

Dear Mr. Tsuda:

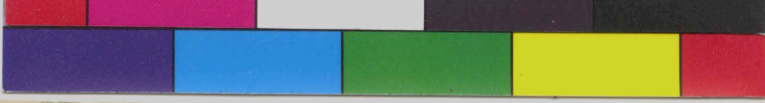

I need a list of the festivals of the Hikawa Jinja. Will you please send me this in Japanese. Do not bother to translate as I am in a hurry for it.

Although I liked the drawings very much, I did not care for the ones with the horses in them. There were two of these, and they were not well enough done to use for illustrations in my book, so please do not have this artist do any more.

With kind regards, I am

Sincerely,
