

OAS Daily Barometer

VOL. XXXV.

OREGON STATE COLLEGE, SATURDAY, JANUARY 14, 1928

NO. 62

VARSITY RIDERS PLAY CITY MEN

Personnel Visiting Quartet
Recruited From Former
O. A. C. Malletmen

STRONG TILTS LISTED

Two Eastern Squads to Oppose
Home Team This Spring

Beaver malletmen will clash tonight with a Portland team composed mainly of Oregon State graduates, when the varsity squad plays the second game of the season at 7:30 o'clock in the armory. The visiting team is in charge of John Kenny, '27 graduate in commerce and captain of the 1927 polo team. Other members are Leo Beckley and Lorence Nolte, '27 graduates in agriculture.

"A large crowd is expected as the weather conditions have been milder and the temperature of the armory will be more nearly normal," said Lieutenant M. L. Stockton, polo coach. "The onslaught of winter prohibited many from attending the last game."

Spring Trip Planned

Plans are being made for games to be played at Boise, Ida., and Salt Lake City, Utah, next spring. The polo team at Boise is considered one of the strongest teams in the west, having been organized for several years.

In preparation of outdoor practice in the spring, the polo club has made a miniature polo field. Horses in proportion to the size of the field will be used to demonstrate the principles and fundamentals of the game when weather conditions prevent outdoor practice.

Flood lights suspended from the ceiling are expected to eliminate defects in the lighting arrangement used in the last game.

The line-up for the varsity team will be William McGinnis, junior in commerce or John Hardie, senior in agriculture, at No. 1; Wellington Gault, senior in commerce, at No. 2; and John Henderson, senior in forestry, at No. 3.

JOURNALISM STUDENTS COMPETE FOR PRIZES

Dibble Leads in News Contest;
Best Editorial Writer
to Receive Award

Students taking industrial journalism are already competing in the news, feature and editorial writing contests. For the first time a prize will be offered for the best editorial writing.

Those making the best record in news writing thus far include Earl Dibble, freshman in commerce; Gertrude Sick, sophomore in home economics; Marie Lane, sophomore in vocational education; Jim Dixon, senior in vocational education; Irene Eads, sophomore in commerce; Camilla Freil, sophomore in vocational education; Margaret Holmes, freshman in commerce; Lila Ojala, senior in vocational education; Vivian Shriver, sophomore in home economics; and Helen Willard, sophomore in vocational education.

Students taking practice work who have shown the greatest energy, and who are said to be in line for the Sigma Delta Chi loving cup are Mrs. Marian Simons, junior in vocational education; Julian Prescott, sophomore in military science and tactics; Forrest Pickett, sophomore in commerce; and N. J. Zylstra, sophomore in vocational education.

Students in feature writing credited with leading in the Theta Sigma Phi loving cup contest are Ralph Reichle, sophomore in commerce; and Robert T. Jones, sophomore in vocational education.

EXHIBIT PLANNED

The Oregon State chapter of Sigma Delta Chi, professional journalism fraternity, will sponsor the Educational exposition display representing journalistic activities on the campus. Campus publications will be displayed.

SENIOR BUST TICKETS DISTRIBUTED TUESDAY

First Class Function Plans
Include Show Followed
by Feed at Wagner's

Tickets for the senior bust will be given out Tuesday afternoon, January 17, in the lobby of the library between 1 and 5 o'clock. Only one ticket will be given each senior and names will be checked.

The bust will be in the Majestic theater and is the first senior class function for the term. The picture selected is "Lost at the Front," featuring Charles Murray and George Sidney. This picture is a big comedy production and is especially suited for class busts.

After the show the seniors will go to Wagner's where the management will serve something new and different in the line of refreshments. Tickets for the show will be torn in two at the door, the stub to be presented at Wagner's. The refreshments will be served at the door in cafeteria style. The management believes this method will eliminate the confusion of former busts, and will allow easier and better service.

"FAUST" SELECTIONS ON SUNDAY PROGRAM

Operatic Numbers Will Feature
in Musical Entertainment

Selections from "Faust" will be special attractions in the first public concert of the year by the Oregon State symphony orchestra Sunday, at 3:30 o'clock in the former women's gymnasium. Mrs. Marguerite MacManus, conductor of orchestras, has arranged the program of several operatic numbers.

Dr. William R. Hints, pastor of the Methodist church, will give short talks on the characters of Faust, Peer Gynt and Oberon in literature. The introduction of the numbers by a short prologue is a new feature this year.

The concert program will consist of the following: Overture to "Oberon" by Carl Maria von Weber; first orchestra suite to Edvard Hagerup Grieg's "Peer Gynt" composed of "Morning," "The Death of Asa," "Anitra's Dance" and "In the Hall of the Mountain-King"; Waltz, "Jolly Fellows," by R. Vollstedt; "Andante Cantabile," from the string quartet by Peter Tschaiikowski; selections from the opera "Faust" by Charles Gounod. The selections from "Faust" will include introduction; duet, act 3, Faust and Marguerite, "Let Me Gaze"; Soldier's Chorus; duet, act 3, Faust and Marguerite, "Oh, Tender Moon" and "Yet Once Again"; act 2, waltz and chorus, "Light as Air"; act 2, Faust, "High Born and Lovely Maid"; act 3, ballad, Siebel, "Gentle Flow'rs in the Dew"; act 2, Kermeesse and chorus, "Red and White Liquor"; act 3, Cavatina and Faust, "All Hail Thou Dwelling Pure and Lowly"; act 4, Soldier's Chorus, "Glory and Love to Men of Old"; act 5, Prison scene chorus, "Holy Angels in Heaven Blest."

EFFICIENCY OF COURSE PRAISED BY GRADUATE

J. Donald "Jiggs" Kroecker, '27 graduate in engineering, has written that he is putting his journalistic training at Oregon State college to use in publication work with the American Gas association testing laboratory. In his letter he praises the efficiency of the department of industrial journalism at Oregon State.

