

April 16th, 1934.

Mr Harry C Edmonds
203 South Dearborn Street
Chicago, Illinois.

My dear Mr Edmonds:

A while back I wrote Robert suggesting that we increase the allowance to William and John Bass in Portland, Oregon, as I thought \$25.00 for the two of them was not enough. Robert wrote back that he was already sending \$25.00 per month himself and so to carry on my part, I am sending you a check for \$ 150.00 to increase my allowance to them from \$12.50 to \$25.00 per month. In sending the May check, kindly send \$50 for back payment and \$25. for May making a check for \$ 75.00.

I am very busy attending to the clerical work of the Museum—that is the accessioning, cataloging, and photographing of the things in the Museum. I find it a lot of work and I am very anxious to get it into a business and orderly system. Anyone outside the work would be astonished at the time and effort Mahel Kloekare and I plus photographer have to put into it. Each article has it's number, it's description, and it's history. The public keeps asking us what in the world we find to do in the Museum. It is a standing joke with us. The University is making some changes in the building that I requested which I appreciate considering the hard times we are going thru. These changes are for the protection of the collection.

I am coming thru Chicago on my way to Cambridge and New York about the middle of May. I shall see you while I am there.

With kindest regards to you and Mrs Edmonds.

Very sincerely yours,

Gertrude Bass Warner.

April 14, 1904

Mr Harry C Edwards
103 South Dearborn Street
Chicago, Illinois

My dear Mr Edwards:

A while back I wrote Robert suggesting that we increase the allowance to William and John back in London. As I thought \$25.00 for the two of them was not enough Robert wrote back that he was already sending \$25.00 per month himself and so to carry on my part, I am sending you a check for \$100.00 to increase my allowance to them from \$11.50 to \$23.00 per month. In sending the \$25.00 monthly and \$25.00 for each per month and \$25.00 for my sending a check for \$75.00.

I am very busy attending to the electrical work of the Museum that is the astronomical, geodesic and photography part of the building in the museum. I find it a lot of work and I am very anxious to get it into a business and orderly system. As you would like the work would be established at the time and effort. I have had several and I give photographs have to put into it. I have articles and it's number, it's description, and it's history. The public needs what is in the world we find to do in the museum. It is a standing job with us. The University is making some changes in the building that I requested which I appreciate considering the hard times we are going thru. These changes are for the protection of the collection.

I am coming thru Chicago on my way to Cambridge and New York about the middle of May. I shall see you while I am there.

With kindest regards to you and Mrs Edwards.

Very sincerely yours,

Georgina Lee Stewart.
