

Ethiopia4781 Ethiopia. Central Statistical Office.

Population, labor force and housing characteristics of seventeen major towns: results of manpower and housing survey, 1978. Statistical Bulletin, No. 27. Addis Ababa, Aug. 1980. 347 pp.

This report contains the results of a 1978 sample survey of selected urban areas of Ethiopia, covering a total of 11,905 households. A section of the report presents statistical data concerning population characteristics, including age, sex, literacy, educational attainment, place of birth, and economic activity.

4782 Ethiopia. Central Statistical Office.

Report on the analysis of the Addis Ababa demographic survey, September 1978. Statistical Bulletin, No. 22. Addis Ababa, Dec. 1979. 121 pp.

This report contains the results of a September 1978 survey covering some 7.7 percent of the population of Addis Ababa. Data are included on population size and composition by age and sex, relationship to head of household, household size and distribution, household pattern, marital status, ethnic group, migration, literacy and educational level, economic activity, fertility, mortality, and projections.

Niger4783 Niger. Bureau Central du Recensement.

Recensement général de la population, 1977. Résultats provisoires. Données de structure--ensemble du pays [General population census, 1977. Provisional results. Structural data--whole country]. Niamey, Feb. 1980. 3 pp. plus [15] pp. of tables.

For a previous volume of preliminary results, see 45: Title 4855. The present report contains data based on a five percent sample of households in the departments of Agadès and Diffa and the commune of Niamey and on a one percent sample of households in the other departments. Data are included on the population of Niger by sex, age group, department, marital status, native language, literacy, rural or urban area, and type of economic activity. [APLIC Census Network List, No. 1, May 1981]

Tanzania4784 Tanzania. Bureau of Statistics.

1978 population census: preliminary report. Dar es Salaam, [1980?]. 182 pp. LC 81-980277.

This publication includes an introductory section on the methodology of the 1978 census of Tanzania, followed by tables and maps showing preliminary census results. Data are presented on total population in regions and districts by age and sex; district and ward population by sex; number of households in

rural and urban areas, percent of households in villages, and sex ratio; regional population growth and density, 1967 and 1978; population by age and sex, number of households, and average household size in regional and district capitals; and population in other urban areas on the mainland and on the islands of Zanzibar and Pemba. [APLIC Census Network List, No. 1, May 1981; and U.S., Library of Congress, Accessions List, Eastern Africa 14(1-2)]

Zambia4785 Zambia. Central Statistical Office.

1980 census of population and housing. Preliminary report. Lusaka, Jan. 1981. iii, 38 pp.

This report presents preliminary 1980 census data on the population of Zambia by sex and geographic area, including districts, small urban townships, large urban areas, provinces, and rural and urban areas. Selected data for 1963 and 1969 are also included. [APLIC Census Network List, No. 2, June 1981]
