Sol-dier mem'-ries will ev-er stray, Back to scenes that are far a-way, To the  
Troops are hik-ing in kha-ki files, Maids have cheered with the brav-est smiles, Oh, it's  
Shells have blast-ed the whole night long, Lines are read-y with cour-age strong, We're—

old, old— ties 'neath the home-land skies, A - far from the din of the 'fray! Oh, he  
off! and a-way! to the thund'ring fray. It's tramp! boys,— tramp! thru the miles! And it's  
off for a clench! there in Frit-zie's trench, To right a — world wide— wrong! Dou-ble

dreams once—more while the can-non roar, Of the hours of a bye-gone day! For  
nev-er —quit till you've done YOUR BIT Where the gun of the Hun be-guiles! For  
quick thru the fire, for the next barbed wire, To the tune of a Yan-kee song! Oh

## I. "THERE'S A LITTLE GIRL BACK HOME, BOYS"

(A song to be sung by our Army, to our Army, for our Army. Three verses and a chorus that you can't forget.)

### VERSE 2:

Troops are hiking in khaki files,  
Maids have cheered with the bravest smiles  
Oh, it's off! and away! to the thund'ring fray,  
It's tramp! boys, tramp! thru the miles,  
And it's never quit till you've done YOUR BIT,  
Where the gun of the Hun beguiles! For, there's a little girl, etc.

### VERSE 3:

Shells have blasted the whole night long,  
Lines are ready with courage strong,  
We're off for a clench there in Fritzie's trench,  
To right a world-wide wrong!  
Double quick through the fire for the next barbed wire,  
To the tune of a Yankee song: Oh, there's a little girl, etc.

## III. "U. S. KHAKI SONG"

(Five rousing verses and a chorus that goes with a swing)

### VERSE 2:

There are "scraps of paper" that most solemnly were signed,  
There are sacred treaties but they never bind,  
There were notes so very friendly, full of shams, full of lies,  
There are plotting traitors, there are dynamiting spies!  
Come,

### CHORUS:

Put on your khaki, Boys, fill up every rank,  
We tried "watchful waiting" when the Lusitania sank! etc.

### VERSE 5:

That thing called KULTUR sings a Song Of Hate,  
Sends wounded men and nurses to a ghastly fate,  
Drops bombs on little children while they laugh in play,  
And klinks the glass to these things when they toast  
"THE DAY"! Come, etc.

## II. "FOR U. S. A."

(This should be in every school in the United States)

### VERSE 2:

Now from every town and city thruout our dear loved land,  
With a tread that stirs your heart-blood comes a mighty Yankee Band!  
We fought for independence, and to bind our Union fast,  
Now for our men, God sounds again the battle blast!

### CHORUS:

Come, Boys, come, there's the boom of the drum, and it's calling you and me,  
There's a foe to fight, there's a wrong to right for Liberty!  
etc.

### VERSE 3:

Our Stars and Stripes shall triumph, for aye on Honor's field,  
And the flags of a blinded av'rice to the Allied emblems yield!  
In the name of world-humanity, in the name of Law and Right,  
Columbia cries, "Oh, Sons, arise! in Freedom's might!"  
Come, etc.

## IV. "OH, I WISH MY MOTHER HAD RAISED HER GIRL TO BE A SOLDIER"

(A take-off on the pacifist song, "I Didn't Raise My Boy To Be A Soldier." It's brimful of Pep! Order YOUR copy and some for those patriotic girl friends of yours.)

"...The while day I am knitting the most monotonous stitch,  
And I'd rather be fighting down in some muddy ditch!..."  
"...When I hear the boom of a big brass drum, its music stirs and calls,  
I could fight and fight all day and night mid thund'ring cannon balls!  
Oh, I'd like to see some zeppelins all smashed to smithereens!  
I'd like to make some Fritzies run! and sink some submarines!..." etc.
