My dear Mrs. Warner:-

Thank you so very  
much for my Christmas  
Greetings & good wishes  
for the New Year - it is  
so nice to see you!  
And now you live in  
Eugene, Oregon - & when  
you can, tell me about your  
home - Give my best love  
to Sam - he was a fine  
boy in Tokyo - and what  
a happy time we had.

I just had a Happy New Year  
from an old friend in Providence -  
"Hope with all my heart, that your  
dear Son's new venture will be  
most successful - And why is  
it not so!"

I thought you were coming to  
Boston last year! I wish you had.  
But I was back & forth on the  
eye - business - ten years - ta-ta!  
And now I have two more  
eyes - perfect! Dr. Elliott Norton  
says - he is a Wizard. Oh!  
I do not know what we will do  
just yet. Norton may be at Boylston  
in a few weeks - building building

Now my dear friend, it has been  
long to see your thought - My daughter  
Emily Norton has given the names

Oliver Ellsworth	Worth	12 $\frac{1}{2}$
Emily Chapin	"	10 $\frac{1}{2}$
Nathan Wood	"	9-
John Lawrence	"	7
Mary Wadsworth (my name)	"	3 $\frac{1}{2}$
& a bright young person -	"	3

Write me when you can  
Yours always Mary Wadsworth Worth

I was very fond of Japan.  
Two yrs ago we were there  
on our way home, but the  
terrible earthquake  
crushed my heart, for so  
many dear friends of mine  
were buried + killed!!! -

And here we are in the  
same house - bought it a year  
ago - and now my son -  
Col. Norton Wood has resigned  
from the Army, going to New  
York in Architecture -  
with an old friend for 4 yrs -  
in Columbia College yrs ago -