"It was about six months after I had started that I was jerked into headquarters office to edit a booklet off the press just last week," Kroecker reports. "Also, I am in charge of five inspectors strung from the Atlantic to the Pacific who see to it that appliances approved by the laboratory are built up to our standards. It is an interesting field but I won't try to sell you the laboratory today."

JOURNALISM AN ASSET

Norman J. Laughlin, '24 graduate of the school in agriculture, who is teaching in the high school of Yuba City, Cal., writes that his "workout" in industrial journalism is proving to be a valuable asset. He has been writing articles on the work of the high school department of agriculture for the local daily.

CONVO SCHEDULE OF TERM FILLED

John Erskine, Prominent Poet,
Sponsored by Committee
for Special Lecture

FIVE SPEAKERS NAMED

F. J. Kelly to Address Guests
at Educational Exposition

A schedule of five convocation addresses and two student body meetings has been prepared for the present term, filling all available assembly dates. The four remaining convocations will be January 25, February 8 and 17, and March 7.

A special lecture on April 2 by John Erskine of Columbia university has also been announced. This address is sponsored by the college lecture committee and the English department and an admission charge will be made. Erskine is author of "The Life of Helen of Troy," "Adam and Eve," and other works. The remainder of the schedule this term follows:

January 18—Student body meeting, general business and nominations for Beaver editor.

January 25—Convocation. Address by Dr. Ira Landrith, citizenship superintendent of International Society of Christian Endeavor.

Bishop Sumner to Speak
February 8—Convocation. Address by Walter Taylor Sumner, Bishop of Oregon, Episcopal church.

February 15—Student body meeting. Plans for Educational exposition.

February 17—Exposition convocation. Special address by Dr. Adolph Linscheid, president Oklahoma State Teachers college.

February 22—Washington's birthday. Legal holiday.

March 7—Convocation. Address by F. J. Kelly, dean of administration, University of Minnesota.

March 14 and 21—Final examinations starting or in progress.

CIRCUS PARTY PLANNED BY FRESHMAN COUNCIL

New Co-Eds on Campus Will Be
Guests at Entertainment
in Women's Building

A party for all new co-eds on the campus was planned by the inner council of the Girl Reserves at a meeting in Shepard hall last night. The entertainment is to be in the women's building from 7:30 to 8:30 o'clock early next week. Invitations will be sent to each new co-ed on the campus.

A circus will be the entertainment, according to present plans. A ring master, directing the program from a real circus ring, and a fat lady with her lean spouse will appear. Each Girl Reserve will be a part of the circus troupe. Pink lemonade and popcorn balls from a stand will be the refreshments.

Methods for raising the international quota of \$50 were discussed. This fund is a part of a general fund to which every college contributes for the education of European students in their own schools.

The name "inner council" was changed to "freshman council." The freshman council, composed of those who were Girl Reserve officers in high school, will be the chairman of future Y. W. C. A. committees.

ZIERENBERG TO SPEAK

Alfred Zierenberg, a student from Berlin, will speak to the Cosmopolitan club members tonight at 8 o'clock in Shepard hall on conditions in Germany. Fred Ishibashi, freshman in engineering, will entertain with a vocal selection, and Helen Lepper, freshman in music, will play a piano solo.

COACHING STAFF TO PLAY

As a preliminary to the Whitman-Oregon State basketball game here Saturday night, the Coaches and Officials association of Portland will play the local coaching staff, this being an annual affair. The game will start at 6:45 o'clock and the varsity game at 8 o'clock.

DONATIONS RECEIVED FROM PHARMACY GROUP

Women's Auxiliary Gives Rug,
Mirror and Furnishings
for Lounging Room

A room has been furnished for the use of women students in the pharmacy building during their free hours. The women's auxiliary of the Oregon State Pharmaceutical association gave a large mirror and a rug. A bridge lamp was added by A. Zieffe, dean of the school of pharmacy, and Mrs. Zieffe.

Other donations are a davenport, straight chair, rocker and table. The furniture is of wicker with overstuffed cushions in orange and black. Orange and black silk pillows and several pictures complete the furnishings.

The room will be altered during the summer vacation, and several features, including a cloak room and dressing table, will be added. Other women students than those registered in pharmacy will be welcome here during their leisure time.

STUDENTS OFFERED TRAVEL OPPORTUNITY

National Federation Conducts
Tour for Men and Women

Opportunity to travel in Europe at a price cheaper than charged for a commercial tour is offered Oregon State students by the Confederation Internationale Des Etudiants, through the National Students Federation of America. Invitation was extended to 100 American students to make the tour of Europe in company of a foreign student guide. The same number of European students will visit this country as the guests of the N. S. F. A.

Groups of not more than 14 students, graduates or undergraduates of outstanding personality, will cover the various itineraries under the direction of a professor. Ten of these groups have been arranged that students may visit a particular section of the country although the tours cover the whole of Europe.

Selection of the 100 to make the trip will be made by the N. S. F. A., on a basis of capability of taking real advantage of the opportunity and of ability to represent their country abroad. Both men and women may register, although they will in no case travel in the same group. Costs of the tours vary from \$495 to \$769 plus the personal expense of the students.

Registration closes May first. Further information may be obtained in the student body office in the commerce building.

CHAIRMAN FOR GIOCCOSO ELECTED BY HONORARY

Delta Psi Kappa, national honorary in physical education for women, has elected Edna Bloomstrom, senior in vocational education, as chairman of the committee for its stunt at the Gioccoso, women's fun fest, the latter part of the term.

Plans to investigate the success of the point system for membership used by the Women's Athletic association on other campuses were discussed at the meeting. The topic to be given at the next meeting was presented for consideration.

Colored Singers Please With Versatile Program

By Art Critic

Bits of the old south mingled with classical numbers to swell the volume of applause for the Williams' colored singers in the Presbyterian church last night. An audience largely composed of students and faculty filled the auditorium. The unusual selection of numbers, including several duets and quartet from the opera, surprised the listeners.

