DIRECTOR OF ADMISSIONS

Memo to:

Arthur S. Flemming  
President

From:

Gerald K. Bogen  
Admissions

Subject: Encouragement of minority group members to pursue higher education opportunities at the University of Oregon

Subsequent to our meeting of several weeks ago, I had the opportunity to spend quite some time in the Portland area collecting data relative to the encouragement of Negro students to attend this institution. Enclosed you will find a copy of the memorandum prepared to present my findings. I am eager to pursue this matter further and am hopeful that we can have another meeting in the near future to map out a "plan of attack".
