My Dear Harry:

I am enclosing this signed copy of the papers about the settlement of my mother's estate. Since George is in Chicago, I have sent the copy intended for him to sign to Perkins E's office, and have asked Perkins E to get him to sign it.

I was greatly rejoiced to hear of your success in obtaining the Finckley Building. I remember John's taking me over to see that building and showing it to me with great pride. He would have been greatly pleased at the very successful negotiations for it. I want also to thank you very much for all the trouble you have been taking in my mother's affairs.

With kind regards to your family, I am

Very sincerely yours,

Gertrude Deas Warner
