Memorandum for Professor Agger

I appreciated very much receiving your letter of May 25th with its enclosures.

I certainly agree with you that there is a real opportunity for constructive service in this area. Incidentally, Mr. Ramey will undoubtedly be getting in touch with you within the next day or two to tell you that arrangements have been made through the Development Fund to cover the tuition of Mr. and Mrs. Reynolds for the summer term and for the coming academic year.

I appreciate very much the initiative that you are taking in this matter.

Arthur S. Flemming  
President
