Dear Gertrude:

Your letter of August 29th is received. I agree with you that some change in my mother's attendance is probably desirable, although not for the reason you cite. I think mother would like to have someone about who would be better company than any of those now with her. Why don't you get the nurse who attended Helen to come up and pay you a visit for a day or two so that mother could see her and find out if she liked her.

When I get back I will go over this matter with you in more detail. In the meantime, I am very busy here trying to get located and have a place for the various members of the family this winter.

Edith has stood the summer very well and is about the same as she was last spring.

~~Yours truly,~~

With love

Robert

*Why dont you talk this over with Bell
also with Miss Hunter. She might
suggest some one.*
