April 3, 1939

JOINT MEETING

Wednesday Noon.....April 5, 1939.....Albany Hotel  
ALBANY CHAMBER OF COMMERCE AND SANTIAM FISH AND GAME ASSOCIATION

We live in a land of natural beauty and comfort---superb scenery and rugged mountain ranges, turbulent streams and green meadows, and a climate that does not harass the joy of our existence. We inhabit the last U. S. frontier of healthful and inspiring out-door life. Our land abounds in glorious American-pioneer tradition. That is Oregon and Linn County.

Rarely do we, as Oregonians, realize the countless blessings and benefits conferred upon this great El Dorado of sport, adventure and romance. Where, across the greatest tree-clad area in the world, roam the bear, the beaver, and the deer and all the birds of taste. We live here, and these things are commonplace

Living here though, is one class of people and one organization who do realize our multiplied advantages. It is a non-profit association of sportsmen, devoting themselves and the resources of their organization to the sound upbuilding and to the lasting preservation of an Oregon heritage, Wild Life. This group,

THE SANTIAM FISH AND GAME ASSOCIATION  
(Affiliated with the National Wild Life Federation of America)

Will, this week, bring to their own members and members and guests of the chamber of commerce a nationally known speaker on the subject of Wild Life. We should bend every effort to hear and learn what Wild Life means to Oregon and to our community as told by a man who has made a life study of the subject. He is,

MR. WILLIAM L. FINLEY  
Vice President, National Wild Life Federation and  
Director in charge of activities of the Federation  
in Oregon, Washington, and Alaska.

Mr. Finley will talk on the "Body of Principals" of his organization, which represents the true and unselfish American sportsman. Their brochure states:  
"The National Wild Life Federation is devoted to the principals of uniting friends of out-door America to the end that future generations shall have their rightful heritage of Wild Life resources"
