My dear Perkins:

Your letter of August 22nd, 1934 to me, the copy of your letter to Dr George F Fiske, jr., and the copy of his letter to you requesting the money in cashier's checks, undated and signed by his baby name, have been received. I thank you very much for taking so much trouble in this matter.

I was amazed to see the copy of the letter George sent you as it had neither his signature nor the date. I have not seen the receipts that he signs for the money received from me through you, but if he signs them "Jolly" that is no signature at all. Please do not accept that kind of a signature in the future either in a request for money or in an acknowledgement of money received. Do not send him his October allowance until you have received the proper receipt for the money that you have just sent him. This receipt should include name, date, and place. If this delays his getting the money, it is too bad, but it will not be our fault.

Please carry out this plan in the future and explain to him that it is being done at my request, in fact I think it might be well for you to send him a copy of this letter.

Your affectionate cousin,

Gertrude Bass Warner.