The soloist in the number "Breezein' Along" was accompanied—so the audience thought—by a banjo, until closer observation failed to reveal anything other than the lips of the singers moving, "plink, plink." A steam calliope imitation, one of the features remembered by Frederick Berchtold, professor of English lan-

BEAVER CAMPAIGN ENDS NEXT WEEK

Price of Oregon State Annual
Far Below Rate Charged
by Coast Colleges

PUBLICATION LIMITED

Advertising Posters to Aid
Publicity Workers

The final Beaver sales drive of the year will begin Monday morning and continue through the week. The end of the campaign, on January 21 will close all sales. The drive will be centered in the library.

A sign which will be of interest to all students because of its comic appeal will advertise Beaver headquarters, according to Marian Conklin, circulation manager. Posters, designed by Delbert Snider, senior in commerce, will be placed in all campus buildings. A series of advertisements new to the campus is being worked up by George Griffis, sophomore in commerce.

Groups Urged to Buy

Fraternities and sororities are advised by William Boldenwick, manager, to buy copies for the house files and to send to other groups off the campus. After 2500 copies have been sold, no more can be ordered.

At a recent convention of annual editors and managers from a number of coast colleges and universities, it was learned that other institutions of the same size charge a much higher rate for their annuals than is charged for the Beaver. The average price of annuals on other campuses is \$7.50. Many schools charge for the annual in student fees. In this way the staff knows the exact number of books that it should order, while on this campus a figure has to be estimated. A number is chosen between last year's sales and the number of students registered in school.

RADIO PROGRAM AIMS TO MEET RURAL NEEDS

Citizenship and Constitution
Topic of Eight Lectures
by J. F. Brumbaugh

KOAC, college radio station, has begun the new year with a varied program, designed particularly to give agricultural service and entertainment to the rural family and to present such features of college activity that are best suited to radio broadcasting.

Among new programs scheduled for the winter term are a series of eight talks on "Citizenship and the Constitution" by J. F. Brumbaugh, professor of psychology, in the form period each Thursday night at 8:10 o'clock. "Gems of Literature," given by members of the English department staff each Tuesday night at 8 o'clock will include discussions of some of the outstanding and lasting contributions to world literature "Farm Newswriting," a lecture to a correspondence class in farm, home and community news-writing, will be given by C. J. McIn-

(Continued on Page 3)

HOOP GUESTS AND COACH NAMED GUESTS OF HONOR

Cageman's Ball Will Include
"Missionary" Aggregation
at Gardens Tonight

The varsity basketball squad and Coach Bob Hager will be guests of honor of Art Ewell's College Gardens orchestra at the Cageman's ball tonight. The Willamette College team has also been invited as special guests of the Oregon State college at the dance which will be at the College Gardens after the basketball game.

Plans had been made for the dance last week but were cancelled because of the team's absence in the middle west. This event is planned to honor the team for its showing on the barn-storming trip this season.

A similar dance was given last year by the Pop committee with Morrie Sharp, junior in commerce, as chairman. Decorations and an original feature received the commendation of the team and coach as being in keeping with the spirit of the dance.

Arrangements for the dance this term were made by James Goss, senior in agriculture, through the courtesy of Art Ewell, who reports that they will be as entertaining as those of previous years.

SENIORS MAY SUBMIT COLLEGE ACTIVITIES

Co-eds Will Work on Yearbook
as Secretaries of Staff

Seniors who have not submitted their activity blanks will be able to do so next week in the Beaver office. A box of blanks will be on the table. Four requirements are made for each senior's picture in the Beaver—name, course, home town address and fraternity, sorority or independent organization.

Checking of the new seniors registered this term is nearly completed and a list of seniors and juniors will be available by the last of the month. This will practically complete the upper-class section, since the pictures of officers and committees are being taken.

A number of persons who have had pictures taken have neglected to return their negatives to Ball's studio. These persons are requested to return them and to signify their choice as soon as possible to prevent delay in the photographic and engraving work.

The following members have been appointed to the Beaver staff as secretaries: Anne Weiner, sophomore in commerce; Irma Hoech, sophomore in home economics; Gretchen Schmidt, freshman in commerce; Virginia Jones, freshman in commerce; Madge Capock, sophomore in commerce; May Hanigan, sophomore in vocational education; and Elinor Hartwell, freshman in commerce. These women will check Beaver material and handle the arrangement of copy.

ENGINEERS TO EXHIBIT MINIATURE AUTOMOBILE

A miniature automobile will be one of the main attractions of the mechanical engineering department of the Educational exposition February 17 and 18. The midge car, which possesses unusual speed and power, was built by Charles Rolls, '26 graduate in mechanical engineering.

A Buick car and a Willys Knight sleeve valve engine will be run and tested for power output and fuel consumption. Cut away samples of all makes of carburetors will be another automotive attraction. A large map of the United States showing the location and occupation of graduates will be displayed. Many demonstrations of the equipment of the engineering laboratory, including demonstrations of steam and gas engines, turbines and testing machines will be included in the completed plans. Ralph Hooker, senior in mechanical engineering, is in charge of the work.

POISON OAK DECREASING

Students are becoming more immune to poison oak, according to Dr. G. R. Matthis, health service medical adviser. One case of poison oak was reported this week in comparison with 93 a year ago, after similar weather conditions. Dr. Matthis reported student health good this year, having a decrease from 180 to 47 patients on one day.

ORANGEMEN MEET WHITMAN TONIGHT

Last Practice Game of Season
Before Coast Conference
Contest With Idaho

FABRE WILL REFEREE

Missionary Quint Rated Strong
by Maple Court Men

Oregon State's Orange quint will play the Whitman college five tonight in the men's gymnasium. It will be the last practice game of the season for the Orangemen before they open the Pacific Coast conference season against the Idaho Vandals next Thursday night in Corvallis. The O. A. C. coaching staff will play a team from the Coaches and Officials association of Portland in a preliminary game at 6:45 o'clock. Leon Fabre of Portland will referee the Oregon State-Whitman game, which starts at 8 o'clock.

