Subject: Meeting with President Clark and Johnny Holloway

President Clark desires having regular meetings with members of the minority student population at the University of Oregon. In the near future it is hoped that we can get together to meet with Mr. Johnny Holloway, Executive Assistant, Office of Minority Relations, and President Clark.

Mr. Holloway and President Clark wish to talk about the admissions program for next year as it relates to minority students and such programs as Project 75, Sesamex, and so on. Also, it is hoped that we can correlate this discussion with a description of the financial aid picture for next year.

We will be in touch with you to determine a mutually agreeable time to get together.
