

October 16th, 1933.

Mr Cutter,
Cutter Studio
Peterborough, New Hampshire.

Dear Mr Cutter:

You will recollect that before leaving Peterborough that I wrote out the address for you as to where to send the table. The address was:

Dr George F Fiske, Jr
6700 Rugby Street
Huntington Park, Los Angeles County
California.

I hope that you have retained the paper with the address, as I have just received a letter from Mr Longley and in it he says

"I have mailed the bill of lading covering furniture shipped to Los Angeles, California to Dr Fish, Jr."

You will note that the place it was to be sent was Huntington Park in Los Angeles County and that his name is not Fish but Fiske.

I should like to have this bill of lading and the furniture traced, as this contained an antique table from my mother's house and was bequeather to my son, George F Fiske, Jr in her will. Please write me what is being done about it care of

Perkins B Bass
140 South Dearborn Street
Chicago, Illinois.
as I am going to Chicago tomorrow.

I have written my son George about the mistake in name and address. The furniture sent to my son Sam arrived in excellent condition and they said it was beautifully packed.

If you will help me in this matter, I will be greatly obliged.

Very sincerely yours,