The Orangemen expect to face stiff opposition in the Missionaries clash tonight. The Beavers had little trouble in downing the Gonzaga Bulldogs, 44 to 25, in the first home game of the 1928 season. Coach Bob Hager used 15 players, three different teams working against Gonzaga at one time or another. The Orange first string quintet checked closely on the defensive, although the second and third teams did not guard so well.

Conference Dope Varies

Whitman lost to Washington by a two point margin Thursday night, the Huskies winning, 27 to 25, after a hotly contested battle. The Missionaries also lost a tough argument to Washington State, the Cougars taking the long end of a 19 to 12 count. Whitman defeated the University of Montana Grizzlies, which in turn won easily in a two game series with the Gonzaga Bulldogs.

Woods, forward; Holmgren, center; and Buck, guard; each scored three field baskets against the highly-touted Washington defensive. Back and Woods tied for high point honors for the Missionaries with seven points. Woods and Buck played with the Walla Walla team against the Orangemen in 1925. The Missionaries are reputed to be a speedy combination this year, and are said to be deadly.

(Continued on page 3)

INSTRUCTOR TO RELATE AVIATION EXPERIENCES

Twenty-six Months' Service
Forms Basis of Speech
for Club Meeting

P. X. Knoll, instructor in economics and sociology, will speak on his experiences as an air pilot in the World War at the first Orion club meeting of the year in 303 mines building, at 7:30 o'clock Monday evening. Mr. Knoll has had 26 months experience in the air service. After his talk he will answer questions concerning the work.

A social chairman will be elected to fill the place left vacant by Dellis Cornutt, sophomore in commerce, who did not return to college this term. Special saxophone and violin solos are being prepared by Earl Dibble, freshman in commerce, and Donald Giffanders, sophomore in engineering.

All away samples of all their reports and plans for the term's work. Beaver picture receipts will be available. Initiation plans will be given by Alvin Hare, senior in agriculture. All non-affiliated men and faculty, living north of Monroe street and west of Fourteenth street, are invited to attend.

SCULLEN TO GIVE PAPER

H. A. Scullen, bee specialist of the Oregon Experimental station, plans to attend a meeting of the American Honey Producers league in San Francisco, January 21 to 30. Professor Scullen will give a paper on "Beekeeping Opportunities and Problems of the Pacific Northwest." He intends to spend two days collecting material on Oregon insects in the California Academy of Science, Saturday, January 28 he will spend in conference on the subject of marketing honey.

Still Growing
Acorns grow to oaks. Likewise, mole-hills become mountains, in the eyes of some persons, if given a chance. The whole concept depends upon the perspective. To the person with his eye to the ground the mole-hill looms large—a veritable mountain; viewed from one's natural upright position the same mole-hill remains—a mole-hill.

And so the cancelled luncheon engagement for Kirby Page has grown from a matter concerning some 25 students here until it now embraces "J. S. H., the Emerald, and thousands admittedly injured by the cancellation," in the words of the Oregon Emerald.

In the same cited editorial the Barometer is quoted in its view on the matter—partially quoted, to be exact—that no real material loss resulted from the said cancellation. Pleased as it is by the solicitous concern over this attitude shown by our sister institution and aware that our constitutional rights are being ably championed, yet the Barometer reiterates the sentiment of its previous editorial—theoretically there was a great loss; practically it amounted to little for reasons that have been cited in these columns before.

It is odd that from a one-day visit to the campus a person should be qualified to pass judgment upon the whole institution. Yet in a number of news articles, originating from Eugene, gospel quoted from Kirby Page goes out to the press of the state; so now we learn from the Emerald that Oregon State has "subsidized" opin-

Saturday—
4:00—Orchestra, former women's gymnasium.
8:00—Cosmopolitan club, Shepard hall.
Sunday—
3:10—Orchestra, former women's gymnasium.
Monday—
5:00—Miss Gudrun Carlson, library 100.
5:00—Waffle breakfast chairman, Shepard hall.
5:00—Y. W. C. A. council, Shepard hall.
6:30—Seekers executive committee, Congregational church.
7:30—Orion club, room 303 Mines building.
7:30—Alphoe club, 336 North Tenth street.

Key West where they will board a battleship for Cuba to attend the Pan-American conference.
Rather than censure, it seems that such action should merit commendation, especially as it concerns the Pan-American conference. The United States cannot maintain the time-worn theory of isolation—it has gone too far in the affairs of the world. And the United States regards affairs of the western continents as peculiarly its own province. That the president himself chooses to attend merely shows the importance which the nation attaches to the workings of the union of nations of the west.

Latest treasury figures place the gold reserve stock in this country at \$4,500,000,000, but that doesn't help us.

Short skirts cause la grippe, according to physicians. We knew they caused masculine eye trouble but we never heard of a man sneezing at a woman in short skirts.

These go-getters may be sorry some day that they got 'er.

Student fees will be payable Tuesday. This means you.

Where there's a will there's a woman.

ANNOUNCEMENTS

The Cosmopolitan club will meet in Shepard hall Saturday evening at 8 o'clock for the first meeting of the term.

Alphoe club will meet Monday evening at 7:30 o'clock at 336 North Tenth street.

Members of the college orchestra are asked to meet in the former women's gymnasium at 4 o'clock this afternoon. Members are also asked to report in the same building Sunday before 3:10 o'clock for the concert.

Miss Gudrun Carlson will speak in library 100 at 5 o'clock Monday afternoon on "What the Housewife Should Know About Buying Meats."

All social events for this term are requested to be scheduled in the office of the dean of women by 12 o'clock today.

Membership blanks for the Oregon State Ad club may be obtained from Delbert Snider, senior in commerce, Marian Van Sooye, senior in commerce, or Howard Towers, junior in commerce. Persons securing these blanks are requested to fill them out and return them to the person from whom they were obtained before next Wednesday.

