Dear Maama,

This day has not proved particularly exciting. Last evening the Hootons came to call & I dressed & went downstairs, but since then I have been in bed. I tried to get in touch with Dr. Ragle Friday & Saturday, but was unsuccessful. I hope to get him on the telephone tomorrow afternoon & find out just when it will be all right for me to leave for Denver.

up odds & ends that I had no
time to tend to during the college
year.

Among the letters Helen
brought from the law school
yesterday was one from Perkins B.
saying that $\frac{1}{4}$ of my 1930 Chicago
taxes had been paid. My under-
standing is that $\frac{1}{4}$ must be paid
every 60 days. I am glad that
the payment has actually been made.

With lots of love
