My dear Harry:

Re: My trust estate from my father.

Since this estate has been taken out of the hands of the Continental bank, how much have you been able to rescue? Have the back taxes been fully paid up? Were the houses put into repair and how many of them have been rented? I presume that up to the present time it has not been possible to sell any of them.

Has there been enough income from this estate to pay the back taxes and put the buildings in repair or have you had to get the money from some other source?

I am particularly interested in as much being salvaged as can be, because my father worked very hard to make the money.

In a letter from Robert, he wrote about Edith's return from the sanitarium. Probably it was too lonesome for her to stay on that ranch 28 miles from town and with the whole family away. Anyway I did not know that she was in a sanitarium.

With kindest regards,

Very sincerely yours,

Gertrude Bass Warner

Have the back taxes been fully paid and how the money got into repair and how much of them have been received? I presume that up to the present time it has not been possible to sell any of them.

Has there been enough income distributed to pay the back taxes and pay the balance in repair or have you had to get the money from some other source?

I am particularly interested in as much detail as you can give me as to how the money was handled.

In a letter from Robert, he wrote about Bill's return from the military. Probably it was too late for me to say on that point. It also comes from him and the whole family. Anyway, I did not know that she was in a condition.

With kindest regards,

Very sincerely yours,
