

Dear Mr. Tsuda:

In going over the envelopes of material of the different shrines you will find that there are a number of shrines from which we have no material at all. As Mr. Hikida is no longer in my employ I do not see but that I shall have to ask you to send out a request for this material. I ask for the short History of the shrine, the dates of the festivals and the order of the ceremonies of the special festivals.

I feel sure that the shrines will send this material to you much more readily than they would to me, and so I will ask you if you will kindly send out a request for it. If they do any special copying for me, I shall be glad to pay for the work.

With kind regards, I am

Sincerely,

Dear Mr. Tamba:

In going over the envelopes of material of the different authors you will find that there are a number of authors from which we have no material at all. As Mrs. Hibbs is no longer in my employ I do not see but that I shall have to ask you to send out a request for this material. I ask for the story of the shrine, the dates of the festivals and the order of the ceremonies of the special festivals.

I feel sure that the authors will send this material to you much more readily than they would to me, and so I will ask you if you will kindly send out a request for it. If they do any special copying for me, I shall be glad to pay for the work.

With kind regards, I am

Sincerely,
