Siletz Ind Agency Dec 2<sup>d</sup> 1872

Sir

Enclosed please find Report of Employees for 3<sup>rd</sup> quarter 1872, which had been returned to this office for correction. The dots " were placed there by Comptroller Hatch merely to fill blanks, as he alleges, and without a thought as to what it implied. I have drawn a line across the dots, if that is deemed insufficient, please correct as you think it may require. Those intended to be designated as discharged, the date is set forth in that column.

I forward this by express  
Melnyer, Aba Joshua

Yours
