Dear Slug:

Ms. Dorothy Pomeroy, who is Clerk of the School District, just called me saying she believed the original deed from Carl Palmer and wife to the School District is in their possession. I have been down there, and the document she has seems genuine, with the signatures of the parties being different, and on the back notation as to the recording. Thought this would be of interest.

Sincerely,  
Carl

Dear Sir,

Mr. Country Attorney, who is under the belief  
that you just asked me saying that because the  
oil will be from the other side of the street  
there is in their possession. I have been down  
there, and the statement she has given, coming  
with the signature of the partner being different  
and on the back notation as to the [unclear]  
though this would be [unclear]

Sincerely,  
Carl H. Francis
