

April 14, 1961

The Honorable Robert B. Duncan
House of Representatives
State Capitol
Salem, Oregon

Dear Mr. Duncan:

I appreciate your sending me copies of your correspondence with Sigma Chi. We have had long and pleasant association with Sigma Chi at the University of Oregon and we hope most earnestly that the restrictions which are bringing the fraternity public reproof will be eliminated.

We are proud to bear the name of "State University" and we are desirous that the affairs of the institution and its constituent organizations shall always be so conducted that all of our citizens will have confidence that its advantages are open to all without favor, and without discrimination.

With best personal wishes,

Sincerely,

William C. Jones
Acting President
