My dear Harry:

Thank you very much for sending me these reports and also thank you for sending me a copy of the business letters that you send to Sam.

I have received two letters from you regarding my February income. I am not quite sure whether that means I am getting one thousand dollars or whether it means that I am getting one thousand dollars from each estate.

I remained in Eugene a little longer than I had planned to get some additional work done.

Hoping that you will have a very nice vacation.

Very sincerely yours,

Gertrude Bass Warner
