

Milwaukee June 23d 1861
General Palmer sir

I sent a man
to see Mr Scott he is rather
stiff I think he says that ⁷⁵₅₀
is the lowest figure for which he
would do the work I learn that
Mr Scott has just taken a
job in one of the steam mills
in Portland this I attribute as the
reason of his asking so exorbitant
a price I shall leave for a
few days to morrow morning
