Dear Gertrude,

I did receive the Foster medal  
& shall enjoy having it as memento of  
Dr. Foster's notable contribution in building  
up the public school system of Chicago.

for telling the children something about  
the personality of their Great Grandfather.

Also I had your letter in mind  
when I executed an affidavit about  
our gift from Mother for the tax suit.

Your letters ~~and~~ advice and

I am working daily on John's adventures & believe I shall in time be able to compile a volume of real interest. It's an absorbing work, all new to me & so I progress slowly & it takes most of my time at present. It involves a good deal of historical reading as it covers pretty much ~~the~~ all the historical events of the World during the past 35 years. I am trying hard to make it an adequate tribute to his work & achievements.

We heard last week that young Editta had a miscarriage & lost her baby. But she is coming out of it alright I believe. She will probably come
