later helped run up a score against the rooks.

The line-up for the game was as follows:

Phi Delta Theta (9) (6) G. T. B.  
Stoddard (3) . . . . . F. . . . . Carr  
McDonald (2) . . . . . F. . . . . (2) Bryant  
Rose (4) . . . . . C. . . . . (4) Ross  
Kasberger . . . . . G. . . . . Hatfield  
Gill . . . . . G. . . . . Mather

**VARSITY STARTS TRIP**

(Continued from page 1)

**Weather Has Been Bad**

"We will be badly handicapped when we go south," said Coach Richardson yesterday. "The weather conditions the last week have upset the training season plans, and instead of having the team picked by the end of last week and devoting this week to team-work we have been forced to warm up inside all the time. The players have had no chance to hit curve balls and develop teamwork. Consequently it is up to our pitchers when we go south. If they can come through with the goods we should get an even break in the conference games."

**GUN HODES**

The Sporting Goods Man  
**Base Ball and Tennis**

**For Party Wear**

Of interest just now to those looking ahead to party and graduation gowns, are suitable fabrics.

We Show for the First Time

- White Net Flouncings—Skirt length, ruffled and lace trimmed. Price . . . . . \$4.39 yd.
- White Organdy—Skirt length, flouncing both tucked and pleated, in white only. Price . . . . . \$4.35 yd.
- Wide Skirt Length Flouncing—Net, pleated net ruffles, blue edge. Price . . . . . \$4.98 yd.

The above fabrics are strictly new and just on the market. Our Shoe Dept. is just now showing some very pretty new Pumps suitable for dress wear.

Come in and try on the new models.

Visit our Millinery Dept. and see the New Spring Styles.
