Dear Dr. Fleming,

Many universities and colleges across the country are now in the process of organizing or planning their Afro-American Studies programs. The Afro-American Council on Higher Education is a national educational consultant firm, providing expert services to institutions of higher learning in many areas. We maintain our headquarters in San Francisco and have a regional office in New York City, and in Washington, D.C.

We hope you will carefully read the enclosed brochure which describes in detail our functions, along with a description of the consultant services we offer. We strongly believe the Afro-American Council on Higher Education will play a vital role in the future development of Black education on our college campuses.

Please let us know if we can be of any help to you or your institution.

Yours truly,

Elmer B. Cooper
