

Atsuta Jingu.

Oharai Kotoba, June 30th and Dec. 31st.

The Negi reads the following:

" I stand with fear and respect before Haraido no okami and other Kami who were created at the time that Izanagi no mikoto purified himself at Awaki odo in the Tachibana waters in the Province of Huga in Tukushi district.

On this day all officials of this shrine and others present here ask you to purify them of all sins committed up to the present day. I do so address you with great fear and reverence.
