December 6th, 1927

Dear Campbell,

from Mr. Terhune of the Alaska Game Commission. I have also received a cordial letter from Mr. Wetmore. of Boston. He said he would be in California the middle of January to the middle of February, but, would be back in Boston at the time of my lecture there, so I hope to see him.

I hears you did not find many ducks down in the Klamath country. What was the trouble? There used to be plenty.

Irene joins me in love to you and all the folks.

Sincerely yours,

December 8th, 1927

Dear Camphell,

I forgot to tell you in regard to some correspondence I had with Mr. Blair of the New York Zoological Park. I wrote him some time ago about the antelope fawn we have, asking him what they had been accustomed to feed antelope in captivity. In the same letter I told him about a friend who had a little mountain goat, asking him if he was interested in purchasing it. In a reply to this he stated they were not successful in keeping antelope in New York, so was not interested in buying the antelope. I wrote him again, calling attention to the fact that I did not want to sell the antelope, but asked about the little goat. He wrote me November 29th, as follows:-

"I am sorry that I entirely missed your reference to the young mountain goat which your friend wished to sell. When I recently received a letter from Mr. Church, of Oregon, offering us a young mountain goat, I did not associate it with your inquiry, but I am now assuming that the animal offered us is the same one to which you refer in your letter of October 28. You may be interested to learn that we have made an offer for this animal provided arrangements could be made for its proper care in transit across the continent."

Irene told me about the letter you had had from Mr.Blair. I was surprised that he offered as much as he did. I figured he would offer about \$100.00.

In case you want to crate and ship the goat, we could look after it as far as Chicago, leaving here about December 28th. I think from there on she would be alright. If you want to ship her, by all means get some bran, rolled oats, or some kind of dry cereal, and get her to eating it if possible. I should also get a little bunch of alfalfa hay and see if she would take to that. She will have to depend on dry food across the continent and you ought to get her used to it.

All join in love and best wishes, Sincerely yours,

December 24th, 1927 Dear Campbell, I received your note, with the enclosed letters from your brother and Dr. Whipple, the day after you were here. Shall arrange to see Mr. Borden when in Chicago. Have also taken up the matter with Dr. Whipple. I have also written your brother at the Pacific-Union Club at SanfFrancisco. appreciate your writing about the lecture. Hope you are all having a good time. We are in such a rush that it doesn't seem very much like Christmas. Shall be gone by the time you return. If anything else turns up you can reach us care of the Stevens Hotel, Chicago, between January 3rd and 23rd. Love and the season's greetings to all. Sincerely yours

Dear Bill:

Enelose note from my brother and from the Miffle.

Perhaps you had beest-wite to the latter yourself giving him the dofe - I though I wrote you that John Borden had asked that you call him of when in Chicago. I would do so this address is Room 1900 # 6 N. much obser - Tel Cental 6917.

Have not heard from the other letters I wrote yet about your fictures.

Geffelt to see you in day a so on our way with.

Hastily

Campbell -

Dear Bill:

Thanks for your dops about namy and your 3for to keep an eye on him. The hour not grilt drevoled yet about selling for hel- will make of our minds shortly and let you know. In men time we shall start - in on the dry food.

Much lust regards to all