The executive committee of the Seekers will meet at 6:30 o'clock Monday evening in the Congregational church. This includes all officers and chairmen of committees.

Members of the Orion club will meet at 7:30 o'clock Monday night in room 303 mines building.

Waffle breakfast chairmen will meet Monday afternoon at 5 o'clock in Shepard hall.

Y. W. C. A. council will meet Monday afternoon at 5 o'clock in Shepard hall.

RADIO PROGRAM CHANGED
"New Discoveries in Science," given over KOAC every Thursday night at 8 o'clock, has been changed to Friday nights at 7:20. Short discussions on interesting scientific developments will be given by H. T. Drill, instructor in physics. This material is presented by Science Service, an organization sponsored by several scientific bodies, principally the national research council and the American Association for the Advancement of Science.

PLEDGING ANNOUNCED
Sigma Phi Sigma announces the pledging of Wilson Pratt of Los Angeles, Cal., freshman in mechanical engineering.

Church Calendar

Lutheran—
Ernest J. Probst, pastor of the Lutheran church, Sixteenth and Monroe streets, will preach at the 11 o'clock service on "The Gracious Call of God—Come and See." Sunday school classes are at 10 o'clock. The Bible class at 7:30 o'clock, will continue the reading of the story of John Eliot, first missionary to the American Institute.

First Baptist—
Rev. Daniel Bryant will give a special communion address and hold the ordinance of the Lord's supper at the 11 o'clock service Sunday in the First Baptist church. The choir will sing "In the Secret of His Presence" by Foss. In Mrs. Bryant's college Bible class at 10 o'clock, Denver Garner, junior in vocational education, will direct a dramatic study of the "Conversion of a Dishonest Tax Gatherer."

At 5 o'clock the social hour, and 6:30 o'clock the devotional service will be held for all young people. At 7:30 o'clock the evening congregation will listen to the report of Jens Svithin, junior in agriculture, and Clair Taylor, junior in electrical engineering, who attended the national Baptist Young People's Union convention in Philadelphia last July. Mrs. P. W. Lloyd will sing the solo for the evening. The orchestra will play "Twilight" by McDonald and Lloyd, the trombone solo played by Bruce Beardsley, and "Dawn of Love" by Bendix.

Methodist—
"The Results of Eight Years of the Volstead Act" is the topic of Rev. Edward J. Harper's sermon Sunday at the Fifth Street Methodist church. The sermon is concerned with the celebration of the eighth anniversary of the eighteenth amendment. Mrs. Grattan Keirns will sing, and Miss Lucilla Bates will play a violin solo. "Face to Face With God" is the sermon for Sunday evening. Community singing will be led by Judge Victor P. Moses. The student fellowship hour will be at 5:30 o'clock and Epworth league at 6:30 o'clock.

Methodist—
"S. O. S." will be the topic of the Sunday morning sermon by Rev. William Hints, pastor of the Methodist church. His subject for the evening will be "Jephthah's Vow."

Helen Wood, sophomore in home economics, and the choir will sing "O Power Eternal" by Luigi Luzzi for the morning service. "As Pants the Hart" by Sophr will be a special selection by the choir for the evening. Social hour will be at 5:30 o'clock. "Christmas Experiences" will be the theme of the publicity department, which has charge of Epworth League at 6:20 o'clock. M. Dorwin Pillars, senior in electrical engineering, will preside.

Good Samaritan Episcopal—
A student corporate communion and breakfast will be Sunday at 9 o'clock at the Good Samaritan Episcopal church. All Episcopal students on the campus are urged to attend. The following services will also be on Sunday: "Holy communion, 7:30 o'clock; church school, 9:30 o'clock; Trinity club, 10 o'clock; and Holy communion and sermon, 11 o'clock.

Catholic—
Mass will be at 8 and 10:30 o'clock Sunday morning in St. Mary's Catholic church. Father Francis P. Leipzig, pastor of the church will give the sermon. Benediction will follow the 10 o'clock service, which will be a high mass. Father Leipzig returned this morning from an extended trip in California.

First Christian—
Rev. C. W. Reynolds, pastor, will preach on "Boys and Girls, Nice and Naughty" for high school night at the First Christian church evening service. The High School Glee club will sing.

The Young Peoples' Bible class at 9:45 o'clock will discuss the secret of real Bible study. The regular social hour will begin at 5:30 o'clock. Christian Endeavor will meet at 6:30 o'clock. The regular morning service will begin at 11 o'clock.

Congregational—
"Christ and Your Education," a topic especially designed for college students, will be the theme for the Sunday morning sermon at 11 o'clock by Rev. F. R. Morrow, pastor of the Congregational church. This is the

OTHUS DEMONSTRATES ROWING FUNDAMENTALS
Club Members Plan to Finish Shelter on Mary's River by Work of Group

MANAGERS DISCUSS CREW
J. C. Othus, rowing coach, gave a demonstration of the fundamentals of rowing at a meeting of the Oregon State Rowing club in the men's gymnasium. An oar, an outrigger, a slide and a table were made into an improvised rowing shell. Handling the oar, both in and out of the water, was discussed in detail. During the demonstration, such terms as "ready all," "catch," "sweep" and "stroke" were explained.

PREP HOOPSTERS WIN FROM ROOKS

Benson Guard Stars in Play; Yearlings Attempt Rally

Coach "Slats" Gill's fighting rooks were nosed out of a victory in the last two minutes of play by the powerful Benson Tech team of Portland. Brajovitch, Benson guards, brought the score to the final point 20-19 by sinking a cripple with a minute and a half to go. The rooks fought desperately to recover the lead but were unable to score any of a number of attempted shots.

Anderson, forward, made two foul shots soon after the game started. Benson quickly overcame this advantage with a foul by Brajovitch and two long shots. The rooks then settled down and through superior playing had run the score up to 8-5 in their favor at the end of the quarter.

The rooks held Benson to three foul shots in the second quarter and looped in six points for themselves. Coach Gill put in several new men, all of whom worked well. The rooks entirely outplayed their opponents this period.

