

Portland. Feb. 13, 1855.

Gen Palmer

Dear Sir

I have just received a letter from my brother making inquiry in respect to the mode of drawing his salary and enclosing a power of attorney to receive and receipt for it. I suppose it is to be drawn through you and therefore transmit the paper to you to be placed on file in your office, if that should be the proper course. When he shall have learned the mode of proceeding I trust he will not have occasion to trouble you as I am doing at present. The reason he wishes me to receive it is that he desired me to use it for him here.

I Am very truly Yours
