My dear Perkins:

Your letter of Feb. 24th has just been received. The date of the check to the Oregon State Tax Commission for \$1000.00 is Feb. 1st, 1933. The receipt for this has not been received by Mr Bryson or me. This is a funny world-the Commission accepted the \$1000 compromise (instead of the \$1900 due) because I was leaving the state and the question would not come up again. I do not know whether or not they will let it go thru now that I have made the decision to remain a resident of this state for the present.

I think it would be much better, if you do not mind, if you would make out the report as you have here to fore, because you know so much more about it than Mr Bryson.

When I receive the receipt for the \$1000 or \$1900 as the case may be, I will certainly send it to you, so that you can keep it in your office files. After the report has been made out I think it might be well to send it to Mr Bryson so that he will know just how matters stand.

I might feel badly about having my income tax report brought up if the State Commission had not been doing the same thing to such a large number of people, who have Oregon lawyers working on their reports.

As for the residence question: the chances are that I will change my residence from Oregon to Massachusetts before long, as that seems to be the logical place because Sam is living there.

Yours affectionately,

Gertrude Bass Warner.
