

C. L. BARE HOSTEL. Lucknow Christian College

WARDENS

ALFRED J. SHAW, M. A.,
DR. D. DEVAPUTRA, M. A., PH. D.

Lucknow, November 22, 1932

INFORMATION.

I have been appointed as the Head of the Department of Chemistry at the Lucknow Christian College which is an American Methodist Institution. The enrolment in all the Departments is 1,400; 700 students are in the college proper. In my dept. there are 270. The college is run on American University lines, of course meeting the requirements of the Local Educational Board. We have a Physical Director, Mr. Busby, who recently returned from the Olympic Games (Los Angeles) with his victorious Indian Hockey Team.

Lucknow is a very pretty city -- City of Parks. The weather conditions now resemble those in winter in U.S.A. We have taken to warm and woollen clothing. But in summer (March to Sept.) it is extremely sultry.

I am getting on well with my work. The students love me and my teaching and take a keen interest in the subject. I stay in the Warden's quarters on the Campus and take the tutorial classes for the Science students residing at the Hostel.

As I type this note hurriedly, happy thoughts of my stay and experience in your country come to my memory. May God and His Year bring you all abundant joy and happiness! Goodbye.

Dear Mrs. Wannen,

Very sincerely yours,

I am really very sorry
to lose two of my best
friends -- Mother, Dolly and
D. Devaputra.

Mrs. Campbell. I have some comfort in having a friend
in you. At present I am busy with Terminal Exam
So I shall write to you again. D.D.
