

November 9th, 1936

Miss Reise Irwin  
X Mr James K Bass  
140 South Dearborn Street  
Chicago, Illinois.

Dear Miss Irwin:

I am enclosing a copy of a letter that I wrote to you on September 10th. I did not get the forms into the mail until just a few days ago, as they were overlooked in our hurry to get a way to Boston. I have had no government checks since those you sent me with your letter of September 5th, due no doubt that I did not send the forms. I wish to have these checks sent directly to me and not to Mr Edmonds' office.

We were only in Chicago between trains both going and coming from the East, so I only saw Mr James K on the way East and when I came back, I saw Mrs Perkins B and Mr James K. I was much surprised to learn that Jean had gone to New York. I hope that you have good news from her.

This is National Art Week and we have had a busy time putting in some new exhibits for the occasion. Yesterday, Sunday, we had 225 people in the Museum in two hours, which is quite a number considering the size of the town.

Hoping that all is going well with you.

Your affectionately,

Gertrude Bass Warner.

P.S. If you have seen anything of the checks, please let me know, and also what to do in case that you have not seen them.
