Dear Ron:

Enclosed herewith are the prints and negatives of photographs you were good enough to take at our request during the annual meeting of the Marion County Historical Society at McNary Golf Club in Salem on October 1, 1990.

I can't thank you enough for the favor of getting a photographic record for some of our oldest and most distinguished members, whose names I have added to your prints. I have made copies of the prints and am sending them along to the subjects. It will mean a lot to them to have a memento connected with the new Executive Director of the Oregon Historical Society, William Tramosch.

I regret I cannot be of more use to you with regard to the recipients of the Century Farm certificates, but perhaps you can reckon well enough from your list and the order of the negatives.

Once again, warmest thanks for the willing cooperation as a recorder. You are a marvelous clutch player! Every good wish to you for Christmas and the new year.

As ever,

Elisabeth Walton Potter, Coordinator
