Hearing that the
Cayuse business is now being overhauled, I would
like to have the benefit of being considered
in if I can. I don't know but I took up all
my wages - but I would like to have the busi-
-ness straightened somehow. I would like to
have you send me a certificate that I served
as your assistant in the Commissary Dept.

I forget the No of days but I think I
was engaged about 100 days or between three
& four months. How can I find out? The
books & papers will show. Perhaps I had better
write to Degr Wait about it. By assisting me
some in this matter you will much oblige

Respectfully Yours
