Mr Julian Lemar
15 Gramerey Park
City.

Dear Mr Lemar:

You will recollect that when you visited Eugene, Oregon some years ago you painted my portrait. Some years later you painted the portrait of my grandson, Murray Warner, son of Sam E Warner, who is a professor of law at Harvard and lives at Belmont.

Mr and Mrs Warner would like to have you do a portrait of the younger boy, Sam Jr., who is now six years old and they wish it done before he loses his teeth. They have asked me to communicate with you to make the arrangements if it is possible to have this done within the next few weeks.

I was unable to get you on the telephone, and the man who answered would only say that you were out of town and I had no means of knowing whether you were away for the day or were in Eugene. I am writing this note hoping to connect up with you. I shall be at this hotel until next Monday when I am going to Toronto for four days and then I will be back at this hotel again. If you receive this letter in time, please telephone or telegraph me before I leave on Monday night or write me care of Sam E. Warner, 40 Howells Road, Belmont, Mass.

With cordially greetings,

Sincerely yours,

Gertrude Bass Warner (Mrs Murray Warner)
