U.S. Government Printing Office Superintendent of Documents

A Guide to Government Publications

More than 15,000 different books, pamphlets, posters, periodicals, subscription services and other Government publications are available for purchase from the Superintendent of Documents. Such a large selection guarantees that there is something to match every interest. It is impractical to list so many items in one catalog. Instead, these publications are listed in over two hundred catalogs. Each catalog is devoted to one broad subject area of interest. This pamphlet is an alphabetical listing of those subject areas.

Once you find an interesting subject area, note the order number which follows. Use the enclosed order form to request a free catalog (Subject Bibliography) of all the Government publications that relate to that subject.

Most of the Subject Bibliographies contain one or more Government periodicals or subscriptions sold by the Superintendent of Documents. A complete listing of all periodicals and subscriptions may be found in the United States Government Subscriptions Catalog which is also available without charge.

To order Subject Bibliographies and/or the Subscription Catalog, complete the order blank on the back of this page, detach, and mail it to:

Locations of Your U.S. Government Bookstores

Your U.S. Government Bookstores

GPO operates U.S. Government bookstores all around the country where you can browse through the shelves and take your books home with you. Naturally, these stores can't stock all of the more than 12,000 titles in our inventory, but they do carry the ones you're most likely to be looking for. And they'll be happy to order any Government book currently offered for sale and have it sent directly to you. All of our bookstores accept VISA, MasterCard, and Superintendent of Documents deposit account orders. For more information, please write to your nearest U.S. Government Bookstore.
