

## CONSTRUCTION OF RESERVOIR IN IRBID

---

A British company, Biwater Shellabear, is to build a reservoir in Irbid. Its contract is the first of five to be awarded as part of the second phase of Jordan Valley Authority's northern water supply scheme. The £ 5.9 million award is for the construction of a 110.000-cubic-metre treated water reservoir.

Completion date for the project is sixteen months.
