Jan. 2<sup>nd</sup> 1933 -

Dear Mr. Warner

I'm kind greetings

for the New Year - have come,

heaping coals of fire to my

head, to have you remember me

again so kindly, when I have not

written to thank you for your letter

& cards that came so long ago, that

Can we ever meet?

I have always carried with me  
expecting to tell you that I had  
not forgotten you, nor the pleasure  
I see with you, gave me - Now  
I give me & believe that I am  
always happy to find you here  
when I come - Since I last saw  
you, I have <sup>been</sup> a field by returning  
from Japan & Europe about a year  
ago - Am very dear to you with her

PETERBORO

from children have returned  
from Takahama - & I have been  
very trying to keep her feet settled  
in Melita & adjust herself to a  
life, so different in many ways,  
that it is not easy at all?  
We are spending the Christmas  
holidays here by the children  
the mountain air freshen they

can find only in the country -  
Mr. Pole returns & will find them  
before many trees - then, much to  
their regret, life in the East  
will be over - the children having  
all reached an age when school  
& college - must keep them here  
I hope your plans will bring you  
to Peterboro' & Boston before  
long & that you will show your  
gratitude by visiting & telling us when
