My dear Mr Bryson -

I thank you very much for taking so much trouble about my state income tax - you have been able to work it out so that it is quite reasonable and I like this way very much better than to refuse to pay it because of what I have done for the state - I feel very much happier about it.

With reference to the work that we did together, I shall have something quite funny to tell you when I see you -

With kindest regards,

Sincerely yours
