Sea-Food Dinner at Boy Scout Beach Cabin
Mr. J. Albert Matson in Charge

This area is truly a sportsman's Heaven from the rock-crowned summits to the cliff-bordered sandy beaches. Fishing includes everything from deep sea and ocean fishing from the rocks, black and striped Bass and others in the bays and lakes, and trout in the mountain streams.

Hunting attracts sportsmen to the hills for deer, to the valleys for pheasants and to the sand hill lakes and bays for ducks.
