June 8, 1970

Memorandum

To: President Clark

From: <sup>RH</sup>Ray Hawk

At their meeting on Friday, June 5, 1970, the University Security Advisory Committee voted to make three recommendations to you to correct deficiencies in the security arrangements for use of University facilities:

1. That the Administrative Manual be amended to cover crowd control at all campus events. It was suggested that the cost be added to the normal rental charge where applicable, or assessed against the particular group using the facility if the event is sponsored by a campus group.
2. That the Director of the Erb Memorial Union be included in the Class 1 Administrator list of persons authorized to arrange for the presence of police on campus.
3. That the Director of the Erb Memorial Union be a member of the University Security Advisory Committee.
