EXPERIMENTAL COLLEGE

SUMMER 1991

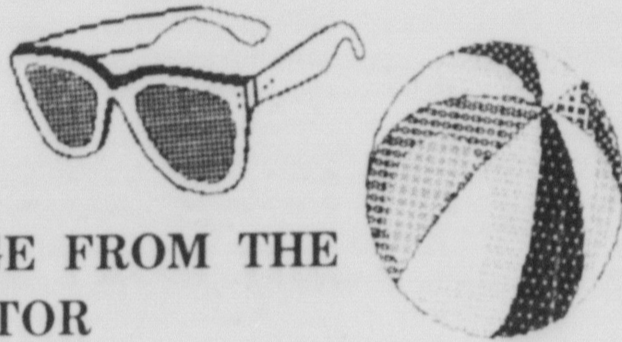

FUN IN THE SUN

Have you heard that Corvallis is more fun during the summertime than at any other time of the year? It is true! And the Experimental College helps make it more fun. We have trips to places all over Oregon, wine tasting classes, meditation classes, and much more. All classes have a \$2 registration fee and most don't cost any more than that. Classes that do have material fees cover tickets, transportation, or handouts. The EC staff is looking forward to spending the summer with you. So come and join us for some "Fun in the Sun!"

Sincerely,

EC Staff

A MESSAGE FROM THE DIRECTOR

Summer is finally here!! June marks my first term as the Experimental College director. We'll have an all-new staff this summer and throughout next year. Starting this Fall, Jennifer Kveton will be the Northwest Excursions assistant, and Zsa Zsa Palagyi will be the promotions assistant. I want to wish them a great summer and say that I'm looking forward to working with them in the Fall. Stacey Epping will be the financial assistant both this summer and next year. I'm glad that she'll be working with us, especially this summer!

We're all looking forward to continuing to bring you a wide variety of alternative classes. If you have any comments or questions about any of the classes, feel free to drop in and ask us. We'd also like to hear any ideas that you might have for new classes. If you'd like to teach them, even better! Our scheduled office hours for Summer term will be 8:30am-1:30pm Mon. thru Fri. starting June 17.