Joe Mack, forward, started the second half by a pretty dribble from the center of the floor ending with a nice cripple. The Techmen started scoring and overwhelmed the second string rooks, bringing the score to 18-16 in favor of the freshmen at the end of the third quarter.

Coach Gill sent in the first string at the opening of the last period but Benson tied the score with a pretty basket from the foul line. Both teams tried many long shots but neither was able to score until Brajovitch got the ball under his basket and tossed it through. The rooks made a foul shot but were unable to score another point. Following is the lineup for the game:

Rooks (19) Benson (20)
Ballard (2) F..... (6) Raikko
Bell..... F..... (3) Clark
MacLeod (4) C..... (2) Inglo
Drager (2) G..... (8) Brajovitch
Anderson (6) G..... (1) Manno
Substitutes: Benson—Anderson,
Gasoway, Rooks—Bacon, Pinkerton,
Mack (5), Grayson, McKalip and Mitchellson.

ORANGEMEN MEET WHITMAN TONIGHT

(Continued from page 1)
accurate on the offensive in the basket shooting department.

Coach Nig Borleske and the Missionaries will arrive in Corvallis this morning. Whitman's starting lineup will probably be Woods and Croxdale, forwards; Holmgren, center; Buck and Newman or Norberg, guards. Woods, Buck and Holmgren have been named on the all-star quintet of the Northwest conference.

Oregon State has won eight games and Whitman two in 10 contests between the two teams since 1916. Whitman won the first encounter that year, 13 to 6. The Orangemen have won every game since 1923, winning two games that year and two the next. Oregon State won 12 to 11 from Whitman in 1925 after a grueling struggle which was not decided until the final gun.

Coach Hager will probably start the same lineup which opened the Gonzaga game with Frank Patterson and Captain Bill Burr, forwards; Carl Aase, center; Don Hartung and Bud Wascher, guards. Jack Savory will probably go in for Aase, with Tommy Matthews and Oramel Shreeve, forwards; and Mush Torson and Phillip Mills, guard.

Cliff Cordy, forward, had his left shoulder severely injured when he crashed into the glass door leading to the varsity dressing room following the Gonzaga game and will be on the shelf for some time.

John Drager, center; Sid Johnson, Eugene O'Bryan and Ray Price, guards; and Henie Hart, forward, who also saw action against Gonzaga, may be given a chance to again show their wares depending upon the closeness of the game.

Another thing. You can learn by mail to speak good English, and that will astonish your friends.

Heads Girls' Leagues

Miss Ethel Elliott, Medford high school, president of the Girls' league association of Oregon, who will take a prominent part in the conference at the University of Oregon, January 13 and 14.

Girls' athletics, social life, even styles of clothing, will be discussed at the session of Association of Girls' Leagues at the eighth annual high school conference at the University of Oregon, and the most interesting program ever offered at such a meeting is promised.

The session will open at 10:15 on Friday, January 13, and will be in charge of the Women's Athletic Association of the University. Ethel Elliott, Medford, head of the high school organization, will preside.

A welcome address by Nellie Johns, president of the W. A. A. of the University, will open the program. "Training Rules for High School Girls," will be the topic of Dr. Wilmoth Osborne. "Rhythmic and Dance," will be described by Miss Martha Hill, instructor in physical education. The Oregon point system for athletic participation will be explained by Miss Emma Waterman, of the University, who will also talk on athletics.

At noon the Eugene high school will entertain the Girls' League presidents with a luncheon.

Dean Esterly on Program

At the afternoon session which meets at 1:30 Mrs. Virginia Juby Esterly, dean of women of the University, will deliver the welcome address. This will be followed by an address by Ethel Elliott, head of the organization. Topics to be discussed at this meeting are "Organization and Purpose of Girls' Leagues," "Financing of Girls' Leagues," and "Social Life and the High School." Election of officers will take place at this time, a. s. o.

At 4 o'clock a swimming demonstration will be held in the swimming pool in the Woman's building, and at 4:30 swimming will be enjoyed by all.

Style Show Planned
Saturday morning the Women's Athletic Association of the University will stage a demonstration in the gymnasium in the Woman's building, at 9:30. A style show, at which clothing worn by girls on the campus will be shown, will take place at 11 o'clock in the Woman's building. The group will end its sessions at noon Saturday.

PHI KAPPA PHI RECEIVES REPORT OF CONVENTION

A report of the biennial convention of Phi Kappa Phi held in Nashville, Tenn., December 28 has been received from Earl Helgesson, '26 graduate in agriculture, a member of Oregon State chapter of Phi Kappa Phi, who acted as delegate.

Mr. Helgesson, who is doing fellowship and research work at the University of Wisconsin, also acted as delegate for the fellowship department of the convention of the American Society for the Advancement of Science in Nashville at the same time. Members of Phi Kappa Phi will meet Thursday to consider the report.

PLEDGING ANNOUNCED
Alpha Gamma Rho announces the pledging of Thomas Heaton, San Francisco, Cal., sophomore in agriculture.

Intramural Winners To Pose for Picture

Members of the Sigma Chi track team and the Theta Chi basketball team winners of their respective sport, will have their Beaver pictures taken today in front of the men's gymnasium at 11 o'clock. These men are asked to be there on time in gymnasium suits.

As We See It

Washington Pavilion
The new field house or basketball pavilion at the University of Washington is all it has been cracked up to be, according to Ralph Coleman, director of intramural athletics. Coach Coleman saw Washington play University of Illinois in the opening series of games in this huge pavilion. The place is not alone a basketball pavilion but most anything else one wants to turn it into, according to Coleman. The floor can be taken up and in its place you have a dirt covered football field with plenty of room for spectators. Arrangements have been made for an indoor track, tennis courts, baseball batting cages and other sports. The building is of enormous proportions and outshadows anything of its kind on the coast.

