Mr. S. Numate,  
2929 Broadway, New York.

Dear Mr. Numate:

Your letter of November 17th has just reached me. For some reason it has been greatly delayed, and I have been expecting to hear from the Columbia University for some time in regard to the translations. Your letter would have been answered long before this had it reached me.

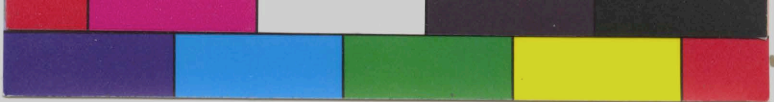

After sending the material to the Columbia University, I find that I can get it done here and it will be more convenient for me to have it done here, so if you will kindly return the manuscript, I shall be greatly obliged.

I am very sorry indeed to have put you to so much unnecessary trouble, Kindly register package and let me know amount of postage, registration etc and I shall at once return same to you.

Very sincerely,

*Mrs. Murray Warner*
