Dec. 4 - 1934

Dear Aunt Gertrude,

As you may or may not know, I + two other boys are planning to sail around the world beginning this coming January, from the West Coast. Knowing as I do how much time you have spent in Japan + China, I wondered whether you could give me any letters of introduction to any of your friends in Japan + China. We shall certainly be in Kobe, Japan, Shanghai, Hanking, + Hong Kong. If you know anyone in anywhere near these cities, I should certainly appreciate a letter.

I am now in Chicago leaving a little about the city + our buildings + land here which is some little job.

If you can make up any
letters of introduction, could you
please send them to me, Route 2 Box 473,
Tucson.

I am driving in from here in the
auto on the 15th. It ought to be an
interesting trip.

Hoping all goes well,

Love
Perkins
