No. PHC80-1-2, 1982. Various pp. Washington, D.C.
LC 81-607960. In Eng.

This is one of a series of 375 reports presenting
1980 U.S. census data on "selected population and
housing characteristics for individual city blocks in
urbanized and selected other areas inside and outside
SMSAs, by census tract, city or town, and county."
The reports "cover all urbanized areas and potential
urbanized areas, incorporated places of 10,000 or
more population outside urbanized areas, and other
nonurbanized places where local authorities con-
tracted with the Census Bureau to collect and publish
block data."

The series consists of one report with accom-
panying maps and map index for each SMSA, each
state, and Puerto Rico, as well as a summary geo-
graphic index for the country as a whole. Topics
covered by the reports include total population;
black, Asian/Pacific Islander, and Spanish-origin
population; population under 18 years of age and 65
years of age and older; and housing characteristics.
