

June 7th, 1947

Mr Sam B Warner

2101 Conn Ave

Washington, D.C.

Dear Sam:

I am enclosing a number of request letters according to your instructions. I never like to write request letters but since you need the requests for your files I have tried to make them cover each need.

As for my future status in watching over the collection and library after June 1948, I shall write you a long letter later on in the year when I figure out several suggestions, so that you may make a choice.

I had such a nice visit with you and Helen. I found that when my package arrived that Helen had been the secretary and that she had mailed it.

Louis is using the slat and pepper shaker at each meal and thinks it is very efficient.

Sincerely,

Mabel K Garner