Indoor Track Meet
The first indoor intercollegiate track and field meet is scheduled in this pavilion March 3. An eighth mile dirt and cinder track will be available. The space for the field events covers over one-third of the floor space of the building. The new track, one of the finest in the west, has a 75-yard straight-away and is wide enough for six flights of hurdles.

Dribble Versus One-bounce
We notice that Coach Craig Ruby of the University of Washington is in favor of elimination of the dribble and agitates a single bounce rule instead. According to reports, he favors the change for the general welfare of the game. "My belief in the necessity of a change is based on the situation in Illinois where the stalling attack is carried to an excess," said the coach in a recent news article. "On small high school floors the five man defense proves so strong that it causes stalling."

"My belief that the one-bounce rule will create a better game is based on six weeks' practice with it last spring. It means more passes, more intercepted passes, and more activity by players generally."

Referring to the recent trip of the University of Illinois five to the west coast, where they were defeated in two out of three games by the University of Washington, Coach Ruby said: "In one game, with 12 minutes to play, Washington obtained a point lead and began a 'keeping away' game in the center of the floor, which was virtually impossible to break up under the coast rule interpretations, which prevent the opposing team from become aggressive."

Elimination of the dribble would be met with disfavor in these parts as was proven by a vote of the different conference coaches on the coast last year. The vote which was conducted by Bob Hager, Orange basketball coach, was 9 to 1 in favor of retaining the dribble.

Due to the fact that Coach Ruby is one of Dr. Meanwell's former players we are not surprised that he would be in favor of such a change. Dr. Meanwell was the instigator of the change, as we understand it.

H. H. GIBSON TO GIVE COURSE IN CLUB WORK

Nine 4-H Members in Class;
Seymour Will Lecture
One Hour Each Week

A course in agricultural club work in the elementary schools is being given this term for the first time since 1922. The hours are Monday and Thursday at 5 o'clock and Wednesday at 4 o'clock.

H. H. Gibson, professor of agricultural education, is in charge. H. C. Seymour, state club leader, will lecture Mondays on the history and organization of 4-H clubs. L. J. Allen and Miss Helen Cowgill, assistant state club leaders, will also give sections of the work.

Nine home economic and agricultural students active in 4-H club work are taking the course. This work is a foundation for county agricultural and club agents. A similar course for rural teachers is being given at the normal school in Monmouth by Mr. Seymour.

KEARNS APPOINTED MEMBER
W. A. Kearns, director of physical education, was appointed a member of the volleyball rules committee of the National Collegiate Athletic association. Dr. J. H. McCurdy, of the International Y. M. C. A. college, is chairman of the committee.

Joseph Williams in "The Detour"

Joseph Williams as "Wainstein," one of the amusing characterizations in "The Detour," by Owen Davis. Moroni Olsen Players.

HANDBALL SERIES TO START MONDAY

Logan and Cloyes Officials of Intramural Tourney

The intramural handball series will start Monday. The handball series that took place during the forepart of the second term last year was run off with great success, according to R. O. Coleman, coach of intramural athletics. Organizations were divided into four-team leagues, each team playing three games. The team with the highest per cent was declared winner of each league. These leagues then played off for championship of the different groups. The winner of each group then played for the championship of the college.

There were five teams competing last year, playing four to six games each night. Approximately five weeks were required to complete the series. The Phi Sigma Kappas won the championship of the Nationals by defeating the Beta Theta Phi's by a close score. Theta Nu Phi's won the championship of the Locals. Orions of the Independent league won the college championship.

Johnny Logan, sophomore in vocational education, and Willard Cloyes, junior in commerce, will act as judges and officials for the games. Any organization forfeiting a game is requested to notify either Logan or Cloyes so that they can notify the opposing team.

RADIO PROGRAM AIMS TO MEET RURAL NEEDS

(Continued From Page 1)
tooth, professor of industrial editing, each Wednesday at 7:20 o'clock.

Two additional features in agricultural service this term are "Lessons in Marketing," given each Tuesday night at 7:20 o'clock, sponsored by the Oregon Countryman and "The Story of Wheat" by Donald D. Hill, instructor in farm crops, Tuesday nights at 7:20 o'clock. Later in the term a series on "Plan Breeding" will be given by E. N. Bressman, associate professor in farm crops.

The programs open each night from Monday to Friday at 7 o'clock with the campus reporter, who devotes from 5 to 30 minutes giving campus news furnished by Sigma Delta Chi, professional journalistic fraternity, and late Associated press dispatches furnished by the Gazette-Times. These are interspersed with musical selections furnished by Graham and Wells, Corvallis music leaders.

The farm topics on Mondays are given by extension specialists, with C. R. Briggs and J. R. Beck, agricultural agents of Benton and Polk counties, respectively, alternating with extension news of their territories. Animal husbandry topics are given in the timely topic period Tuesday nights, farm crops on Wednesday, soils on Thursdays and horticulture on Fridays.

"News of the Poultry World," which includes material on profits in poultry from the United States department of agriculture, and poultry news given by members of the college poultry department staff is given each Tuesday night at 7:45 o'clock.

"Chats with the Homemaker," a program for the housewife, will be given Wednesday, Thursday and Friday nights at 7:45 o'clock. Aunt Sammy, the radio service figure from the United States department of

agriculture gives her chats Wednesday and Fridays, and the Thursday period is taken up by a member of the college staff, discussing some topic of interest to the homemaker.

The Grange lecture hour conducted jointly by Mrs. Minnie E. Bond, state grange lecturer, and the extension service is from 8 to 9 o'clock Wednesday.

From time to time events on the campus deemed of interest to the radio audience will be broadcast. These include convocations, concerts by musical organizations and athletic contests. Basketball games played during the winter will be broadcast by remote control from the men's gymnasium.

HONOR SOCIETY PLEDGES

Marian Conklin, sophomore in home economics, and Helen Rostvold, senior in vocational education, were formerly pledged to Theta Sigma Phi at a meeting yesterday.

SPEAKERS PREPARE FOR COMING EVENT

New System Used in Selecting College Representatives

The varsity extempore speaking squad is practicing in preparation for the state extempore speaking contest in April and the Pacific Forensic League contest March 29 at University of Southern California.

