

CHICAGO. February 19, 1934.

Mrs. Murray Warner,
Hotel Ostburn,
Eugene,
Oregon.

Dear Mrs. Warner:

I received your telegram this morning. I have already furnished Perkins B with a copy of the schedule which I shall file for the Clara F. Bass Trust, and he will send that information on to you. There is nothing to report from the Clara F. Bass Estate. The one distribution that was made was from funds which we are reporting in the Estate schedule as tax paid. We were able to use as deductions the taxes which we paid last year, so that the Estate has no tax for the year 1933. Therefore everything which should be reported in your schedule from this office has been furnished to Perkins B.

We are gradually getting things straightened around, and by this time next month should have our Estate tax paid and then be all fixed.

We are having real winter here as I imagine you are in Eugene.

Very sincerely yours,

H. Edmunds

February 10, 1964

Mrs. Murray Warner,
Hotel Oregon,
Astoria,
Oregon.

Dear Mrs. Warner:

I received your letter this morning. I have already furnished Perkins & also a copy of the schedule which I shall file for the Class F. I have been, and we will send that information on to you. There is nothing to report from the Class F. Gas taxes. The one distinction that was made was from funds which we are reporting in the Gas schedule as tax paid. We were able to use as questions the same which we paid last year, so that the Gas schedule has no tax for the year 1963. Therefore everything which should be reported in your schedule from this office has been furnished to Perkins &.

We are gradually getting things straightened around, and by this time next month should have our Gas tax paid and then be all fixed.

We are having real winter here as I imagine you are in Eugene.

Very sincerely yours,
