Dear Mrs. Warner:

I have your letter of November 9th and wish to say that I received your letter of September 10th but failed to acknowledge it. The four government checks, two for October 1st and two for November 1st, are enclosed to you herewith. All of them were here at the office.

When the October 1st checks came in I knew you were East and would be through here later in the month, so held them to deliver to you when here. The day you were here and Mr. J.K. told me he was going to see you that evening I completely forgot to give him the checks for you. Just at that time I was working long hours trying to get Mr. Bass' room and vault cleared out and it was difficult for me to write letters. I tried a couple of times to write you but had to give it up each time. Needless to say, the work of clearing out Mr. Bass' room was the most difficult thing I have ever had to do. There were times when it seemed to me as though it would be a physical impossibility to drop whatever I was holding in my hands into the wastebasket. But it had to be done. We are now almost through with the task and have taken out the furniture and carpets - only keeping such of the files as required in the estate matters. On November 1st, the two checks came in again and I intended to send them all to you at once but neglected to do so. I am very sorry that this happened and do hope that it has not caused you needless worry.

Mr. J.K. told me one day that Jean had left for New York the day before and has said from time to time since that news from her indicated that she was very happy but said nothing about returning here. Last week he told me that she had written for more of her things and Jean Jr's but, again, had said nothing about coming back. I only hope that this turns out well for Jean.

I am glad to know that all is well with you and that people are enjoying the Museum. Some day I hope to see it for I know it is very lovely.

Everything else here seems to go along all right. I have not seen Mrs. Bass for a long time - not since before Mr. Bass' passing - but have word through Mr. J.K. and Jack Bass. It has been remarkable how she has kept up and gone ahead. We are very busy here at the office - my work now being with the two young attorneys who have many and varied interests and keep me hard at work. I am still somewhat tired but think that will pass soon.

With very kind regards, I am

Most sincerely,

Reise O. Irvine