The squad now consists of George Byrne, freshman in commerce; Townley Bale, senior in electrical engineering; Barnard Jay, sophomore in agriculture; Thomas Stevenson, freshman in commerce; Frank Parker, freshman in engineering; Clarence Bitts, junior in commerce; Daniel Bryant, sophomore in vocational education; Ted Hutzog, junior in commerce; Jens Strith, sophomore in agriculture; Eskine Sandys, sophomore in commerce; and Raymond Carlsson, sophomore in commerce.

From this squad of 11, five will be chosen the first of February. Later two more will be selected from the five, the best one of which will represent Oregon State in the Pacific Forensic League contest and the other will be entered in the state extempore speaking contest.

This is the first time the squad system has been used for selecting the contestants. Before the two contestants were selected at a single try-out. The new system will give the contestants more training and will raise the standard of their speaking, believes E. W. Wells, assistant professor of public speaking and coach of extempore speaking.

NEW RADIO INSTALLED ON REGULAR SCHEDULE

A 100-watt short-wave radio is now in operation in Apperson hall using the call 7AJR. Satisfactory communication has been carried on with many middle west and California stations, according to Jacob Jordan, associate professor of physics, and a regular schedule is followed with a station in LaTouche, Alaska. Eighteen selected stock reports are sent to LaTouche every night at 5:30 o'clock.

The Hertzian type antenna used requires no ground or counterpoise and has very little loss from lead-in radiation. A small light which can easily be seen at night flashing on and off over Apperson hall, is connected to the antenna to register the radiation.

RIDE IN THE RED BUSES

Our Drivers Are Careful and accommodating

"The Way of All Flesh"

Emil Jannings and Phyllis Haver in the Victor Fleming Production "The Way of All Flesh," A Paramount Picture.

AT THE THEATRES

Adolphe Menjou's picture "A Gentleman of Paris," showing at the Whiteside theater today, is said to be one of the most entertaining pictures in which this popular star has ever been presented.

Menjou is cast as a gay young Parisian philanderer. Much of the comedy of the picture is built around the romantic entanglements from which he must escape to make his marriage possible. It is a novel situation when Menjou discovers that a fair charmer with whom he has been toying is the wife of his valet. For a moment there is a threat of tragedy, but Menjou turns it into a laugh.

Hoot Gibson appears in "Galloping Fury" at the Majestic theater today for the last time. He is supported by Otis Harlan, Sally Rand and Ed Coxen.

"The Way of All Flesh," Emil Jannings' First American starring vehicle, comes to the Whiteside theater next Monday, Tuesday and Thursday.

According to reports from exhibitors and critics wherever this picture has been shown, it is the crowning achievement of Jannings' brilliant career. The story takes Jannings through three separate and distinct cycles of life, each demanding an

exactitude of treatment that required months of preparation and study.

Belle Bennett, whose "Stella Dallas" established her as a great screen artist, plays opposite Phyllis Haver in the "other woman." Scattered throughout "The Way of All Flesh" are many other strong, important parts, each in the hands of an able player. There are the six children at the beginning of the story, the happy family mothered and fathered by Jannings and Miss Bennett. In this groups or Philippe de Lacy, Mickey McBan and Betsy Ann Hise. Philippe, Mickey and Betsy Ann will be recalled for their portrayals in "Beau Geste."

SNOW ASKED TO SPEAK

Frank L. Snow, professor of industrial journalism, has been invited to be one of the available speakers for a convention of Sigma Delta Chi, national journalism honorary fraternity, by Walter R. Humphrey, director of the speakers bureau of the fraternity.

MALVERN GROSS TELLS OF TRAVELS IN ORIENT

Experience as Radio Operator Gives Student Opportunity to Visit Far East

Riding in a jirikisha for 20 cents an hour and seeing a show six hours long are some of the pleasures of a trip to the orient enjoyed by Malvern J. Gross, junior in electrical engineering, who talked to members of Eta Kappa Nu, honorary fraternity in electrical engineering, about his experiences as radio operator on board the S. S. President Lincoln. He made two trips to Japan, China, Philippine Islands and Hawaii this summer.

Gross gave three principal uses of radio aboard ship—the safety afforded by it both in preventing accidents and in summoning help, the economic value, and the convenience afforded passengers and crew. From the news received, a daily newspaper is printed for the 700 passengers and the crew. Messages are sent at reasonable prices, one being able to send to San Francisco from the Japanese coast at 22 cents a word.

The largest theater in Japan is not only modern in construction but also modern in prices, admission being \$2.50 American money, explained Gross. The stage scenes are shifted by revolving the whole stage, a new set being ready on the other side. Shows start at 4 o'clock in the afternoon and last until 10.

While progressive in some respects,

the Japanese still cling to the old custom of taking off their shoes before entering a house. Instead of eating their meals at tables as we do, they sit on the floor before a low table. A dish of glowing charcoal is placed in the middle of the table, and the meals are cooked "while you wait."

The Japanese boys are as interested in baseball as American boys, and even school boys are equipped with regulation suits. Gross was amused when, amid loud jabberings in his native tongue some one would call out "strike," and burst into more jabbering. Although the president of the Philippine university has no athletics to worry him, he had a hard time stopping dancing. Things have come to such a point that students must have a debate or literary program to have an excuse for dancing.

TRADITIONAL IDEA USED FOR "AG-HOME EC" BALL

The "ag-home-ec" ball, a big fun dance of the college year, is scheduled for January 20, in the women's former gymnasium. Ted Anderson's orchestra will play and the programs will carry out the traditions of the "ags and home-ecs."

The decorations are expected to make one think he is really back on the farm. Afton Zundel, junior in agriculture, has been appointed chairman of committee to handle decorations in place of Edmund Stephens as formerly announced. Prizes will be offered for the most novel costume, the most curious looking couple and the hardest looking individual. Overalls and calico are expected to be the popular garb.
