Mrs. Murray Warner,
Hotel Osburn,
Eugene, Oregon.

Dear Mrs. Warner:

I have your communication of January 15th enclosing check for \$200.00 for your share of Robert Smith's expenses at Northwestern. I agree with you that this is money well spent, and the reports I get from the Dean indicate that Robert's progress has been very good.

Am very glad to get such good reports of your weather. To make up for the bad weather we had here the last few days have been quite pleasant. I am also glad that your mother's furniture fits your apartment so well. I shall be interested to have you see the change Eva made in one of our rooms to accommodate the picture of The Cobbler, and the banjo clock.

Abba leaves for Florida again next Saturday. She is going to visit her brother at Orlando but I understand it is only a motor ride to Jack's home. I have very frequent correspondence with Sam, but of course it is mostly all business.

The Government is very slow this year in getting out the necessary return forms for Fiduciaries. As soon as I have these very necessary forms I will furnish Perkins with all necessary information.

Very sincerely yours,

Dear Mrs. Warner:

I have your communication of January 15th enclosing check for \$200.00 for your share of Robert Galt's expenses at Northwestern. I agree with you that this is money well spent, and the reports I get from the field indicate that Robert's program has been very good.

As very glad to get such good reports of your weather. To make up for the bad weather we had here the last few days have been quite pleasant. I am also glad that your mother's furniture fits your apartment so well. I shall be interested to have you see the change we made in one of our rooms to accommodate the picture of the Capitol, and the badge clock.

Ada leaves for Florida again next Saturday. She is going to visit her brother at Orlando but I understand it is only a matter of time to Jack's house. I have very frequent correspondence with Bob, but of course it is mostly all business.

The Government is very slow this year in getting out the necessary forms for libel suits. As soon as I have these very necessary forms I will furnish Perkins with all necessary information.

Very sincerely yours,

J.E.H.
